ington last night was only temporary. temperature again rose, uching 94 at at 3 oclock. There were three deaths and twelve prostrations.

AT CHICAGO. CHICAGO, Aug. 11 .- A good breeze tempered the heat to the suffering people of this city today, although the thermometer registered 92, beink only on degree lower than yesterday. The deadly effects of the high emperature, however, continued, and thirty fatal cases of sunstroke were reported up to midnight with the list still incomplete. About fifty cases of prostration, more or less serious, have also occurred. A shower at 7 oclock sensibly cooled off the

atmosphere, but only for a short time. A number of persons driven insane by the heat will probably never be known. but its effects in that direction may be estimated from the fact that Aring the week twenty-eight persons have been locked up in the detention hospital, all of whom have been driven crazy by the heat. There are about 800 dead horses still unremoved on the streets, the city being unable to secure sufficient assistance to cart as many away as daily succumb to the heat. The mayor has issued an order guaranteeing \$10 to any one who will remove one of the cadavers.

## RELIEF PROMISED

The Cold Wave Coming From the Tops of the Rockies WASHINGTON, Aug. 11.-The weather bureau tonight holds out promise of moderate relief for the east and central states, within the next twenty-four hours. It was with some pride that Maj. Dunwoody tonight referred to the area of high barometer which he sighted off the Rockies last night. The area, then central over the Mississippi valley, moved to the northeast and tonight was bound to sea over the St. Lawrence valley, dragging the high heats in its wake Then came the fall of temperature which panting humanity has been waiting for so impatiently for ten days or more. Montana, Colorado, Iowa, Kansas and Nebraska felt its cool breath and enjoyed a fall of temperature from ten to fifteen degrees. It traveled about 500 miles in twenty-four hours. Major Dunwoody says it will move eastward at a more rapid pace during the next twentyfour hours and be central over the Ohio valley and the lower lakes region tonight and reach the Atlantic coast by Thursday morning. Altogether this protracted hot spell can be classed as remark able. The high temperature in the prairie country has lasted twenty days: in the western gulf states a fortnight and on the Atlantic seaboard a week. The highest temperatures today were Philadelphia, 98; New York and Albany 94; Washington, 94; Norfolk, Va., 98; Montgomery, Ala., 98; Abilene, Kas., 98; St. Louis, 96; Chicago, 94. Along the Pacific coast the mercury ranged from 60 to 70, but at some points back thirty

## WHEELMEN'S MEET

miles inland from San Francisco the

thermometer registered 100.

Heat Does Not Lessen the Enthusiasm at Louisville LOUISVILLE, Aug. 11.-Louisville and her hundreds of L. A. W. guests were awheel today. Country runs were the feature of the day's program, and those that attracted the greatest interest among the visitors were the spins to the numerous stock farms a few miles from Louisville. Heat had no terrors for the enthusiastic wheelmen and wheelwomen. Fountain Ferry park. too, had its throng of capped and knickerbockered racing followers intent on gathering information as to the form and relative ability of the contestants in the races which, beginning Thursday, will absorb all interest. The fast men were out, paced by everything from sin-W. members and visitors were increased today by several hundreds, but the big rush is expected to come for the races.

Tonight there was a highly enjoyable "smoker" at headquarters. Tomorrow's program includes a century run over the original century course to Frankfort and return, runs to New Albany, Jeffersonville and the falls of the Ohio in the morning, a grand parade at 2 p..m. and a watermelon feast at Iroquois park in

## ON THE DIAMOND Games Played by the Different League Clubs

PITTSBURG, Pa., Aug. 11.-With two men out in the ninth Ely made a wild throw to first base, allowing Turner to score, thus spoiling a shut out for the visitors. The game was too one-sided to be interesting. Attendance 2200. Pittsburb 9, hits 12, errors 1.

