Dyslexia = No Limits!

We stress to the 3-D kids that they are <u>not</u> limited by their dyslexia. Let's tell everybody that dyslexia does not limit us! Each 3-D family has been touched by dyslexia and each of you have a personal testimony. Sharing your story with other people is an important part of increasing Dyslexia Awareness.

Another great way to increase dyslexia awareness is to purchase and wear these wonderful t-shirts. They are custom-designed especially for the 3-D school by graphic artist, Leslie Gonce. They make a great conversation starter! So, use your story to sell them to everybody you know! The proceeds from the sale of these shirts will go directly to the 3-D school where they will be used to benefit your child. This is our annual t-shirt fundraiser

The 3-D School

for the 2014-2015 school year and we would love to have 100%

participation from all 3-D families.
