Introduction

The most painful time is when you are away from your loved one. Even with the phones, emails and social media updates, a letter remains the most personal and intimate way of sending a message across.

Missing You Letter Tips

Tips for letter writing

- If you miss the one person you love, never hesitate to pick up the pen and tell them how you feel.
- Express your feelings truly
- Check for any errors or spelling mistakes in the end.

Dear Rita,

It seems like ages since I saw your charming smile. I miss having you around me, worrying about me and taking care of me. Although I have great friends and everything I need back here, it still seems like a large chunk of my heart has been left behind.

I go to bed every night hoping that I wake up to find you here with me. There are days when I feel completely alone without you. There are so many moments that I know I can only share with you and no one else. Whenever I am out in the rains, I remember how you used to force me to dance with you in the rain. As much as I hesitated each time, I wished those moments never ended. I crave to be by your side and hold you in m arms.

I cannot wait to come home to you, me love. I know that you feel the same to. I cannot find enough words to tell you how much I miss you. Being away from you makes me realize how much I love you and how much I want to be with you.

Love,

Brendon
