## ADDITIONAL INFORMATION

Event organizers are asked to monitor sound levels so they do not exceed what is allowed for the event area and are in compliance with City Code (*Chapter 7.41*). If organizers would like to request an application for sound amplification authorization, they can contact the Division of Arts & Cultural Services through [specialevents@wichita.gov](mailto:specialevents@wichita.gov) or by calling 316-303-8000. Organizers should respond in a timely and effective manner to requests by City representatives regarding the sound level. The Wichita Police Department or authorized representatives of the City may cancel musical performances or events for substantial or repeated violations.

It is expected that organizers and promoters of events should leave sites in the same or better condition. Based on industry standards, one trash container is necessary for every 100 people. In all instances, organizers should make arrangements for trash and debris to be picked up after the event concludes. For events that last more than four hours, trash and debris should be collected during the event. Trash containers must be removed from event site within 24 hours of the conclusion of the event.

It is also expected that organizers and promoters provide an adequate number of portable restrooms based on industry standards. One portable restroom is necessary per 100 people. For events of four hours or more, organizers should make arrangements for service by the provider during the event. Portable restrooms must be removed from the site within 24 hours of the conclusion of the event.

Finally, organizers are expected to work with the Wichita Police Department (WPD) to determine security requirements for their event. Officers can be reached at the following numbers:
