Technique: 8 points

Contestants will be judged on how the contents are arranged in the two canvas bags, following the below rules:

- Place heavy cans on the bottom of the canvas bag.
- Frame boxed items around the walls of the canvas bag to create a cushion for other items.
- Insert bottles and glass items in the center of the canvas bag.
- Place crushable items on the top.
- If more than two canvas bags are used, an automatic deduction of two points will occur.

Weight Distribution: 5 points

After viewing technique, each bag will be weighed, and contestants will be judged on the weight distribution between the two bags. Both bags should have approximately equal weight.

- One point will be deducted for each half-point difference between the two canvas bags.
