I understand that according to the bylaws of the WVWYFCC, I am able to make a one time choice of where I would like my child to play/cheer. Because I have physically moved I can choose to stay with the town my child currently cheers/plays with or I can choose to participate with the town I have moved to. I understand that I cannot move my child to the new team until the season is over. ( If the move is occurring mid-season) We are choosing that our child play with (name of organization)

\_\_\_\_\_.

I understand that this choice is final and cannot be changed once my child starts practice with the town we have chosen and that taking a year off will not allow me to choose a new town to participate with.
