Dear Parents/Guardians

This term, we have many exciting school activities to look forward to. Our student leaders will be taking up new roles as appointment holders as school councillors and in their CCAs, and our performing arts groups will be taking part in the Singapore Youth Festival. In addition, our Inter-House competition is heating up, and Sports Day promises to be a colourful, exciting day for our Houses to battle for the 2015 championship. At the same time, it is also important for our students to manage their time so that they are well-prepared to learn in class and for the Mid-Year Examinations. This letter provides important information that will help you understand what to look out for this term.

2. Mid-Year Examinations

The Mid-Year Examinations will be held from Mon, 27 Apr to Fri, 8 May. A copy of your child's examination timetable and school examination guidelines is attached to this letter. Lessons will continue as usual until the last day indicated, except for the dates for the English and Mother Tongue papers.

During the exams:

1. If there are no lessons or papers, students need not report to school.
2. If students have a paper starting at 0800, they must report for assembly at 0730.
3. All Sec 1 to 3 examinations will be administered in the classroom.
4. Secondary 4 and 5 classes will take their examinations in the hall (except for listening comprehension and practical papers).
5. Students need to adhere to school guidelines for attire and behaviour during the examinations.

Students should not absent themselves from examinations, unless certified medically unfit for examinations. As there will be no resitting of papers, students absent without a valid medical certificate will be awarded zero. Late-comers will also not be given extra time.

Finally, Mon, 11 May, is a marking day, and students need not report for school.

If you do have questions about the examinations, please contact Mr Justin Tan at justin_tan@moe.edu.sg. The detailed examination schedule and details will also be uploaded to the school website shortly.

3. ASPIRE and Budget update

As reported in the media, SMS Indranee Rajah was the Chairperson of the ASPIRE Steering Committee, which proposed 10 key recommendations that would help students make more informed choices, provide them with opportunities to deepen their skills, and multiple pathways to success. We are pleased to enclose her note to you where she explains that ASPIRE's initiatives will be driven by SkillsFuture.
