#### When to File an Application for Retirement

Your application for retirement should be forwarded to TCRS **60 to 90 days** prior to your last paid day of service. The last paid day of service is either your last day of employment or the last day for which you are paid annual and/or sick leave. Your application cannot be filed more than 150 days prior to your last paid day of service. The appropriate form for continuation of medical insurance should accompany your retirement application. For eligibility requirements and questions regarding the continuation of insurance, please contact Benefits Administration at 800-253-9981.

#### **Directions for Completing**

**Section 1-**The date employment terminated is the last working day (including all annual and/or sick days) for which you are paid. The effective date of retirement is the day immediately following the last paid day or the first day of eligibility for benefits (i.e. 60th birthday). Payment will be made retroactive to your date of retirement not to exceed 150 days prior to receipt of the application in our office.

**Section 2**-You must select one benefit plan. If you choose the Social Security Leveling Plan, a certified estimate from the Social Security Administration of your Social Security benefits payable at age 62 must accompany your retirement application. This estimate should not be dated more than one year prior to filing your retirement application. Forms to obtain the proper type of Social Security estimate must be obtained from the Social Security Administration at 800-772-1213 or your local Social Security office.

**Section 3-**If you select the Regular/Maximum Plan or Social Security Leveling, you may designate one individual or your estate as beneficiary. If you select Option I – IV, you must designate one individual as beneficiary. **Proof of this beneficiary's birth date should be included.** 

**Section 4**-TCRS benefits are subject to federal taxation. However, it is your choice whether to have federal income tax withheld from your TCRS pension. Before completing Section 4, please consult your tax preparer regarding the correct filing status and number of exemptions for your monthly pension. If you leave this section blank, we will automatically assign a status of married with three exemptions.

# Section 5-If you are a United States citizen and are applying for retirement benefits from TCRS through the submission of this application, you must provide one (1) of the following:

- a valid driver's license or photo identification license issued by the Tennessee Department of Safety or a valid driver's license or photo identification license from another state where the issuance requirements are at least as strict as those in Tennessee, as determined by the Department of Safety;
- an official birth certificate issued by the United States or any of its territories; however, Puerto Rican birth certificates issued before July 1, 2010 shall not be recognized;
- a United States government-issued certified birth certificate;
- a valid, unexpired United States passport;
- a United States certificate of birth abroad (DS-1350 or FS-545);
- a report of birth abroad of a United States citizen (FS-240);
- a certificate of citizenship (N560 or N561):
- a certificate of naturalization (N550, N570 or N578);
- a United States Citizen identification card (I-197, I-179);
- any successor document to six items listed above; or
- a social security number that the Department may verify with the Social Security Administration.

If you are a "qualified alien" and are applying for retirement benefits from TCRS through submission of this application, you must provide two (2) forms of documentation of identity and immigration status as determined by the United States Department of Homeland Security to be acceptable for verification through the Systematic Alien Verification for

Entitlements ("SAVE") program (for the definition of a "qualified alien", please refer to 8 U.S.C. §1641). Common types of documents used to establish immigration status include, but are not limited to the following:

- I-327 (Reentry Permit);
- I-551 (Permanent Resident Card or "Green Card");
- I-571 (Refugee Travel Document);
- I-766 (Employment Authorization Card);
- Machine Readable Immigrant Visa (with Temporary I-551 language);
- Temporary I-551 stamp (on passport or I-94);
- Unexpired foreign passport;
- WT (visitor for business)/WB (visitor for pleasure) Admission Stamp in unexpired foreign passport;
- I-20 (Certificate of Eligibility for Nonimmigrant F(1) student status "student visa"); or
- DS2019 (Certificate of Eligibility for Exchange Visitor (J-1) Status).
- Common types of documents used to establish identity include, but are not limited to the following:
- Driver's license;
- Identification card with photograph issued by federal, state or local government agencies or entities:
- School identification card with photograph;
- Voter's registration card;
- United States military card or draft record;
- Military dependent's identification card;
- United States Coast Guard Merchant Mariners Document (MMD) Card;
- Native American tribal document; or
- Driver's license issued by a Canadian government authority.

Please note, photocopies of the above-referenced documents are acceptable. Documents submitted will not be returned to you. Your application must be signed and dated to be valid.

Section 6-Please attach a voided check OR provide your savings account information. As required by state law, TCRS monthly benefits will be deposited directly to the checking or savings account indicated on your retirement application. Payments will be available on the last working day of each month. You will be notified in writing of any changes made to the amount of your net benefit. All correspondence and year-end statements will be mailed to your home address. TCRS will no longer issue monthly retirement benefits by check after March 2013. If TCRS has not received your authorization to direct deposit your benefit payment by March 2013, a debit card will be issued and mailed to your home address and all future TCRS benefit payments will be made by adding your monthly benefit to the debit card balance.

