REPORT ON POSTING OF AGENDA

Recording Secretary Linden reported that the agenda for the meeting was properly posted on March 25, 2015.

ITEM 1.A. PUBLIC COMMENTS

Peggy Kaplan discussed dangers on Grasswood Avenue because parking was allowed on both sides of the narrow street. She stated emergency vehicles would have a difficult time getting through. She stated the City and Coastal Commission agreed years ago to designate Grasswood as a public parking area for Point Dume. She said it was necessary for that agreement to be reconsidered. She requested the issue be added to a future agenda for further discussion.

Sam Hall Kaplan discussed the emergency response when he had a heart attack ten years ago. He discussed the increased number of emergency response incidents currently. He stated it is a dangerous situation that could result in tragedy. In response to Vice Chair Frost, Mr. Kaplan stated the available road space when vehicles were parked on both sides of the street varied from approximately six to eight feet.

Darlene Adesso stated paramedics could not get through last year when her neighbor needed medical assistance.

Muriel Kotin stated she often parked on Grasswood when visiting the headlands. She agreed with the other speakers that it was a difficult and dangerous situation. She suggested the parking policy be changed in the area to allow parking on just one side of the road along the border of the headlands to take pressure off Grasswood.

ITEM 1.B. COMMISSIONER COMMENTS

Commissioner Matlow commiserated with the residents of Grasswood. She stated it is a Coastal Commission issue, but it should not stop the City from addressing the problem. She suggested the City ask the Coastal Commission to reverse its decision to allow parking on both sides of Grasswood.

Ms. Kaplan stated Westward Road has access to the Headlands and room for parking, but visitors did not want to pay for parking.

CONSENSUS

By consensus, the Commission requested that parking issues in Point Dume, particularly on Grasswood Avenue, be added to a future agenda.

Commissioner Randall reported that she attended one of the Civic Center Design Standards Task Force public meetings. She stated she attended the Every 15 Minutes program at the high school. She thanked the Sheriff's Department for an outstanding program that greatly affected the students and adults. At the request of Commissioner Randall, Lt. Royal explained the Every 15 Minutes program.

Commissioner Matlow suggested in-road warning lights be installed on Kanan Dume Drive to warn drivers about the arrester bed, as well as on Pacific Coast Highway (PCH) crosswalks. She discussed the need for a highway across the Santa Monica Mountains to give relief to PCH. She suggested it be discussed by the Public Safety Commission or Public Works Commission. In response to Commissioner Matlow, Lt. Royal stated the traffic office would make a presentation to the schools about laws regulating golf carts on the public roads.

Public Works Director Brager stated the City agreed there are serious parking issues on Grasswood that require a community-based decision. He stated an item would be placed on the May 6, 2015 Public Safety Commission agenda for discussion of the issue.

PUBLIC COMMENT (continued)

Martha Fling stated nothing has changed on the road since it was originally created, but the number of people and cars has multiplied over the years. She stated all the streets in the area needed to be adjusted. She discussed a previous study recommending traffic calming measures. She stated speed humps had been requested, but that request was shot down by the City. She discussed an exhaustive study with the community of Point Dume was necessary to slow cars down.

Ed Harvey stated homeowners on both sides of Grasswood were encroaching approximately 12 to 13 feet. He stated it was investigated in depth approximately five years ago. He stated the City did not follow through for fear of lawsuits.

COMMISSIONER COMMENTS (continued)

Commissioner Matlow discussed the Point Dume traffic study completed years ago. She stated the City claimed at the time that most of the solutions were not affordable.

Public Works Director Brager stated the City wants the residents to be active participants in the discussion. He stated speed humps have recently been installed in several areas in the City. He stated the City is ready to move forward on the Grasswood issue.

Vice Chair Frost stated the last two weeks at Paradise Cove had been the most dangerous ever. He requested safety precautions at Paradise Cove be added to a future agenda. He expressed concern about drunk drivers going over the hill on weekends after drinking in Malibu. Lt. Royal stated the public is an ally to the Sheriff's Department by calling in suspected DUIs.

ITEM 2 CONSENT CALENDAR

MOTION Commissioner Matlow moved and Vice Chair Frost seconded a motion to approve the Consent Calendar. The motion carried 3-0, Chair Saul and Commissioner May absent.

The Consent Calendar consisted of the following items:

A. Previously Discussed Items
None.

B. New Items

1. Approval of Minutes – March 4, 2015
Staff recommendation: Approve minutes of the Public Safety Commission Regular meeting of March 4, 2015.

ITEM 3 OLD BUSINESS

- A. Pacific Coast Highway (PCH) Street Lighting (continued from February 4, 2015)
Staff recommendation: Receive and file update on the City's Emergency Preparedness Program activities for the period of December 2014 through February 2015.

Lt. Royal reported that the Malibu/Lost Hills Sheriff's Station's traffic detective stated lighting was not a causal factor in recent accidents, but he believed that better lighting would be helpful. Lt. Royal stated the Sheriff's Department would supported anything that improved visibility on the highway.

Commissioner Randall confirmed she would bring up the lighting issue at the next meeting of the PCH Task Force, which is regularly attended by Caltrans.

