

MCBC Business Advertising

Reach Thousands of Cycling Customers While Supporting
Bicycle Access, Safety and Education

Advertise with the Marin County Bicycle Coalition (MCBC) for a full year and become a Business Member!

Advertise with MCBC today – there are two ways to do this:

1. Email Bulletin Ads
2. Pedal Press Newsletter Ads

These programs are explained on pages 2 & 4.

Any business who advertises for a full year with MCBC becomes a Business Member and receives these additional benefits:

- **Membership Benefits Flyer:** If you offer a discount to MCBC members, your business name, contact info and offer will be included on our flyer. Flyer is annually mailed to every new and renewing member and is posted on www.marinbike.org.
- **Annual Report:** your business name will be included in your membership level category.
- **E-mail Bulletin Subscription:** weekly e-mail bulletins containing current news and events
- **Pedal Press Subscription:** quarterly newsletter highlighting project and program updates

MCBC HAS BEEN “GREENING” OUR COUNTY SINCE 1998

- With support from members and business owners like you, MCBC focuses on improving the way bicyclists and pedestrians circulate throughout our communities safely, and our work results in local benefits like reduced greenhouse gas emissions, direct connections between popular destinations, more opportunities for daily physical activity, and ways to avoid sitting in traffic. YOU make all of this happen!
- The regularly visible bike lanes, bike route signs, ‘sharrow’ pavement markings, wider shoulders, smoother road surfaces and sidewalk improvements have occurred in your town largely through MCBC members’ local advocacy.
- These facilities are bringing more customers to your doors and your services are adding vitality and stability to our communities.
- MCBC’s formidable combination of political savvy, eagle-eye project monitoring, and educated passion for cycling is only as effective as the support we receive from members. The Cal Park Tunnel opened with much fanfare in December 2010.

Pedal Press News

The Pedal Press is MCBC's primary publication and is therefore eagerly anticipated by readers for its articles on current projects and issues they care about. Each Pedal Press contains updates on our five program areas: Safe Routes to Schools, Share the Road, Building Marin's Bike/Ped Infrastructure, National and State Advocacy, and our Public Outreach efforts. We also highlight individuals, businesses and products as relevant each season.

Our distribution reaches cyclists, walkers and drivers who are business owners, government agency staff, independent contractors, students and local employees.

By advertising in the Pedal Press, you are aiding MCBC's ability to continue expanding the reach of Marin County's bike/ped network, and ensuring that bike/ped projects in Marin are built safely and to proper standards, address the needs of all users, are fully funded, and are utilized by cyclists of all ages and abilities. We appreciate your support!