**Section 7**-Submit your signed application to your employer to complete Section 7. Upon completion, the application should be returned to the Tennessee Consolidated Retirement System. If you have been out of service for more than 60 days, Items A-F Section 7 do not need to be completed; however, in order for you to be properly credited with your unused sick leave, Item G must be certified by your employer.

**Acknowledgement**-All applications will be acknowledged by letter after we receive them. If you do not receive an acknowledgment letter within two weeks, please contact Member Services at 800-770-8277.

If you should return to service on a part-time or full-time basis with an agency covered by the retirement system, you should notify TCRS to avoid an overpayment of retirement benefits.

# Retirement . . . A New Beginning

### A Member's Guide to TCRS Retirement

### Introduction

This retirement information booklet is intended for use by Group I members of the Tennessee Consolidated Retirement System (TCRS). TCRS is a trust fund established by the General Assembly for the purpose of administering a retirement program for public employees. Group I consists of state employees, teachers, local government and higher education employees and all employees becoming members of TCRS on or after July 1, 1976, except for state judges who were members or became members on or after September 1, 1990.

TCRS provides a very important benefit for more than 230,000 active members, as well as more than 117,000 retired members. This benefit increases in value with each year you work as a Tennessee public employee. We hope this booklet will help you understand your retirement program and the benefits available to you through your membership in TCRS.

### Retirement Plans

Typically, there are two types of retirement plans covering public employees: Defined Benefit Plan and Defined Contribution Plan. TCRS is a defined benefit plan. These type plans are summarized below:

### <u>Defined Benefit Plan</u>

- Annuity at retirement is based on a set formula.
- The employer bears the risk of investment loss.
- Contributions are not available for loans or withdrawal until termination of employment.
- Benefit payments are for an employee's lifetime.
- Examples of defined benefit plans: TCRS and Social Security

### **Defined Contribution Plan**

- The annuity at retirement is based on the retiree's account balance.
- The employee chooses the investments and bears the risk of investment losses or gains.
- Contributions may be available for withdrawal or loans, subject to early withdrawal penalties. Contact Great West for details.
- Examples of defined contribution plans: 401(k), 457, 403(b) plans.

# Group I Retirement Requirements

### Service Retirement

- The member must be age 60 and vested; or
- The member must have 30 years of service (regardless of age).
- No reduction factor will be applied to the monthly benefit.

(Sample calculation on page 6.)

# Early Retirement

- The member must be age 55 and vested.
- One reduction factor will be applied to the monthly benefit.
- The reduction is 4/10 percent for each month the member lacks meeting service retirement requirements.

(Sample calculation on page 7.)

### 25-Year Retirement

- State employees and teachers are eligible to receive a reduced monthly benefit upon completion of 25 years of service.
- Members of political subdivisions are eligible only if the local government has passed the resolution authorizing this provision.
- Two reduction factors are applied to the monthly benefit:
  - 1. Reduction for early retirement; and
  - 2. An actuarial factor based on the member's age at retirement.

(Sample calculation on page 8.)

### Retirement Benefits for Law Enforcement Officers

Group I state police officers, wildlife officers and commissioned members of the Alcoholic Beverage Commission who are engaged in law enforcement activities on a day-to-day basis and certain other employees of the Department of Safety, TWRA, TBI and Alcoholic Beverage Commission are subject to mandatory retirement on the first day of the month following the month in which the member attains age 60.

Any Group I law enforcement officer who retires at or after age 55 in accordance with this mandatory retirement requirement is eligible for a supplemental bridge benefit in addition to the regular service retirement benefit. For members retiring on a *regular* service retirement allowance, the supplemental benefit is equal to .75 percent of the member's average final compensation, multiplied by the member's years of creditable service established while the member was in a Group I position covered by the mandatory retirement provisions. For members retiring on an *early* service retirement allowance, the supplemental benefit is equal to the supplemental benefit paid to members retiring on a regular retirement allowance, but reduced by .4 percent for each month by which the member's date of early service retirement precedes the member's service retirement date. The initial supplemental benefit may not exceed 22.5 percent of the member's AFC. The supplemental benefit will begin the later of the date of retirement or the first day of the month after the member attains age 55. Supplemental bridge benefits are eligible for cost of living adjustments; however, all supplemental benefits shall cease upon the earlier of the member's death or eligibility for early Social Security benefits (currently age 62).

Effective July 1, 2007, Group I members that served in state public safety officer positions covered by the mandatory retirement provisions are eligible to retire on service retirement benefits upon attainment of age 55 with 25 years of creditable service. The unreduced benefits (service retirement) are based on the years of creditable service rendered and the average final compensation received while the Group I member served in a Group I position covered by the mandatory retirement provisions. All other service is calculated under the reduced (early) retirement provisions.

### Creditable Service

Any member who believes he or she may have service that fits into any of the following categories should contact our Prior Service Staff to obtain information concerning possible establishment.