St. Louis 1, hits 4, errors 2. Batteries--Hawley and Merritt; Don-

ohue and McFarland LOUISVILLE, Ky., Aug. 11.-Today's game was one of the most interesting cnes of the season and ended in a tie Umpire Lally called the game on ac count of darkness at the end of the elev-

enth inning. Score Louisville 6, hits 12, errors 3. Cleveland 6, hits 13, errors 2.

Batteries-Frazer and Dexter; Young and Zimmer.

NEW YORK, Aug. 11.-Under Manager-Captain Joyce the New Yorks today won their third straight victory over the Brooklyns. Kennedy was knocked out of the box in the first in

ning. Score: Brooklyn 2, hits 10, errors 5. New York 8, hits 10, errors 1.

Batteries-Kennedy, Stein and Burrell; Meekin and Warner, Wilson, CHICAGO, Aug. 11 .- The Colts played

much better ball today, both in the field and at the bat, and gave the Reds their first coat of whitewash this season. A tendance 6000. Score:

Chicago 6, hits 10, errors 1. Cincinnati 0, hits 5, errors 3.

Batteries - Terry and Kittredge;

Dwyer and Pietz. BALTIMORE, Aug. 11.-The Senators today lost their third straight to the Champions. German was batted out of the box and Flynn, who replaced him, fared little better. Brown was fined and put out of the game by Umpire Lynch for scurrilous remarks. Attendance 1941. Score:

Baltimore 17, hits 18, errors 1. Washington 3, hits 9, errors 2.

Batteries-Esper, Corbett and Robinson; German, Flynn and McGuire, McCauley.

The Crowd Looked On in Helpless Horror

A HEAVY PECUNIARY LOSS

Caused by the Burning of New York Buildings

Fire Chiefs in Convention Admit Their Inability to Fight Fire in the Modern Sky-Scrapers

Associated Press Special Wire. NEW YORK, Aug. 11.—At least three persons and possibly others were burned to death in a fire that destroyed a six-story brick building at No. 465 Greenwich street this afternoon. Several persons were injured by the smoke and heat and by jumping and two of them are expected to die. The dead are William Gray, foreman of electrical repair shops, and two unknown men who were caught on a fire escape and burned to death in view of the crowd. The injured who are expected to die are Felix Haas and an unknown man. The other persons hurt were sent to a hospital and then home

The ground floor of the building 11 occupied by A. K. Warren & Co., who pair shops. The firm also occupied the ourth, fifth and sixth floors. The second floor was occupied by Julius Cohen Brothers, manufacturing jewelers.

This building was completely burned out as was the one adjoining it, No. 467. The latter building was occupied on the and unless this office is conceded to ground and second floors by Alexander | them the prospects of fusion are very refloor was vacant, the fourth was occu-The top floor was vacant.

How the fire strated is not known, but its origin is attributed to an explosion. It began in the rear on the ground floor of No. 465, Greenwich street, and before the alarm could be given the flames shot up the air shafts and the smoke was pouring out of the roof. Most of the fifth floor persons in the building were at work in the machine shops of A. K. Warren & Co., on the fifth floor. Those who were first to reach the fire escapes, succeeded in making their way down to the first floor landing and from there jumped to the sidewalk. Those who followed found that they were cut off by the flames and smoke which poured out for the fire escapes on the fifth floor was the foreman, William Gray. He was seen on the landing for a moment. He was followed by another man who was not recognized. Men on the roof shouted for him to take hold of a wire which they had let down but they either did not hear them or were too frightened to do anything. Flames suddenly shot up and drove them back and out of the sight of the men. When the flames lifted the naked and charred bodies of the

fell back the dead body of the man was lying on the grating. The flames ate their way through the building at No. 465 quickly and then Gazette this afternoon says: In view burnt through the wall to the adjoining of the probable election of McKinley gles to quintettes. The crowds of L. A. building at No. 467. The flames were also blown into the windows of the latter number and in a few moments that in the United States. Price 50 cents at all drug stores.

