

New Customer Remote Support Agreement

Our goal at BNB Technology is to provide the fastest and most efficient support services available.

(Client) _____ is allowing BNB Technology to remote in to my server and/or network to do necessary repairs to get my problem taken care of.

I agree to a minimum charge of ½ hour for remote work and 1 ½ times our regular rate for after-hours and weekends. Anything over 5 Hours will need to be approved.

Payment for this work will be prepaid on the following credit card, unless other arrangements have been made.

Name on Card _____

Credit Card Number _____

Exp. Date on card _____ Security # on back of card _____

Signature of Client _____

Future Services

I would like to retain BNB Technology's services on a pay as we go plan: Please use this card for all future work.

I would like to set up an account with BNB Technology: This will require a credit application.

I am interested in discounted, pre-paid block time services.

BNB Technology is concerned about HIPAA compliance and security, and as such, we take great care to ensure that all patient and medical information remain confidential. This due diligence is practiced as a matter of policy for all clients including those outside of the medical and dental fields.
