

N.C. STATE UNIVERSITY PESTICIDE SCHOOLS

Follow these steps to become certified and licensed:

1) Understand what type of pesticide license you need. The North Carolina Department of Agriculture and Consumer Services (NCDA&CS) issues pesticide licenses in the state. Look at the list of categories to determine the one(s) you need here:

ncagr.gov/SPCAP/pesticides/CATEGEXP.HTM

2) Order manuals from the N.C. State University Pesticide Safety Education Program. All questions on the Pesticide Exams come from manuals available at N.C. State University. Each manual corresponds to a particular licensing category. You can order manuals online at www.pesticidemanuals.com or you can print the manual order form and mail it to N.C. State University with a check or money order by going here: **pesticidesafety.ces.ncsu.edu/pesticide-manual-order-form/**

3) Sign up for a Pesticide School or an Exam Only option. We offer Pesticide Schools which you can sign up for at www.pesticidemanuals.com. At these schools we review the Core Manual, which is a book most people must take a test on, and we review certain subcategories. The NCDA&CS will allow you to register for and take the pesticide exams at the end of the school.

If you opt to take the exams without the school, look at test dates, exam fees, and register for the exam only option here:

ncagr.gov/SPCAP/pesticides/exam.htm

4) Take your pesticide exams. You can attend a Pesticide School and take the exam on the second day of the school, or you can opt to register for and take the exams apart from the pesticide schools.

Important Note About Fees:

Pesticide School: \$20 (Private/Farmers) or \$40 (Commercial/Public Operators) to N.C. State University.

Exam Fees: Paid to N.C. Department of Agriculture and Consumer Services.

PESTICIDE SCHOOL SPRING 2016
