Date

# Teacher Recommendation

Students that are enrolled in Cosmetology are required to clock 1000 hours to become a license cosmetologist.

The course will take three years; one class period their intro year and three periods for cosmetology I and cosmetology II. This leaves little time for making up failed classes or lack of credits. Due to the dedication and expectations that is needed, we would appreciate your personal feedback if you feel this student will succeed in the cosmetology program.

**Thank you for your time and honesty.**
