INTRODUCTION

The Jackson Public School District has developed a performance evaluation system for teachers. The district's philosophy of evaluation is based upon the fundamental belief that the purposes of teacher performance evaluation are fivefold:

1. to determine competence
2. to assess strengths
3. to provide support and mentoring
4. to assure continued growth through differential experiences
5. to monitor the organization's employment decisions.

These philosophic tenets have shaped the development of criteria, instruments, and procedures. Criteria for teachers include productive teaching techniques, student achievement, organized, structured class management, positive interpersonal relations, and employee responsibilities.

This teacher performance evaluation handbook contains an instrument and performance evaluation activities. The system recognizes the need for:

1. orienting, inducting, and evaluating new employees or employees new to a position,
2. evaluating employees who are experienced in their position, and
3. offering professional growth options for commendable teachers who deserve an array of choices in meeting evaluation and growth goals.

PHILOSOPHY OF EDUCATION

The purpose of the Jackson Public School District is to provide every student the opportunity for a quality education necessary to compete in a global economy. The district's intent is to promote high academic standards, ensure safe schools, increase daily attendance, attract and retain high-quality teachers, and promote parental and community involvement.

Effective education begins with an understanding of what people are like, how they behave and learn, and what problems they face. The district is committed to graduating literate adults who are self-sufficient, self-disciplined, life-long learners.

Every student has the responsibility to come to school prepared and willing to learn, and is ultimately responsible for self, family, community and country. All stakeholders must be involved in the pursuit of educational excellence by participating, doing, leading, creating, encouraging, sharing, learning, and understanding.

PHILOSOPHY OF INSTRUCTION

The instructional philosophy of the Jackson Public School District is to ensure that maximum learning takes place in a safe and positive environment. Teachers serve as positive role models, mentors, and contributing team members who adhere to, and enforce, district and school policy.

Teachers will use the district's instructional delivery model to ensure effectiveness and consistency. Instruction is student-centered and focused on the goal of mastering the curricula of the district which is aligned to state standards.

Important elements of quality instruction include, but are not limited to, implementation of the district curricula, teaching to the objectives, utilizing effective methods of delivery, assessing, re-teaching, and providing expanded opportunities in the learning process. The district commits to providing every teacher with the necessary resources, materials, and support to deliver quality instruction.

PHILOSOPHY OF EVALUATION

It is the intent of the Jackson Public School District to develop and maintain a comprehensive evaluation system. The purposes of performance evaluation are to determine competence, assess strengths, provide support and mentoring, assure continued growth through differential experiences, and monitor the organization's employment decisions.

The evaluator will use the district's prescribed system of evaluation. The evaluation system is reliable, valid and legally discriminating. Evaluation should improve the delivery of services to students. It should be a continuous, constructive, and cooperative endeavor.

PERFORMANCE AREAS, CRITERIA AND DESCRIPTORS

(Descriptors listed are not all-inclusive.)

I. PRODUCTIVE TEACHING TECHNIQUES

Criterion #1 Demonstrates effective planning skills

- a. Uses knowledge of students to design educational experiences
- b. Writes lesson plans with clear, logical and sequential content
- c. Plans lessons that reflect the district curriculum
- d. Selects appropriate long-range goals
- e. Selects objectives at the correct level of difficulty to assure successful learning experiences for each student
- f. Includes teaching methods and procedures relevant to the objective
- g. Includes relevant student activities
- h. Plans both formative and summative evaluation procedures
- i. Plans appropriate time allotment
- j. Selects a variety of teaching methods, procedures and student activities

Criterion #2 Implements the lesson plan effectively

- a. Reviews students' prior knowledge and/or experiences
- b. Identifies and previews appropriate resources to use
- c. Provides structure for learning
- d. States instructional objectives
- e. Provides input related to objectives
- f. Models activities congruent with topic being taught and provides guided practice to reinforce concepts
- g. Utilizes lesson summary techniques
- h. Provides independent practice activities
- i. Indicates positive directions for moving from one activity to the next
- j. Checks for understanding and adjusts instruction as needed

Criterion #3 Communicates effectively with the students

- a. Respects students
- b. Speaks clearly
- c. Uses a variety of verbal and nonverbal techniques free of sarcasm
- d. Elicits and responds to student questions before proceeding
- e. Gives clear, explicit directions
- f. Uses probing techniques
- g. Provides structuring comments which clarify the tasks and help the lesson proceed smoothly
- h. Puts ideas across logically
- i. Uses appropriate and correct vocabulary in oral and written communications
- j. Uses praise appropriately

Criterion #4 Prepares appropriate evaluation activities

- a. Makes methods of evaluation clear and purposeful
- b. Uses pre- and post-tests
- c. Monitors student progress through a series of formative and summative evaluation techniques
- d. Prepares tests which reflect course content
- e. Administers teacher-constructed, criterion-referenced, and/or standardized tests

Criterion #5 Provides students with appropriate evaluative feedback

- a. Gives written comments, as well as points or scores
- b. Returns test results as quickly as possible
- c. Makes opportunities for one-to-one conferences
- d. Effectively interprets test results to students and parents

