NSSF Corporate Member Prior Approval Form For Corporations and LLCs Acting as Corporations Only

The National Shooting Sports Foundation (NSSF) has formed the National Shooting Sports Foundation Political Action Committee (NSSF PAC), a federal multicandidate political action committee, to enable NSSF to support pro-firearms and ammunition industry, pro-Second Amendment and pro-sportsmen candidates for federal office. Federal law requires a trade association PAC to obtain prior approval from its corporate members before it may solicit contributions from the corporate member's executive and administrative personnel, stockholders, and their families (collectively known as the "restricted class"). The NSSF PAC, however, is only seeking your consent to solicit your company's executive and administrative (supervisory) personnel. NSSF is not seeking to solicit other members of your company's "restricted class." The law defines "executive and administrative personnel" to mean salaried employees who have policy making, managerial, professional, or supervisory responsibilities (but not foremen or line supervisors). Providing consent to the NSSF PAC does not limit or restrict your company's PAC (if you have one) from soliciting contributions from your own employees. Please note that a corporation can only give prior approval to one trade association PAC each calendar year. If you provide consent, your executive and administrative personnel are free not to make any contributions.

I, having authority to do so, do hereby consent and give permission to the NSSF PAC to solicit voluntary, personal contributions from my company's executive and administrative personnel during the following calendar years:
