

“BUY A LUGGAGE TAG & SEND A CHILD TO CAMP”

You can make a difference in a child’s life!
Memories from summer camp are ones that will be cherished for a lifetime.

“Little did we know that camp was going to be his most fulfilling experience of his young life and that this would definitely make a wonderful impact on him.”

- Jared’s (age 10) parents - Jon & Janis

“I think that it’s much more important to act as a positive role model than to act ‘cool’.”

- Sarah, Group Counselor (4th year staff member)

“Every summer I had at camp was the very best.”

-Nico, age 17 Kitchen Staff (3rd year staff, long time Camp Nawakwa camper)

“Camp is just awesome. I mean, there are so many things to do here that I can’t do at home...like archery, canoeing and campfires. What would I be doing if I was at home? Watching TV?”

-Sophia, age 10

Summer is fast approaching and children throughout our communities are hoping they can go to camp. It’s hard to believe that many children have never had the chance to experience the beauty of our local mountains. Spending time in the “great outdoors” provides a respect for nature builds new confidence and creates life-long memories of adventure, self-reliance, friendship and fun. ***In these challenging economic times, more and more kids in our community require some assistance towards their camp fees.***