Criterion #6 Displays a thorough knowledge of curriculum and subject matter

- a. Explains the purpose of the topic or activity
- b. Relates specific topics or activities to content area
- c. Explains topics or activities in context
- d. Uses appropriate examples and illustrations
- e. Identifies the subset of skills that are essential for accomplishing the instructional objective(s) of the lesson
- f. Presents subject matter which is accurate and appropriate to the abilities of students

Criterion #7 Selects learning content congruent with the prescribed curriculum

- a. Develops lesson plans which reflect the district's prescribed curriculum
- b. Seeks and uses the advice of educational specialists in content areas
- c. Prepares course outline(s) which reflects the prescribed curriculum
- d. Coordinates learning content with instructional objectives(s)
- e. Participates in curriculum review, revisions, and/or developmental activities
- f. Adapts new teaching practices validated by research as they properly apply to the adopted model of school learning
- g. Aligns carefully the functional classroom curriculum taught with the school district's curriculum guides/benchmarks and the state frameworks

Criterion #8 Provides opportunities for individual differences

- a. Uses knowledge of individual students to design educational experiences
- b. Paces learning according to students' mastery of content
- c. Provides extra help and enrichment activities
- d. Provides multimodal instruction to accommodate a variety of learning styles
- e. Uses school community resources to gain knowledge and understanding of students
- f. Makes appropriate student referrals
- g. Implements Individualized Educational Programs (IEPs) as required

Criterion #9 Ensures student time on task

- a. Schedules learning time according to guidelines for the subject area(s)
- b. Begins class work promptly
- c. Reinforces students who are spending time on task
- d. Minimizes transition time
- e. Addresses and encourages off-task students

Criterion #10 Sets high expectations for student achievement

- a. Establishes expectations for students based on a level of skills acquisition appropriate to their ability level
- b. Uses concrete, first-hand information about students
- c. Requires students to meet the requirements for promotion
- d. Promotes personal goal setting
- e. Redirects off-task behavior

II. STUDENT ACHIEVEMENT

Criterion #11 Demonstrates evidence of students' academic growth

- a. Reviews and evaluates student achievement data
- b. Uses data results to restructure the instructional methods to promote successful learning if unsatisfactory progress is determined
- c. Uses district/state and other alternative assessments to measure students' individualized annual growth

III. ORGANIZED, STRUCTURED CLASS MANAGEMENT

Criterion #12 Demonstrates evidence of personal organization

- a. Maintains classroom organization for efficient distribution of learning materials
- b. Maintains proper care of instructional equipment and materials
- c. Shows evidence of adequate lesson preparation and organization of work with objectives clearly in mind
- d. Makes materials readily available to the students
- e. Provides adequate plans and procedures for substitute teachers
- f. Shows evidence of good housekeeping procedures in the educational setting

Criterion #13 Establishes and maintains discipline

- a. Manages discipline problems in accordance with administrative regulations, school board policies, and legal requirements
- b. Establishes and clearly communicates parameters for student classroom behavior
- c. Keeps accurate accounting of student attendance
- d. Promotes self-discipline
- e. Manages disruptive behavior constructively
- f. Demonstrates fairness and consistency in the handling of student problems
- g. Keeps criticism fair, objective, and minimal

Criterion #14 Organizes students for effective instruction

- a. Uses grouping to encourage peer group interaction
- b. Makes use of the physical school environment to support current learning activities
- c. Makes certain that procedures allow adequate wait time for each student
- d. Groups students according to their instructional needs
- e. Varies size of groups according to instructional objective
- f. Creates a set of guidelines for students to follow when doing small group work
- g. Provides orientation for new students

IV. POSITIVE INTERPERSONAL RELATIONS

Criterion #15 Demonstrates effective interpersonal relationships

- a. Makes use of support services as needed
- b. Shares ideas, materials, and methods with other teachers

- e. Supports Parent Teacher Student Association (PTA/PTSA)

Criterion #18 Assumes responsibilities outside the classroom as they relate to school

- a. Assumes necessary non-instructional responsibilities
- b. Exercises reasonable responsibility for student management throughout the entire building

TEACHER PERFORMANCE EVALUATION CYCLE

Jackson Public School District

The evaluation cycle outlined below provides the employer with the opportunity to assess and evaluate the performance of the teacher on the district-adopted teacher performance evaluation criteria. Throughout the course of the evaluation cycle, strengths and areas of growth will be identified and communicated to teachers. Appropriate guidance, assistance, and overall support will be provided as needed to aid in improving performance.

The district offers three evaluation tracks for teachers: a three-year induction cycle; a regular evaluation cycle; and an optional Professional Growth cycle. The Professional Growth track is available to teachers defined as commendable. Teachers are defined as being “commendable” if they are rated commendable on at least 8 (53%) of the district’s rated criteria and “yes” on all “Employee Responsibilities” criteria.

The assessment instrument used for teachers contains criteria (specific behaviors) that pertain to all teachers. It is assumed that all employees of the Jackson Public Schools are professional and, as such, will perform duties with integrity, and maintain a positive, vigilant attitude toward student physical safety and emotional well being.

