Replace: Paint all wood surfaces with one coat primer and 2-coats finish paint.

With: Paint all plywood surfaces and shelving in the storage rooms including chlorine storage room with one coat primer and 2-coats finish paint.

Please price the supply and install of plywood sheeting on both sides of the storage room walls. These surfaces need to be painted, not the under side of the roof deck. The outside of the storage rooms walls are to be painted as well and wood joists are not to be painted.
