

Human Resources

October 28, 2013

Name Address City, State Zip

Effective January 1, 2014, the University of Arkansas changing the retiree health insurance for retirees and covered spouses who have Medicare Primary from the current UA plan administered by UMR to the University of Arkansas System United Healthcare Group (PPO) Medicare Advantage Plan. Retirees and Spouses who do not have Medicare Primary will remain on the current UA Health Insurance plan (administered by UMR) until they turn 65, or become Medicare eligible early due to disability. When Medicare becomes primary, retiree health insurance will convert to the UA Medicare Advantage Plan.

Effective January 1, 2014, the University of Arkansas is contracting out the collection of retiree health, dental and life insurance premiums to UMR. Health insurance premiums are not changing but there will be some changes to the UA health insurance coverage effective January 1, 2014 (see below). The coverage, insurance provider, and premiums for dental insurance and life insurance are not changing; the University is simply changing the method in which you pay your monthly premiums.

Your coverage, as of January 2014, is:

*Indivdual Coverage with Major Medical with UMR (\$361.04 a month) CLC Plan

Life Insurance: Not Enrolled

Dental: Not Enrolled

*Health Insurance enrollment sssumes you do not cancel your UA retiree health insurance.

As of 10/25/2013, your premiums are paid through: 10/31/2013

Changes to UA Health Insurance effective 1/1/2014 and Election Period

The changes the UA health insurance plan, as administered by UMR, effective January 1, 2014, are:

- The copayment for specialists' office visits will increase from \$40 to \$45 per visit.
- Emergency Room copayment of \$150 will increase to \$200 for the second visit made by the same participant in the same calendar year and to \$250 for each following visit by the same participant in the same calendar year (ER copayment is still waived if admitted to the hospital).
- The calendar year out of pocket maximum (\$2,000 per person/\$4,000 family) will include copayments & deductibles as well as coinsurance (does not include plan exclusions, limitations & pharmacy copayments).
- Outpatient Intensive Day Treatment (Mental Health & Substance Abuse coverage) will have a \$150 copayment, then apply to the \$750 deductible and then 20% coinsurance.

You will have until December 6, 2013, to change your health insurance election between the Classic Plan and the Point of Service plan. Remember, the UA health plan as administered by UMR has a nation-wide network of providers. You can see any UMR provider anywhere in the US and have in-network benefits. See the attached Medical Plans Comparison for additional coverage information. The premiums for the Classic and Point of Service are:

| <u>Coverage</u> | CLC Monthly Premiums | POS Monthly Premiums |
|------------------------------|-----------------------------|----------------------|
| Single Coverage | \$361.04 | \$399.87 |
| Retiree & Spouse | \$819.79 | \$907.98 |
| Retiree & Child(ren) | \$676.29 | \$747.01 |
| Retiree, Spouse & Child(ren) | \$1,143.15 | \$1,266.17 |

You can cancel your coverage at any time. You can delete dependents from your health and dental plans at any time. However, if you cancel coverage or delete dependents from your plans, you will never have an opportunity in the future re-enroll in coverage or add dependents to your retiree insurance plans.

Retiree Insurance Billing

Effective January 2014, you will no longer pay your retiree insurance premiums through the University of Arkansas. Payment will be through UMR.

- UMR will provide the billing services for all retiree insurance premiums.
- If you are currently enrolled in life insurance, you may continue in life insurance. If you and/or your spouse are enrolled in health and dental insurance you and/or your spouse may continue in health and dental insurance.
- If you currently send your retiree insurance premiums to the Human Resources Office, beginning in January 2014 you will send those payments to UMR. UMR will provide the billing services for the University for retiree health (for retirees who do not have Medicare primary), life and dental insurance.
- In early December 2013 you will receive information in the mail from UMR addressing the payment processes for your retiree insurance premiums. That information will include a payment coupon booklet to use in sending in your monthly premium payments. It will also include a form to complete to make your payments through electronic fund transfer from your bank account. You will have the option to pay premiums in advance on a quarterly, semi-annual or annual basis.
- Payments are due on the first of each month. Bank drafts will occur on the 10th of each month. If you choose to use the electronic payment process, it will be best to plan to send a check to pay for January 2014 premiums and begin the electronic payment process with February 2014.

When You Become Medicare Eligible

- Your health insurance (and your covered spouse's health insurance coverage) will stay with UMR until you turn 65 or become eligible for Medicare early due to disability.
- When you become Medicare eligible, you will need to enroll in Medicare Part's A & B. Contact Social Security Administration no later than the month before your 65th birthday to enroll
- Your UA retiree health insurance coverage will automatically switch to the University of Arkansas System United Healthcare Group (PPO) Medicare Advantage Plan unless you elect to opt out of the Medicare Advantage Plan.
- When you covert to the Medicare Advantage Plan, you will pay your health insurance premiums directly to United Healthcare. Payment for life insurance and dental insurance will continue with UMR.

Helpful Reminders and Tips

- If you have not received the payment information mailing from UMR by December 10, 2013, please contact UMR retiree/direct billing at 1-800-207-1824. They will confirm your participation information and request a replacement packet be mailed out for you. But please be patient and wait until December 10' 2013, to ensure the mailing has had time to reach you.
- If you wish to set up electronic funds transfers to pay your insurance premiums, it will be best to send checks covering those payments for the month of January 2014 and begin the electronic fund transfers with February 2014. Remember, payments for January are due on January 1st.
- If you are currently on an Early Retirement Agreement covering any of your insurance premiums, payment for those premiums will continue under the existing terms of that agreement and you will not be responsible for your premium payments until the agreement has expired. See paid through date above.
- If you have paid premiums in advance and are pre-paid past December 2013, you will not switch to paying through UHC and UMR until your pre-paid period is past. Note the UA cannot accept premium payments for retiree insurance past December 2013.

We know this is a big change and our office will continue to be available to you to assist with questions and clarifications. Please do begin to work directly with the UMR billing representatives but don't hesitate to contact us if you have difficulty in finding needed information or have other questions.

Sincerely,

Richard Ray Benefits Director

FOOTNOTES:

- a) **Deductible** means a fixed *dollar* amount that you must incur each calendar year before the health plan begins to pay for covered medical services. The calendar year deductible applies to all Covered Services except for those that a Co-payment applies, unless otherwise noted. In-network deductibles do not apply to out-of-network deductibles and visa versa. 2 individual deductible = family deductible.
- (b) **Coinsurance** means a fixed *percentage* of charges you must pay toward the cost of covered medical services. Coinsurance applies to all Covered Services except those for which a Co-payment applies unless otherwise noted.
- (c) Out of Pocket Maximum is the maximum deductible, coinsurance and copayments you would pay in any calendar year. Does not include plan exclusions, limitations and pharmacy copayments.
- (d) **Co-Payment** means a fixed dollar amount that you must pay each time you receive a particular medical service. You pay a Co-payment when you obtain health care directly from your Network Primary Care Physician or an In-Network Specialist. Referrals are NOT required for Network Specialists office visits. Certain services rendered in the Network Primary Care Physician or Network Specialist's office are not subject to coinsurance and do not apply to the deductible or the out-of-pocket maximum. Services rendered in the Network Primary Care Physician or Network Specialist's office **that are** subject to deductible and coinsurance include advanced imaging such as MRI, CT Scans, PET Scans and Nuclear Medicine (imaging studies using medical radioisotopes). Office surgery will apply the physician specific (specialist vs PCP) copayment.
- (e) When you obtain health care through a Non-UMR Provider, your Benefit payments for covered services will be based on the Maximum Allowable Payment for out-of-network services, as determined by UMR. Charges in excess of the Maximum Allowable Payments do not count toward meeting the deductible or meeting the limitation on your Out of Pocket maximum. Non-UMR Providers may bill the patient for amounts in excess of the Maximum Allowable Payment.
- (f) Well baby/child visits from an In-Network provider are covered in full from birth until the day the child attains age 19.
- (g) Inpatient and other services are subject to Co-payment and coinsurance. It is your responsibility to notify the Benefits Section of Human Resources within 31 days of the birth or adoption of your child in order to obtain coverage for your newborn.
- (h) Maximum combined Inpatient Co-payment per calendar year is \$1,200 per person (no more than one co-payment per 30 calendar days).
- (i) The TMJ deductible is separate from the any other In-Network or Out-of-Network deductibles. The TMJ deductible is in addition to any In-Network or Out-of-Network deductible and **requires pre-authorization**.
- (j) Vision Exams: Ophthalmologist or Optometrist in-network and out-of-network benefits are the same.
- (k) Under the Point of Service Plan and the Classic Plan, Co-payments at non-participating pharmacies will be \$12 for generic, \$37 for preferred name brand, and \$72 for non-preferred name brand. If a new enrollee has to get a prescription prior to receiving his/her pharmacy card, he/she will have to pay for the prescription in full, apply for reimbursement, and will be reimbursed less the \$12, \$37, or \$72 Co-payments. Alternatively, if the enrollment process has been completed and benefits are in effect, a temporary prescription drug ID card can be printed by going to www.medimpact.com, registering and clicking on 'member ID card'. A complete summary of prescription drug benefits is also on the above web-address. Reference Based Pricing applies a set price per dose in a specific class of drugs. Example: In the Proton Pump Inhibitor (PPI) class, the plan pays \$0.64/dose and the member pays the remainder of the cost.
- (I) Preventive care services and cancer screenings will follow the U.S. Preventive Task Force Recommendations. See the health plan Summary Plan Description for details on coverage.

The following procedures for both the Point of Service Plan and the Classic Plan will require pre-authorization **before** the services are rendered:

- 1. Any admission to Inpatient Facilities or Partial Hospitalization Units
- 2. Any referral by your PCP to an Out-of-Network Provider
- 3. Pre-Natal/Maternity Care. Authorization includes physician care and one ultra sound. Additional ultrasounds require preauthorization. **UAMS offers a \$1000 waiver of out-of-pocket expenses for deliveries at its hospital. (This includes deductible and inpatient copayment/coinsurance.)**
- 4. Home Health Care and Home Infusion Services
- 5. Transplant Services (including the evaluation to determine if you are a candidate for transplant by a transplant program)
- All Advanced Imaging (CT, MRI, Thallium Stress Test, PET. Go to <u>www.UMR.com</u> for a complete listing) regardless of place of service.
- 7. MRI of the Breast

Note: Certain other services have special Pre-authorization requirements: Surgical treatment of Temporomandibular Joint Dysfunction (TMJ), Accidental Injury to Teeth.

Procedures for testing and treatment of a diagnosed condition will be subject to deductible and coinsurance.

The Smoking Cessation Progrmam: smoking cessation program provides free PCP visits and zero copay for Chantix, a medication for nicotine addiction. The **Diabetes Management Initiative and the Healthy Heart Program** provide the opportunity for zero copayments on many generic medication. For more information on all programs call UMR 888-438-6105

*Nutritional Counseling and Weight Management Services: One annual visit with a dietitian and up to 3 additional visits in conjunction with health coaching for those who have a BMI of 27 and above. Prior authorization is required and continued approval contingent upon compliance with health coaching engagement. **Metabolic weight loss programs** are reimbursable up to \$1000/ life time for individuals with a BMI of 30 and above who participate in health coaching. Prior authorization is required. More information is available by calling UMR 888-438-6105
