POLES BACK FITTED WITH STYLELINE TRACK & FITTINGS

In the past using wooden rods entailed short lengths covering only 3 traditional brackets and straight applications. The Woodstox Track Rod challenges these past constraints combining a wooden profile with a curtain tracking system (Styleline), Woodstox has the best of both worlds.

Woodstox Track Rod is available as hand drawn or cord drawn and can be bent including most radial bends. The easy to install, versatile system of Wood Rod Tracking enables long lengths to be covered without the interference of a traditional bracketing system.

35mm & 51mm WOODROD

WOODROD POLES - ONE PIECE

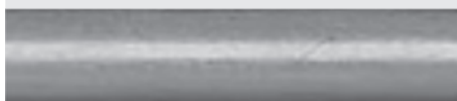

Woodrods are available as separate components in either 35mm or 51mm. The 35mm size is available in Natural, Teak and Walnut, the 51mm is only available in Natural and Teak. There are two finial types to choose from, Wooden Ball or Minaret Finial. The poles in the 35mm series are one piece (available in 5 sizes) and the 51mm is available in one piece up to 300cm length and two piece in the 366cm length.