### Refunded Service

Previously withdrawn service may be re-established by redepositing the amount withdrawn plus 7½ percent interest compounded annually from the date of the refund. A member must have one year of active membership service prior to making a redeposit. This payment may be made in a lump sum amount or under an installment payment plan.

### Military Service

Military service credit cannot be established in TCRS if the service is creditable in any other retirement system or if the member received a discharge that was other than honorable. An exception to the dual credit prohibition exists if the member earned retirement credit for the military service in the federal retirement system for **non-regular** (e.g., National Guard and Reserves) military service. A member may establish up to four years of credit for active duty military service. Three types of military service may be established:

<u>Armed Conflict Service</u>: Active duty service during the following periods of armed conflict may be established at no cost to the member. Employees of a political subdivision may establish armed conflict service if the local government has passed a resolution authorizing this service.

World War I: 04/17/17 to 11/11/18 Korean War: 06/27/50 to 01/31/55 World War II: 12/07/41 to 12/31/46 Vietnam Era: 02/28/61 to 05/07/75

<u>Peacetime Military Service</u>: A member may establish retirement credit for military service performed during a period of peacetime from October 15, 1940 through May 7, 1975. Service is granted at the rate of one day of credit for each day served during the first year of duty. Payment for the first year of credit is equal to the member's current monthly salary multiplied by 10½ percent multiplied by 12 months. Service after the first year of duty is granted at the rate of one day of credit for every two days served. Payment for service after the first year is equal to the current monthly salary multiplied by 9 percent multiplied by the number of months service to be established.

Employees of a political subdivision may establish peacetime military credit if the local government has passed a resolution authorizing such service.

<u>Interrupted Military Service</u>: Any member whose military service interrupted their employment may establish credit for this service if he or she returned to such employment within six months after discharge. The member must make a payment of any applicable contributions in order to establish this credit.

<u>Service in Persian Gulf War Which Interrupted Employment</u>: This includes members who are teachers, higher education employees, state employees or employees of political subdivisions that have authorized the provision. If the above military service was during the Persian Gulf War, the service is credited without charge to the member. The "Persian Gulf War" means the period from and including August 2, 1990, to the date thereafter prescribed by presidential proclamation or by federal law.

### Other Service

There are certain other types of service that may be established, such as probationary service, out-of-state service and educational leave. Detailed information on establishing such service may be obtained by contacting the TCRS Prior Service Staff.

### Sick Leave

Each 20 days of accumulated sick leave will add one additional month of retirement credit to the member's total service credit.

For teachers, the teaching contract determines the number of days required to equal one year of sick leave credit: a 10-month contract requires 200 days, an 11-month contract requires 220 days and a 12-month contract requires 240 days.

Employees of a political subdivision may receive sick leave credit if the local government passes a resolution authorizing such service.

### Acceptable Payment Methods

Members who must make a payment to establish their prior service may choose between two payment methods: a lump sum payment or an installment payment plan.

<u>Lump Sum Method</u>: A lump sum payment for the entire balance due may be made. A member may also rollover any pre-tax money which is currently contained in a qualified 401(a), 401(k), 403(b), governmental 457 plan or a traditional IRA, without penalty. Please contact our Prior Service division if you are interested in purchasing prior service with a rollover.

<u>Installment Method</u>: A member may choose to pay for their prior service on an installment plan. This plan operates by automatic electronic transfer of funds from the member's bank account each month until the account is paid in full. The member may select from a defined set of payment terms depending on the number of years of service to be purchased. Probationary service, out-of-state service and interrupted military service cannot be purchased on the installment payment plan. Rollovers may be used to pay off an existing installment plan, but may not be used as a down payment or mid-schedule payment to the installment plan.

SERVICE PURCHASED ON THE INSTALLMENT PLAN IS NOT CREDITABLE IN TCRS UNTIL THE FINAL PAYMENT IS MADE.

# Service Retirement Unreduced Benefit — Age 60 and Vested or 30 Years of Service

The benefit formula is a two-step calculation integrated with Social Security based on the Average Final Compensation (AFC), the Social Security Integration Level (SSIL) and the years of service in TCRS. The following example shows the formula method used for calculating the TCRS retirement allowance.

## Sample Calculation

Assumptions					AFC		Years of Service		
Member -	Age 60	Step 1	.0150	X	\$50,000	X	30	=	\$22,500
Beneficiary -	Age 60				AFC - SSIL		Years of Service		
Service -	30 years	Step 2*	.0025	X	\$0	Χ	30	=	+ 0
			Annua	1 TCR	S Benefit				\$22,500
AFC -	\$50,000								÷ 12
SSIL (2013) -	\$64,800		Monthl	ly TCl	RS Benefit				\$ 1,875
			Benefit	Impr	ovement Pe	rcent	age**		<u>x 1.05</u>
			Maxim	um M	Ionthly Bene	efit			\$ 1,968

<sup>\*</sup> If the member's AFC does not exceed the SSIL in the year the member retires, step 2 is omitted from the benefit calculation. If the member's AFC exceeds the SSIL in the year the member retires, Step 2 would be included in the benefit calculation.

NOTE: Upon retirement (service, early, disability, etc.), a member must select one of six benefit plans. There are two single life annuity plans payable to the member only. There are four joint and survivor plans which are payable to the member for life with a provision to continue to the named beneficiary at the member's death. Explanations of the benefit plans are on pages 8 and 9. Please request the TCRS brochure "Selecting a Payment Plan at Retirement" for more detailed information.

<sup>\*\*</sup> Benefit Improvement Percentage is optional to local government employers.

<sup>\*</sup> If the member's AFC does not exceed the SSIL in the year the member retires, step 2 is omitted from the benefit calculation.

A member who retires prior to age 60, with less than 10 years of service, will have his benefit computed as outlined above, with an additional 15 percent reduction for each year or partial year lacking 10 years.

<sup>\*\*</sup> The benefit is reduced 4/10 percent for each month the member retires early. The reduction factor is calculated from service or age requirements (whichever the member is closest to meeting) in order to give the member the best benefit.

<sup>\*\*\*</sup> Benefit Improvement Percentage is optional to local government employers.

# **Election of Benefit Payment Plans**

### Single Life Annuity Plans

<u>Regular or Maximum Plan</u>: Maximum monthly benefits are payable to a member for life, with all benefits ceasing at death. Monthly benefits end at the member's death, but the beneficiary is entitled to payment of any remaining contributions which had been credited to the member's account and which were not returned to the member in the form of retirement benefits.

<u>Social Security Leveling</u>: A member may convert his or her retirement allowance into an increased benefit payable prior to the date the member attains age 62 and a reduced allowance payable after that date, so that the member's total income will be approximately the same before and after the commencement of Social Security payments.

Monthly benefits end at the member's death, but the beneficiary is entitled to payment of any remaining contributions in the member's account which were not returned to the member in the form of retirement benefits. If this plan is elected, the member must furnish the retirement system with an age 62 Social Security estimate. It is the member's responsibility, upon attaining age 62, to apply for the Social Security benefit. A member who chooses the leveling plan may not elect a survivorship option.

When selecting a single life annuity plan, you must designate either one individual or your estate as beneficiary.

### Joint and Survivor Plans

Four types of Joint and Survivor Plans are available through TCRS. The age of the member and the age of his or her beneficiary determines the amount received under each option.

<u>Option I - 100% Joint and Survivor</u>: A permanently reduced retirement allowance is payable during the retired member's life, with the provision that it will continue after the member's death for the life of and to, the designated beneficiary. If the beneficiary dies before the member, the monthly allowance remains the same.

<u>Option II - 50% Joint and Survivor</u>: A permanently reduced retirement allowance is payable during the retired member's life, with the provision that it will continue after the member's death at one-half the rate paid for the life of and to, the designated beneficiary. If the beneficiary dies before the member, the monthly allowance will remain the same.

<u>Option III - Modification of Option I</u>: A reduced retirement allowance is payable during the retired member's life, with the provision that it will continue after the member's death for the life of and to, the designated beneficiary. If the designated beneficiary dies before the retiree, the retirement allowance will revert (pop-up) to the maximum amount.

<u>Option IV - Modification of Option II</u>: A reduced retirement allowance is payable during the retired member's life, with the provision that it will continue after the member's death at one-half the rate paid for the life of and to, the designated beneficiary. If the designated beneficiary dies before the retiree, the retirement allowance will revert (pop-up) to the maximum amount.

Note: The State Insurance Plan no longer requires that a retiree select a retirement survivorship option in order for surviving dependents to continue coverage after the retiree's death. This does not eliminate the need to select a survivorship option to protect your family.

For detailed information on the benefit payment plans, please request the TCRS brochure, *Selecting a Payment Plan at Retirement*.

**Note:** 1. This plan is available to any member with Social Security coverage through TCRS who retires prior to age 62.

- 2. In order for TCRS to figure this benefit, you must provide TCRS with an estimate from the Social Security Administration based on retirement at age 62. The Social Security estimate can not be more than a year older than your date of retirement and must be stamped or signed by the Social Security Administration. The Social Security Leveling Plan does not affect your Social Security benefit.
- 3. In order to start your Social Security benefit, you must file an application with the Social Security Administration. For information on Social Security, call 1-800-772-1213.

# Disability Benefits

### Introduction

TCRS also provides disability benefits for those members who become disabled prior to meeting the service retirement requirements. There are three types of disability: ordinary, accidental and inactive.

## Ordinary Disability Benefits

To qualify for Ordinary Disability benefits (a disability because of medical reasons), you must have at least five years of service, be unable to engage in any gainful employment and you must be approved by the TCRS medical panel. After approval, you are subject to periodic re-evaluations until you attain age 60.