Agitation

SILVER When It Is Offered in Any Considerable

When People Deposit Silver and Demand Gold the Bankers Seem Inclined to Find Fault

Associated Press Special Wire. SAN FRANCISCO, Aug. 11.-The agitation of the financial question has re-

sulted in sending gold up a fraction of one per cent above par in New York, and the local banks are troubled more than ever with people who wish to deposit silver and check out gold. Some of the banks refuse to take any considerable amount of silver on deposit. On Monday G. Rosencranz, a merchant of this city, offered to deposit with the First National bank \$200 in half dollar pieces, \$100 in silver dollars and about \$600 in gold. The silver was refused. Then, after some parley, the bank accepted the balance of the dollars, rejecting the haif dollars. Rosencanz went to the bank again today and stated he had nearly \$1000 to deposit, including \$160 in silver half dollars. The cashier said that he could not take the silver. but when it was pointed out to him that a certain other bank accepted silver on deposit, he agreed that he would take it provided the depositor would specify on his checks "payable in silver." This condition was accepted, and the money was received by the bank.

S. G. Murphy, president of the First National bank, said that he would accept the silver, but acknowledged that the banks do not take it cheerfully. His bank would take it in reasonable amounts.

"We will take any money that people will accept in payment of checks or notes," said Murphy. "When people deposit silver with us and we are obliged to cash all checks in gold it is difficult to get rid of the accumulation of silvre. Checks payable in silver are not a satisfactory solution of the question, for they cannot pass through the clearing

"The agitation of the silver question is responsible for considerable uneasiness among the people, and has made a greater demand than usual for gold

until it is at a slight premium." During the past two months the supply of gold coin in the sub-treasury has decreased from about \$15,000,000 to less than \$9,000,000. The decrease includes a shipment of \$3,000,000 in gold / last month by Assistant United States Treasurer Berry to the sub-treasury in New York city. This enormous shrink age was one of the prime causes which led to the issuance by Assistant Treasurer Berry of the now famous order which stopped the redemption of silver certifimittee of the state, today issued a call cates in gold coin, a practice which was followed by his predecessors for many

CITY OF MEXICO, Aug. 11.-It is re ported that a British man-of-war has eized the Mexican island of Clarion, which belongs to the state of Colima, and that there will be a coaling station established there. The report is given circumstantially in the newspapers, but it is not yet confirmed. It is also asserted that the English have planned to seiz: the islands of Revillagigo on the Pacific coast. In view of the present amicable relations between Mexico and England, and the maintenance of the Monroe doctrine by the United States, the report appears incredible, although affirmed in the press.

A large number of Chinese residing on the northern frontier have petitioned the department of foreign relations to be made Mexican citizens, as this will allow them to pass freely into United States

## ON THE ROCKS

A Steam Schooner Damaged but Escapes To-

tal Wreck SAN FRANCISCO, Aug. 11 .- The steam schooner Point Arena, bound from this city to Mendocino, went on the rocks at midnight near Point Reyes. Captain Andrew Johnson, her master, was on the bridge when she grounded. He at once began to back her and in ten minutes she was free of the rocks. As soon as the vessel was loosened the water began to rush in through a hole in her port bow. Captain Johnson headed for this city and came up under a full head of steam, the pumps being kept in action all the while. By the time she reached the Mission-street pier, where she was docked, there was four feet of water in her forward hold.

in Private Practice

KANSAS CITY, Mo., Aug. 11.-A special to the Star says: Judge Henry W. Scott of the Third Oklahoma judicial district and member of the supreme court of the territory, has resigned the judgeship and formed a law partnership in New York city. For over two years a hot fight has been waged against Judge Scott. It is believed that Congressman Bynum of Indiana will be appointed.

