

Request for Debris Disposal Coupon

The purpose of this form is to request, from the Department of Environmental Management, a coupon which will allow debris removed from a creek to be disposed of for free at the Clover Flat Landfill. This is a Napa County Pilot Program (supported by the Upper Valley Disposal Service (UVDS)) to encourage private clean-up activities. Since only limited funding is available, project approval will be evaluated based on those projects that are deemed to be the most environmentally beneficial and cost effective. If and when funding is exhausted the program will cease.

In order to be eligible for this coupon the project must meet the following requirements:

- 1. The approval must be obtained prior to disposal. No retroactive approvals will be considered.*
- 2. The County's only role in this process is to pay for disposal of the debris. All other activities, including debris pickup, transportation (unless a dumpster is pre-approved), permitting (if needed), private property access, etc., are the sole responsibility of the project sponsor.*
- 3. The clean-up must involve multiple parcels and debris not to have been caused by those property owners. This program is about creeks fouled by wind blown and illegally dumped refuse and is not a substitute for a property owner taking responsibility for self generated debris on their own property.*
- 4. The area of clean-up must be within the UVDS service area and the unincorporated area of the County. Other areas may have creek clean-up support services available through other jurisdictions and programs.*

Application Form

(To be submitted to the Director, Department of Environmental Management, at least two (2) weeks prior to the scheduled clean-up date)

Applicant Name *(Person in charge)* _____

Address _____

Phone Number _____ email Address _____

Location of proposed clean-up *(be specific as possible and attach a map, if necessary)*

Date of proposed clean-up _____

Amount of debris expected _____

Signature _____ Date _____

(Signature above acknowledges the sole responsibility of the County of Napa in this program is to provide a Coupon to fund debris disposal and County assumes no responsibility or liability whatsoever for activities related to the clean-up).