### Accidental Disability Benefits

To qualify for Accidental Disability benefits, your disability must be the direct result of an on-the-job injury that renders you unable to engage in any gainful employment. There are no minimum service requirements to apply for accidental disability. The disability must be documented to your last paid day of service; however, you must apply within one year of your last paid date or within two years of the injury. You must be approved by the TCRS medical panel. After approval, you are subject to periodic evaluations until you attain age 60.

### **Inactive Disability Benefits**

If you become disabled after you have terminated your employment, you may apply for a disability benefit, provided you have at least five years of service, you are unable to engage in any gainful employment and you are approved by the TCRS medical panel.

Inactive disability benefits are optional to local governments.

Note: All TCRS disability benefits are integrated with the Board of Claims or Workers' Compensation benefits. The total combined benefits (TCRS and Board of Claims/ Workers' Compensation) cannot exceed .7875 percent of the average final compensation.

For more detailed information on disability benefits, please request the TCRS *Group I Disability Retirement Benefits* brochure.

# Requirements for Continuation of Medical Insurance after Retirement

### Service Requirements to Continue Group Health Coverage

Eligible members must have at least ten years of creditable service to continue insurance coverage. Accumulated unused sick leave may be counted. <u>Military service that did not interrupt employment, service that was previously cashed out and not paid back to TCRS, educational leave, leave of absence or service with a local government agency **cannot** be counted.</u>

You may include employment with the State of Tennessee, a state higher education institution or a participating local education agency to calculate total employment (only creditable service with the State of Tennessee or a higher education institution or a local education agency that participates in the state group health plan will count). Years of service with the state, higher education or local education employers participating in the plan apply to the length of service requirement for continuing coverage at retirement, not necessarily toward premium reduction. Premiums may be calculated to include service with state, higher education and local education employers participating in TCRS. For retirees combining service, on local education service, state premium support is provided on teaching service only.

If you are eligible to combine creditable state service with creditable local education service, you will be classified as a retiree under the plan from which you terminated employment immediately preceding your retirement. For example, if you worked for a participating local education agency for 10 years, then worked for a state agency for 10 years and retire, you will be considered a state retiree with 20 years of service for insurance purposes.

### **Eligibility Guidelines**

Ten years of creditable service with the state and at least three years of continuous insurance
coverage in the plan immediately prior to final termination of employment. The date
retirement pension benefits commence (effective date of retirement with TCRS) must be on or
before the date on which your active state coverage ceased.

**Note:** The requirement for immediate commencement of retirement benefits will be waived for employees leaving the plan and becoming insured by a State, Local Education or Local Government agency that participates in the State Group Insurance Program.

• At least 20 or more years of creditable service with the state **and** at least one continuous year of insurance coverage in the plan immediately prior to final termination of employment. The period of time between your final employment termination date and the date retirement pension benefits commence (effective date of retirement with TCRS) may be up to five years.

**Note:** The five-year requirement for commencement of retirement benefits will be waived for employees leaving the State Plan and becoming insured by a State, Local Education or Local Government agency that participates in the State Group Insurance Program.

If you are retiring through TCRS, you must be receiving a monthly retirement benefit to continue enrollment in coverage as a retiree. TCRS participants who choose a lump-sum retirement benefit are not eligible to continue insurance at retirement.

Detailed information on the eligibility criteria to continue insurance as a retiree can be found in the State Plan Document. This document is available in the publications section of the Benefits Administration website at <a href="https://www.tn.gov/finance/ins">www.tn.gov/finance/ins</a>.

## Local Government Employee Requirements

Contact your personnel or insurance representative for more information regarding your requirements and costs.

**Note:** Retirees covered through the state group insurance program will have their premiums deducted from their retirement check.

Insurance premiums are subject to change. Please contact the Benefits Administration office for the premium amounts at the time of your retirement.

TCRS does not provide life insurance coverage after retirement. If a member currently has life insurance and wishes to continue it after retirement, the member will need to contact his or her provider for more information.

Insurance pamphlets are available from your departmental insurance representative.

# Medicare Supplement Insurance

### Tennessee Plan Medicare Supplement (Medigap)

A Medicare supplement (Medigap) plan is available to retirees and their dependents who are eligible for Medicare. Retirees who do not qualify for Medicare from any source may continue the state group insurance coverage for their lifetime.

TCRS will deduct the Medigap premiums from your monthly benefit. The state pays a portion of the Medigap premium for retired state employees and retired teachers with 15 or more years of service established in TCRS.

Listed below are the amounts the state will pay toward the Medigap premium based on service credit years:

Years of Service	<b>State Pays</b>
30 or more	\$ 50.00
20 to 29	37.50
15 to 19	25.00
1 to 14	0

Note: Political subdivisions must pass a resolution to pay a portion of their retirees' Medigap premiums under the same specifications as for state employees and teachers; otherwise, political subdivision retirees are responsible for the total premium.

Please contact Benefits Administration regarding <u>ALL</u> insurance questions. They can be reached at 1-800-253-9981, option 2.

# Cost-of-Living Adjustment (COLA)

## Eligibility

Current law provides that any Cost-of-Living Adjustment be made on July 1 each year. You must be retired 12 full months prior to the July 1 on which the adjustment is made. This means that your last paid day of service can not be later than June 30 if you wish to receive the COLA for the year following your retirement.

Compounded Cost-of-Living Adjustments are automatic for state employees and teachers. Retired employees of political subdivisions are only eligible for COLAs if the local government has passed a resolution providing COLAs.

## Calculation of Cost-of-Living Adjustment

The percentage of the COLA is based on the percentage increase in the Consumer Price Index (CPI) for the previous calendar year. If the CPI increases at least one-half percent, a COLA will be granted. The COLA increase cannot exceed three percent annually.

COLAs are granted on the June 30 benefit. Listed below is a comparison of a simple COLA versus a compounded COLA:

Year of Retirement	Simple 3% COLA	Compound 3% COLA
1st	\$ 12,000	\$ 12,000
5th	13,400	13,506
10th	15,240	15,657
15th	17,040	18,151
20th	18,840	21,042
25th	20,640	24,394
30th	22,440	28,279

Assumes 3% inflation rate.

### Federal Income Tax

### Introduction

TCRS is a qualified plan under Section 401(a) of the Internal Revenue Code. Benefit payments received from TCRS are taxed (beginning with your first paycheck) according to the rules which apply to qualified plans. These rules are subject to change by Congress.

### How the Taxable Amount is Calculated

TCRS will calculate the taxable amount using the IRS simplified general rule. The simplified general rule provides that the retiree's after-tax contributions be spread out over a set number of payments. Under this rule, the number of monthly benefit payments expected to be received is based on the retiree's age at the date of retirement.

### Number of Payments Expected

The table below shows the number of payments expected.

Age of Retiree	Number of Payments
55 and under	360
56 - 60	310
61 - 65	260
66 - 70	210
71 and over	160

### Determining the Tax-Free Portion

To determine the tax-free portion of the monthly benefit, the member's contributions are divided by the number of payments listed above. An example follows.

1.	Date of retirement	June 30, 201	3
2.	Monthly benefit	\$ 1,000.0	0
3.	Member's after-tax contributions	\$12,420.0	00
4.	Age at retirement	6	2
5.	Expected number of payments from table	26	0
6.	Nontaxable portion of monthly benefit (#3 ÷ #5)	\$ 47.7	6'
7.	Initial taxable portion of benefit (#2 - #6)	\$ 952.2	4
8.	Date benefit becomes totally taxable	February 28, 203	4

On the last working day in January of each year, TCRS mails a form 1099-R to all retirees. The 1099-R will show yearly income from TCRS, the amount of income that is taxable and the amount withheld for income tax purposes.

### Return to Service

### **Temporary Return to Service**

Any retired member may return to service after 60 days without loss of retirement benefits for the equivalent of 120 days within a 12-month period. A retired member who receives approval and returns to service before 60 days is also limited to half-time employment. Under certain conditions, a member may work an additional 90 days during the 12 month period as a substitute teacher. If employed as a teacher in an institution of higher education, the member may teach 24 quarter hours or 18 semester hours. Compensation is limited to 63% of final salary indexed by 5% per year. A *Temporary Employment Report* must be completed and filed with the TCRS Benefits section before the employment period begins.

If a disability retiree returns to any employment which results in earnings in excess of the Social Security Administration's definition of gainful employment, the disability benefit will be suspended. As of January 1, 2010, this amount was \$1,000 or more per month.

### Full-time or Part-time Employment After Retirement Exceeding Temporary Return to Service Provisions

In general, if a retired member returns to service on a full-time basis in any position covered by the retirement system, his retirement allowance is suspended during reemployment. If the member is employed on a part-time basis, the retirement benefit will only be suspended if the member exceeds the 120-day temporary employment contract. This includes any retiree who has an employment contract with an entity covered by the retirement system. The existence of a written contract does not exclude the retiree from the limitations on reemployment contained in the retirement law if the relationship between the retiree and the entity is that of "employer/employee".

Any retiree who returns to service in a covered position has the option of becoming a member of the TCRS or of making an irrevocable election not to participate; however, regardless of his choice, his retirement benefits will cease while he is reemployed.

A reemployed retiree who elects to again become a member and who completes three or more years of creditable service will have his benefits recomputed on the total number of years of service and the highest average final compensation. If the additional service is less than three years, benefits are computed on the last period of active service and added to the original benefit. If the retiree selected the Social Security Leveling Plan at retirement, the member must repay the supplement received under the leveling plan in order to have the benefit recalculated.

If the reemployed retiree chooses not to participate, his employer will not make contributions on his behalf nor will he receive any additional benefits based on his reemployment.

Benefits do not cease for TCRS retirees who become employed with an employer <u>not</u> covered by TCRS.