ITEM 4 NEW BUSINESS

- A. Update on Projects Affecting Traffic on Pacific Coast Highway (PCH) and City Streets
Staff recommendation: 1) Receive and file status updates on projects affecting traffic on PCH and City streets, including: a) PCH Bus Stop Improvements Project; b) PCH Safety Study; c) PCH Bike Route Improvement Project; d) PCH Embankment Stabilization Project near Las Tunas State Beach (Caltrans); e) Caltrans maintenance work; and 2) provide questions to be asked during the City's biweekly conference call with Caltrans staff.

Commissioner Matlow asked if flashing, in-pavement lighting could be installed on Kanan to demarcate the arrester bed. Public Works Director Brager stated the City was working on resolving the issue and had new striping scheduled next week. He stated all recommendations had to be reviewed by the Traffic Engineer to see if they would work and to ensure they did not cause other problems. Commissioner Matlow suggested the two options of striping and flashing lights be presented to the Traffic Engineer to choose the most optimal solution. She requested speed humps be discussed by the Commission for safety concerns with regard to response time for paramedics.

In response to Commissioner Randall, Public Works Director Brager stated the La Costa crosswalk was still being addressed by Caltrans. Commissioner Randall stated a resident told her they heard that Caltrans was considering removing the PCH median. Public Works Director Brager stated it was a misunderstanding and that there is a project to enhance the median in certain areas.

Vice Chair Frost stated the new lane for the bike route project looks beautiful. He stated the first vehicle to park dictated parking for the rest of the road. He stated enforcement needed to be increased to cite vehicles parked in the bike lane.

Vice Chair Frost asked about signs covered in plastic along the bike route. Public Works Superintendent Aladjajian stated the City was going through the signage to ensure the correct signs were installed in the correct locations.

Commissioner May arrived at 6:09 p.m.

Commissioner May discussed an accident at Cavalleri Road. He stated he had been requesting a stop sign be installed there for a long time. He discussed other dangers, such as where parked cars inhibited visibility. He stated he requested maintenance be done at several areas to smooth the road. He stated the Caltrans response was not reasonable and PCH needed to be maintained to a higher standard. He discussed signage issues throughout the City.

Public Works Director Brager stated the issues brought up previously were discussed with Caltrans. He stated Caltrans requested the City prioritize its requests.

In response to Commissioner Randall, Public Works Director Brager confirmed that La Costa and Rambla Pacifico were being closely looked at as part of the PCH Safety Study. He stated Measure R funding could possibly be used. Commissioner Randall discussed possible problems with the timing of the signals at PCH and Rambla Pacifico. Public Works Director Brager stated the City's PCH Safety Study consultant was reviewing signal timing.

Commissioner Matlow discussed the Malibu Whitnall Highway proposed in the 1960s. She suggested the idea be revisited as an option for diverting traffic off PCH.

Lt. Royal requested proposed solutions for the traffic backup at Westward Beach.

The Commission recessed at 6:37 p.m. and reconvened at 6:40 p.m. with all Commissioners present, except Chair Saul.

B. 2015 Summer Enforcement Team Proposal

Staff recommendation: Review the Sheriff's Department proposal for the 2015 Summer Enforcement Team deployment and recommend that the City Council approve the proposal as part of the Sheriff's Budget for Fiscal Year 2015-2016.

Lt. Royal presented the report. He stated Los Angeles County Department of Beaches and Harbors estimated there were approximately 350,000 visitors to Malibu beaches over the July 4, 2014 holiday weekend. He thanked the Commission for bringing to his attention the safety benefits of additional parking patrol during the summer.

Commissioner May discussed a Lot Full sign put up at Westward Beach Road last year that diverted traffic to Zuma Beach. He stated he hoped that signage and additional personnel collecting parking fees at Zuma Beach would be used again this year.

Commissioner Matlow asked that Big Dume and Little Dume Beaches be patrolled by the Summer Enforcement Team. Lt. Royal explained how the team was deployed. Commissioner Matlow suggested requesting a homeowner in the Riviera assist with logistics to aid deployment at the pocket beaches.

Lt. Royal stated the Beach Team over the years has resulted in fewer gangs and less open alcohol drinking on the beach. He stated Paradise Cove is considered a pocket beach.

In response to Commissioner Randall, Lt. Royal stated the pocket beach team would patrol from the State beaches at the western end of the City to Topanga. In response to Commissioner Matlow, Lt. Royal explained parking enforcement.

MOTION

Commissioner Randall moved and Commissioner Matlow seconded a motion to recommend that the City Council approve the 2015 Summer Enforcement Team Proposal as part of the Sheriff's Budget for Fiscal Year 2015-2016. The motion carried 4-0, Chair Saul absent.

C. Public Safety Agency Activity

Staff recommendation: Discuss recent Public Safety Agency activities and receive and file monthly activity reports from the County of Los Angeles Sheriff's Department, Fire Department and Lifeguard Division.

Commissioner Matlow announced the retirement of Traffic Sergeant Phil Brooks. She requested Lt. Royal express the Commission's gratitude for Sergeant Brooks' years of service to the community.

Lt. Royal presented the report. He stated there was a significant drop in vehicle burglaries during the period when PCH was closed at the west end from December through February.

In response to Commissioner Randall, Lt. Royal stated the Sheriff's Department did not handle the situation well when the Las Flores and Rambla Pacifico signals were out recently. He stated the agreement with the City to provide traffic enforcement until the signals were repaired with other enforcement backfilled was not understood by the personnel on duty at the time. He stated he and the Captain had reviewed the details with supervisory personnel and patrol deputies.

ADJOURNMENT

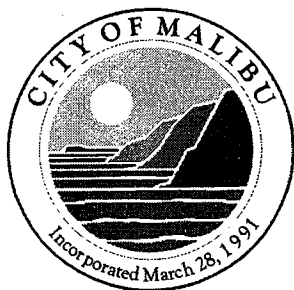

MOTION At 7:20 p.m., Commissioner Randall moved and Commissioner Matlow seconded a motion to adjourn. The motion carried 4-0, Chair Saul absent.

Public Safety Commission Agenda Report

To: Chair Saul and Members of the Public Safety Commission

Prepared by: Bob Brager, Public Works Director/City Engineer 

Approved by: Jim Thorsen, City Manager 

Date prepared: April 22, 2015 Meeting date: May 6, 2015

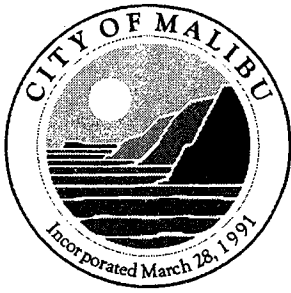

Subject: Parking on Grasswood Avenue

RECOMMENDED ACTION: Receive report and discuss feasibility of recommending parking improvements on Grasswood Avenue.

DISCUSSION: At the April 1, 2015 Regular Public Safety Commission meeting, residents living on Grasswood Avenue and surrounding streets expressed safety concerns when vehicles are parked on both sides of the roadway. Residents indicated that when vehicles are parked on both sides of the roadway, there is insufficient room for emergency vehicles to pass through, which poses a danger to residents seeking emergency services. They also said that because of social media, more visitors are frequenting the area, but there are no additional parking spaces in the area for them to park. One resident suggested that only one side of the road be allowed for parking and to also allow parking in areas that are currently assigned for "No Parking." However, another resident stated that by altering the current parking regime, it would push the problem to adjacent streets and suggested that parking should be addressed in the entire Point Dume area of Malibu and not just on one street. Staff responded by stating that the best solution would be one that was community-based and invited residents to actively participate in future public workshops and meetings.

In response to resident's concerns, it is recommended that staff work with the community on this matter and bring back a community-based parking improvement solution for review by the Commission, and if favorable, make a recommendation for City Council approval and implementation.

Public Safety Commission Agenda Report

To: Chair Saul and Members of the Public Safety Commission

Prepared by: Arthur Aladjajian, Public Works Superintendent 

Approved by: Jim Thorsen, City Manager

Subject: Update on Projects Affecting Traffic on Pacific Coast Highway (PCH) and City Streets

DISCUSSION: Below are the latest updates on the status of projects in and around Malibu that affect traffic and public safety on PCH and City streets:

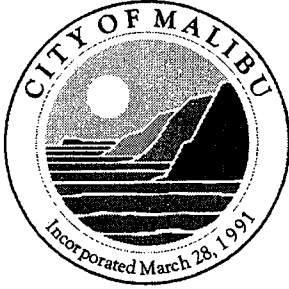

- a) PCH Bus Stop Improvements Project – There are a total of 11 bus stops included in this project. The contractor started construction on three southbound bus stop locations at PCH intersections with Morning View Drive, Busch Drive, and Heathercliff Road. Construction work for all 11 bus stop locations is expected to be completed before summer begins.
- b) PCH Safety Study – A joint Special meeting of the Public Safety Commission and Public Works Commission is scheduled on May 13, 2015, at 6:00 p.m. to discuss the draft final report of the PCH Safety Study.

A ribbon cutting ceremony is scheduled for Wednesday, April 29 at 10:00 a.m. in the Zuma Beach parking lot near the intersection of PCH and Morning View Drive.

- d) California Incline Bridge Replacement Project (City of Santa Monica) – The California Incline was closed on Monday, April 20, 2015 to begin demolition of the existing bridge and construction of a new bridge at the same location. The new structure will meet current seismic standards and will include a wider sidewalk and bicycle lanes. According to the project website, construction is expected to be completed within 12-13 months.

- e) Caltrans Maintenance Work – According to Caltrans, maintenance crews completed additional improvements on the PCH Vista Point at Big Rock Drive, such as fence modifications, to improve the ocean view. A Caltrans maintenance crew also removed a dead eucalyptus tree along the southbound shoulder of PCH, between Webb Way and Cross Creek Road, because it was deemed to be unsafe.

The Commission may provide staff with a list of questions to be asked during the City's biweekly conference call with Caltrans. Responses to those questions will be reported back to the Commission at its next regular meeting.