TACOMA, Aug. 11.-W. G. Peters, formerly cashier of the Columbia National | for all the ropes, tackles, spars, etc., were bank, which closed its doors last October, was this afternoon found guilty by a jury of falsifying the bank's books A verdict of guilty was brought in on over thirty counts out of forty-four, the jury disagreeing regarding the others. The chief charge was that he directed employes to raise figures denoting cash on hand from \$200 to \$20,500. There were other similar instances. Bail was fixed

at \$10,000. Dibble's Examination Continued

The preliminary examination of Hor ace B. Dibble, on the charge of murder-ing J, F. Wallace, was set for yesterday before Justice Morrison. Owing to the fact that Henry T. Gage, defendant's attorney, was engaged in the superior court the matter was again continued

The kidneys and bladder, sometimes be

ome torpid and weak from unascertainable causes. When this occurs, their discharging function is of necessity very im-perfectly performed, and certain debris. and decay, does not escape as it should, but remains to corrupt the blood and develop poisonous humors and dangerous as well as painful diseases. It is one of the beneficent effects of Hostetter's Stomach Bitters to gently stimulate the urinary organs, and prevent them from lapsing into a state inflammatory degeneration and decay. How much better, then, is it to adopt this mild diuretic as a means of inciting them to action, than to incur the danger of this destruction. To expel from the system waste matter through the bowels and kidneys, and to regulate and arouse the stomach and liver, are among the chief uses of this valuable remedy.

The warm weather in Paris increased the consumption of water so much that house holders were asked to limit the consumption of water as much as possible in their dispose of them that way than to argue the question, and so let it pass at that. By the way, why not end this whole argument and the danger of, heat prostration by annihilating all the silver cuttories. To expel from the system waste matter through the bowels and kidneys, and to regulate and arouse the stomach and liver, are among the chief uses of this valuable remedy.

Co. C. In-fan-tree—Warm Mean-bee.

The warm weather in Paris increased the consumption of water so much that house holders were asked to limit the consumption of water so much that houses and to shut the main tap between \$10 p.m. and 5 a.m., in order to avoid a water families.

Because War With America Is Possible

OUR SYSTEM OF POLITICS

Good for Us But Hard on Spanish Honor

Popular Sentiment In Spain Would Not Be Satisfied With the Mere Suspension of Diplomatic Relations

Associated Press Special Wire.

HAVANA, Aug. 11.-La Lucha has an editorial this evening commenting upon the opinion expressed by Senor Sagasta, the Spanish liberal, in an interview, that the cortes ought to vote financial credits for the government, as he believed in he possibility of a war between the United States and Spain.

La Lucha says that it is natural to suppose, in view of affairs actually happening, which are neither honorable nor satisfactory, and which are even humiliating, that a moment may arise when Spain will have to break off relations with the nation acting and conducting its affairs in such a manner and availing itself of futile pretexts for so doing. It is a good system of politics, the paper says, for Americans, but it is unpleasant to Spain's interests and sense of honor. A logical deduction from the situation, the article says, would be war between Spain and the United States. Spain would not be content to withdraw her representative from Washington as an act of protest. National pride would compel more adequate measures or popular sentiment would prove a source of probable danger to the highest institutions.

THE BUDGET ADOPTED.

MADRID, Aug. 11.—The chamber of deputies has adopted the ordinary budget as the outcome of the compromise suppose, in view of affairs actually hap-

deputies has adopted the ordinary budget as the outcome of the compromise yesterday with the liberals concerning the amendments for the renewal of the tobacco monopoly, upon which the prinscipal opposition of the liberals was based.

An Abandoned Wreck
MONTEREY, Aug. 11.—For the first time the stranded steamer St. Paul has today looked as though she was a wreck removed and taken aboard the Santa Cruz, the divers having given their final report to the insurance inspector and the steamer will be left to her fate Tomorrow work will be commenced on the removel of the machinery. The loss to Goodhall, Perkins & Company will be between \$30,000 and \$40,000.