### Limited Re-Employment of Retired Teachers

Currently, there are a few limited circumstances under which a retired teacher may return to service without loss of benefits. Any qualified person retired from TCRS for one year or longer may accept a one-year untenured appointment as a K-12 grade teacher without loss of retirement benefits provided that the superintendent certifies that no other qualified persons are available to fill the position and that the commissioner of education certifies that the school system serves an area that lacks qualified teachers to serve in that position. Certain minimum and maximum salaries apply. The retiree is not eligible to accrue additional retirement benefits as a result of such employment.

Note: All forms and publications can be found on the TCRS website at <u>tcrs.tn.gov</u>.

# Retirement Checklist

# Approximately Twelve Months Prior to Retirement

Time your retirement to fit your goals. Following are some items to consider.
• Your last paid day of service cannot be later than June 30 of any given year in order to qualify for any Cost-of-Living Adjustment (3% maximum) that may be given in July of the year following your retirement.
• You may want to delay retirement until a longevity payment is received. The amount, the date and the effect of the longevity payment on your TCRS benefit need to be considered. Discuss this with your TCRS retirement counselor.
• If you are enrolled in a medical expense reimbursement account through a Flexible Benefits Program, consider how your retirement date will affect this account.
Begin studying the optional benefit payment plans available from TCRS if you are interested in a benefit plan which provides a monthly income to your beneficiary in the event of your death. Ask TCRS to send you the brochure, "Selecting a Payment Plan at Retirement" or find it at <a href="tcrs.tn.gov">tcrs.tn.gov</a> .
Determine the source of medical insurance for your family and verify your post-retirement eligibility.
State-sponsored plan (state, teacher or local government)
Local government sponsored plan
• Medicare supplement (if you or a dependent are over age 65)
• Spouse's employment. If you use this source of coverage, will you be able to continue coverage in the event of your spouse's retirement or death?
Consider whether any individual disability coverage will still be needed. Contact your insurance provider to determine if there is an offset provision for other income received.
Evaluate your life insurance needs in comparison to your coverage and consider any conversion rights. Contact your life insurance provider for this information.
If applicable, establish any additional retirement credit in TCRS, such as refunded service, military service, etc.
Evaluate your personal investments to determine if they are still appropriate.

	Decide when and how to begin drawing income from IRAs, deferred annuities (403b) and/or deferred compensation plans, such as the 401(k) or 457. Contact your banking institution or plan administrator for guidance.
	Consider status of taxation after retirement and time any taxable income to be received when income levels and tax rates are expected to be lower.
	Review your estate planning.
	Update wills, trusts and powers of attorney.
	Be aware of how your property passes to others under Tennessee law.
	Consider how emergency expenses will be handled. Make an effort to eliminate any debt and pay off obligations for large purchases.
	Consider how future large purchases, such as a car, appliances, home renovations, etc., will be financed. Consider making these purchases before retirement.
	Decide what you are going to do after retirement.
	• Second career
	Hobbies and leisure activities
	Volunteer work
	Part-time work
$\mathbf{A}_{\mathbf{j}}$	oproximately Six Months Prior to Retirement
	Obtain an estimate of your TCRS benefits. Call 615-741-1971 or write to TCRS.
	Obtain an estimate of your Social Security benefits, if applicable, by calling 1-800-772-1213.
	Do a post-retirement budget to determine if your standard of living can be maintained. You also need to determine the income that your beneficiary would have should you die first. Will the beneficiary be able to maintain his or her standard of living?
	If your 65th birthday will be attained in the year of your TCRS retirement, notify the Social Security Administration of your intent to retire. Find out what you will need to do so that your Medicare coverage will start at the right time.

# Approximately Three Months Prior to Retirement ☐ Obtain the necessary forms from your employer or from TCRS. • Retirement Application Insurance Application (if you and/or your dependent(s) are under 65) Notify your employer of your intention to retire; your personnel office will assist you with the process. NOTE: If you will be over 65 when you retire, an application for the Medicare supplement will be mailed to you from Blue Cross after your retirement benefit is processed. ☐ File the TCRS retirement application and related forms 60-90 days prior to your last paid day of service. ☐ If you meet TCRS retirement eligibility requirements at the time you terminate employment, file for your benefits within 150 days after your last paid day of service to avoid loss of benefits. ☐ Decide upon a benefit payment option. Review the TCRS brochure, "Selecting a Payment Plan at Retirement." ☐ If accrued annual leave (vacation time) is to be paid, you may have a choice of whether to extend it on the payroll or take a lump-sum payment. A lump-sum payment of your annual leave and/ or compensatory leave may enable you to begin your TCRS and Social Security benefits sooner than you could if you stayed on the payroll; however, lump-sum payments are not included in your average final compensation for TCRS benefit calculation purposes. Some agencies do not permit retiring employees to choose. ☐ If you will be Medicare eligible at retirement (usually age 65), you should apply for Part B of Medicare when the employer-sponsored insurance coverage ends. Only Part A of Medicare is automatic. Notify the Social Security Administration when you turn age 65. ☐ Apply for your Social Security benefits when you become eligible. To do so, you must file a

separate application with the Social Security Administration. Call 1-800-772-1213 for

information.

