WHY DO I NEED TO TAKE THIS CLASS?

Certified Irrigation Technicians prove they have the skills to install, repair and maintain irrigation systems.

- ◆ Cut and join pipe, know the limitations of different piping systems, and understand basic hydraulics.
- ◆ Layout and install piping and water delivery components; backflow prevention components; mechanical, hydraulic and electrical irrigation controls; and other irrigation system components.
- ◆ Troubleshoot and repair irrigation components and systems.

BECOMING A CERTIFIED IRRIGATION TECHNICIAN ALLOWS YOU TO:

- ◆ Add instant credibility with customers.
- ◆ Increase job opportunities.
- ◆ Demonstrate your commitment to efficient water management.
