1 unit is accessible

There are some limited accessibility such as wider door frames.

There are some limited accessibility features such as wider doorways.

1 unit is accessible.

There is one accessible one bedroom apartment in this building. The one bedroom apartments are on one level, the 2 and 3 bedroom units are on one level. The 2 and 3 bedroom units are over/under.

These units would not be accessible for a person with mobility impairments as there are steps to access the first floor.

These units are a split level design

Apartments are split level design.

These units are a split level design. A chair lift is available to the second floor.

This is a split level design. A chair lift is available to the second floor.

One two bedroom apartment is designated as accessible.

One apartment is designated accessible and offers lowered counters, grab bars in bathroom, low-edge shower.

One apartment is designated as accessible, has lowered counters, grab bars in bathroom, lower-edge shower. Wider doorway

One apartment is somewhat accessible.

Due to the age of the project, there is no apartment specifically designed for accessibility. However, many apartments have wider doorways. Some units have front knobs on the stove and lowered cabinets. All units are ground floor.

All units are ground floor. Some units have lowered counters, front knobs on stoves and wheel-in showers.

Some units have front knobs on stoves, lowered cabinets, and wheel-in showers. All units are ground floor.

Some units have front knobs on stoves, lowered cabinets, and wheel-in showers. All units are ground level.

Some units have front knobs on stoves, lowered counters, and wheel-in showers. All units are ground level.

Some units have lowered counters, front knobs on stoves, and wheel-in showers. All units are ground level.

Some units have front knobs on stoves, lower cabinets, and grab bars in the bathrooms. All units are ground level.

Some units have front knobs on stoves and lowered counters. There is a ramp into the building.

All units have stairs. Some units have lowered counters and front knobs on stoves.

Some units have front knobs on stoves and lowered counters. There are stairs in all units.

There is an elevator and ground floor units. Some units have front knobs on stoves and lower cabinets. All units have wheel-in showers.

Some units have front knobs on stoves and lowered counters. All units have wheel-in showers. All units are ground level.

Some units have lower cabinets and front knobs on stoves. All units have wheel-in showers. All units are ground level.

Some apartments are ground level. There is also an elevator. Some units have lower cabinets and front knobs on stoves. All units are ground level.

Some units have front knobs on stoves and lowered cabinets. All units have wheel-in showers, and there is a tub room on each floor. Kitchen sink roll in space. electric door, front knobs on stove, lower cabinets, wheel in showers, kitchen sink space

One unit has a roll-in shower

2 units have front knobs on stoves, lower cabinets, and roll-in showers.  
2 units have front knobs on stoves, lowered counters and wheel-in showers.  
2 units have front knobs on stoves, lower cabinets and wheel-in showers.  
Two units have front knobs on stoves, lower cabinets and wheel-in showers.  
None of the units are accessible for people with disabilities.  
None of the apartments are accessible for persons with disabilities.  
None of the apartments are accessible for people with disabilities.  
Minor accommodations are allowed at the tenant's expense. Features some ground floor units.