# After Retirement

Make sure any employment after retirement will not impact your TCRS benefit. If you are considering part-time employment or return to service with an agency or department that is covered by TCRS, contact our office to determine how such employment may affect your TCRS benefit.
If you plan to work after retirement, stay informed about the Social Security earnings limits and the benefit offset that occurs after exceeding those limits.
Notify TCRS in writing of any address change. Important correspondence, such as the 1099-R form to be filed with your income tax and Cost-of-Living Adjustment information, will be mailed to your home.
If you qualified for exemption from the direct deposit program when you filed your application for retirement, you may change to this program after retirement. By using direct deposit, you will have access to your money one to three days earlier each month than those whose checks are mailed directly to their home. You will also have the security and peace of mind of knowing that your check is automatically deposited into your account each month. To obtain a direct deposit application, contact TCRS at 1-800-770-8277 Ext. 3 or 615-253-6781 or print it from <a href="https://www.tn.gov/treasury/tcrs/PDFs/tr0265.pdf">www.tn.gov/treasury/tcrs/PDFs/tr0265.pdf</a> .

### **Definition of Retirement Terms**

**Average Final Compensation** (AFC) — The average of the member's five consecutive years of creditable service for which the member received the highest salaries.

**Benefit Improvement Percentage** (BIP) — The General Assembly and the TCRS Board of Trustees authorized a five percent base benefit improvement for all Group I teachers and state employees effective January 1, 1994. This improvement is available to political subdivision employees if it has been authorized by the political subdivisions.

**Creditable Service** — Membership service under the retirement system for which contributions are made by the member or are assumed by the employer on behalf of the employee a*nd* any other periods of service credited to the member by the retirement system.

**Early Retirement** — A reduced benefit payable to a member who retires prior to attaining the requirements for a full service benefit.

**Indexing** — Increases by 3.6% the salaries earned from July 1, 1981 to June 30, 1991, which are used in computing the member's average final compensation. Salaries since July 1, 1991 are also increased by 3.6%, provided the member was employed on the date the noncontributory provision was effective for his or her employer. Indexing applies *only* to salaries earned while the employee is covered by the noncontributory provisions of the retirement system. Indexing applies to state employees, higher education employees and employees of political subdivisions who have authorized noncontributory provisions and who were in service with the employer when noncontributory retirement was adopted. Local governments may or may not extend indexing beyond June 30, 1991.

**Optional Payment Plans** — Plans available to a retiree that provide continuing monthly benefits to be payable to the designated beneficiary upon the death of the retiree.

**Political Subdivisions** — City or county governments which have elected to participate in the retirement system.

**Service Retirement** — An unreduced benefit payable to a member who has met the requirements for retirement.

**Social Security Integration Level** (SSIL) — Average of the Social Security wage bases. It allows TCRS to provide a slightly higher benefit rate on a portion of the AFC.

**Vested Member** — A member who has accrued enough service to guarantee him a retirement benefit once the age requirements are met. Group I members attain vesting rights with five years of service. Group I members of a political subdivision attain vesting rights with 10 years of service unless the governing body passes a resolution authorizing five-year vesting.

**Withholding** — TCRS must follow IRS rules for withholding taxes from benefit payments. The withholding will be calculated as married with three exemptions unless the member or the beneficiary files a W-4P withholding form with TCRS. TCRS will send a 1099-R form each year with the January 31 check which will show the total amount of the TCRS benefit, the taxable amount and the amount of income tax withheld.

## **Driving Directions and Map**

### Location

TCRS Offices are located on the 15th Floor of the Andrew Jackson Building, 502 Deaderick Street. Charlotte Avenue, 5th Avenue and Deaderick Street surround the Andrew Jackson Building. The Andrew Jackson Building is across the street from the Tennessee Performing Arts Center (TPAC).

### **Parking**

Parking options include pay parking lots and parking meters on several area streets. You may not use the parking meters before 8:30 a.m. or after 4:00 p.m. Your car will be towed. In addition, the meters are limited to one hour.

- Surface parking is available on 5th Avenue across from the Andrew Jackson Building. The lot is between Deaderick Street and St. Mary's Catholic Church. (This location is the most convenient, but it is generally the most expensive.)
- Public Square Garage parking is available on Charlotte Avenue at the corner of 3rd Avenue and Charlotte Avenue.
- Surface parking is available on 3rd Avenue in front of the Davidson County Court House.
- Surface parking is available on 6th Avenue between Union Street and Church Street.
- Music City Central next to Municipal Auditorium and is bordered by 4th and 5th Avenue North on Charlotte Avenue.