How easy it is for the gold bug organ to dispose of a state whose political sentiments don't suit it! With one sweep of the pen one of these omniscient and infallible organ grinders disposes of the silver majority in California by writing them down as gamblers and free boot-ers who have invested their money in the silver mines of Nevada and Colo rado. It is difficult to believe that the great majority of the people of California have invested in silver mines hun-

of meeting the silver felons, and you have never seemed satisfied since you abandoned it to attempt a show of reasoning with the sans cullottes.—Chattersees News tanooga News.

## WEATHER AND CROPS

Conditions Prevailing Locally - Seasonable Crops staturing Satisfactorily
Following is the U. S. department of ag-

riculture climate and crop bulletin of the weather bureau for the week ending Monday, August 10, for Southern California:

Cloudy or foggy mornings were frequent in the cosat districts during the past week, while the days were clear and sunshiny. Clear weather prevailed in the interior with the temperature remaining about sationary. Beans and other summer crops were benefited by the damp, cool nights and the small varieties of beans are now being harvested. Pomegranates are ripe in Orange county, where the pear and apple crops are reported above the average. The recent rains were a blessing to the desert sections, where grass and wild flowers are said to be abundant now.

SAN LUIS OBISPO COUNTY day, August 10, for Southern California:

SAN LUIS OBISPO COUNTY

SANTA BARBARA COUNTY SANTA BARBARA COUNTI
Goleta—Heavy fogs prevailed the entire
week and the weather was quite warm
after the fogs lifted about the middle of the
day. Summer crops continue to do well.
VENTURA COUNTY

West Saticoy—The general condition of crops remains about the same as last report. Cutting small beans is now in progress and the average are reported quite low. Highest temperature, 82 degrees; lowest, 53.

LOS ANGELES COUNTY

RIVERSIDE COUNTY
The Press states that the recent rains on the deserts have proved a God-send. The dry desert has assumed a verdant coat, and where in many places a few weeks ago hardy grease wood would scarcely sprout an extra leaf there is an abundance of wild flowers and tall, green grass.

ORANGE COUNTY

Santa Ana\_The weather continues favor-

Santa Ana—The weather continues favorable for corn, potatoes and fruits. Berries are still in market and quite plentiful. Pears and apples are above an average crop. There were three night fogs. Whitter—The first pomegranates of the season are now ripe.

Capistrano—Highest temperature, 23 degrees; lowest 64.

SAN DIEGO COUNTY
San Diego city—The weather was regular

SAN DIEGO COUNTY
San Diego city—The weather was regular
the past week, the daily range being less
than ten degrees; the mornings were cloudy
until about ten oclock, when the sun came
out. The highest temperature was 75 degrees; lowest, 59. Corn, grapes, etc., grown
without irrigation are in market.

The Only Cure

The humiliating condition in which the inited States has been placed by the gold tandard—which Mr. McKinley is pledged o maintain—is referred to by the New ork World in the following plain and hon-York World in the following process terms:

"The bankers hope to stop gold exports by their action in turning in gold to the treasury. Their course is selfahly wise as well as patriotic. But how much better would it be if our currency system were such as to rid the treasury of its connection with all such questions!"

Under the free coinage system the treasury was never put in such straits, and never will be again after free coinage is restored.—Albuquerque Demorcrat.

Company C. N. G. C., Seventh regiment infantry, now encamped at Redondo, send in their company yell as follows:

Waa-hoo-waa-hoo,
Rah-zip-ree,
Co. C. In-fan-tree—
Warm Baa-bee.

BEGIN MOVING THEIR BIG SHOE STOCKS TO the NEW SALESROOMS

in a few days. The old grocery store of Mr. H. Jevne has been turned into the handsomest Shoe Palace on the Pacific Coast, and just as soon as the painters, drapers and carpenters finish their respective jobs, we will OPEN THE DOORS to the public. In the meantime, in order to move as little stock as possible, every item of footwear will be sold for less than former price—Men's and Ladies', Boys' and Girls', Youths' and Misses', Children's and Infants' FOOTWEAR at prices Less—Much Less—than anywhere else in Los Angeles.