The following details the two stages of the formative evaluation phase, as well as the summative phase.

FORMATIVE EVALUATION PHASE

PHASE I TIMELINE (Steps 1-8) September 7-November 30

1. **TEACHER ORIENTATION:** Evaluation process is reviewed with staff prior to beginning of annual cycle.
2. **EVALUATOR and TEACHER (EVALUATEE)** set date for classroom observations and for preobservation conference.
3. **EVALUATEE** prepares and submits preobservation conference data sheet at least one day prior to preobservation conference.
4. **EVALUATEE and EVALUATOR** hold preobservation conference to discuss information on preobservation conference data sheet. Both parties sign the preobservation conference data sheet.
5. **EVALUATOR** makes formal classroom observation, preparing a written account of observation.
6. **EVALUATOR** prepares postobservation conference data sheet, schedules postobservation conference within three days of observation, and discusses observations as noted on postobservation conference data sheet. Both parties sign the postobservation data sheet.
7. **EVALUATOR** prepares Instructional Improvement Plans for any specified areas, discusses with **EVALUATEE**, and both sign. Monitoring of the plan(s) begins.
8. In cases of unsatisfactory performance, the evaluator will use the district’s Formal Plan of Assistance.

PHASE II (Steps 1-3) December 1-February 15

1. EVALUATOR conducts unscheduled, documented observations for a minimum of one instructional period.
2. EVALUATOR shares observation results with EVALUATEE within three days of observation.
3. EVALUATOR continues to monitor the Instructional Improvement Plans.

SUMMATIVE EVALUATION PHASE

(Steps 1-2) February 15-March 1

1. EVALUATOR prepares SUMMATIVE EVALUATION REPORT and both parties sign. EVALUATOR sends report to Office of Human Resources and appropriate assistant superintendent by March 1.
2. If necessary, EVALUATOR and EVALUATEE discuss unsatisfactory completion of Instructional Improvement Plan or Formal Plan of Assistance to be monitored after March 1. EVALUATOR will continue to monitor EVALUATEE'S progress.

CLARIFYING NOTES

The evaluation process will be ongoing throughout the year and will consist of both formal and informal evaluations. Teachers will be evaluated on the eighteen criteria listed in the evaluation instrument. Descriptors listed under each criterion will serve as indicators of each criterion but will not be considered to be all-inclusive.

Although the primary evaluator in every case, the principal has the option of using the assistant principal to help him/her evaluate teachers. Unlimited informal observations as well as input from supervisors, consultants, instructional specialists, and peers may be used to ascertain a teacher's performance level and to identify appropriate areas for improvement.

If a teacher's performance falters during the course of the year, the evaluator may request that additional evaluation steps be incorporated into the process. In cases of unsatisfactory performance, the evaluator will use the district's Formal Plan of Assistance.

If a serious difference in evaluation exists between the teacher and evaluator, the teacher may express disagreement by (1) writing comments on the post-observation conference data sheet, (2) writing comments on the summative evaluation document, and/or (3) using the established complaint procedure.

Evaluators shall maintain a record of all formal and informal observations, times, dates, duration of observations, times, dates, duration of observations, and any other pertinent discussion, action or agreements surrounding these events. Evaluation documents will be maintained in the administrative office for a three-year period.

Formal or informal observations conducted after March 1 and prior to the beginning of the next scheduled evaluation cycle will be considered in the overall evaluation process.

360° FEEDBACK OPTION

Included in this instrument are several rating sheets that the evaluatee has the option of using. The teacher may obtain feedback on his/her performance by using the reflective Self Rating Sheet, the appropriate Student Feedback Sheet, the Peer Rating Sheet and/or the Parent Rating Sheet.

The use of the rating sheets is completely optional and the results are to be viewed only by the teacher. The teacher may, if he/she desires, share the results with the Evaluator.

However, if a teacher decides to use the Student Rating Sheet, he/she must ask a peer teacher to administer the instrument and collect the results. The peer teacher will then return the completed forms to the supervising teacher. Research shows that students do not respond as candidly if the supervising teacher administers the rating sheet himself/herself.

INDUCTION PROCEDURES FOR TEACHERS NEW TO THE DISTRICT (THREE-YEAR CYCLE)

Newly hired teachers will be provided mentoring and special training for their first year of employment in the district. This training may continue for an additional two years. The induction experience will orient, mentor, and support new teachers to enable them to perform at an effective and ever-improving level and find personal and professional satisfaction as a member of the Jackson Public School District learning community.

ORIENTATION SEMINAR

During the first few weeks of employment, each new teacher will attend an orientation of district services. Topics will include a district overview, media resources available, professional growth opportunities, evaluation procedures, certification procedures, instructional delivery procedures, and personnel policies and procedures.

MENTORING PROGRAM

Building upon the initial orientation seminar, the School Induction Team will continue the mentoring process for the new employee. The team will meet monthly with informal sessions as needed. Key concepts to be taught include the following:

- Engaged Learning
- Student Grades
- Materials Ordering
- Parent Conferences
- Responsibility for Special Programs
- Beginning and Ending School Year
- Classroom Management
- Testing Procedures
- Discipline
- Standards-Driven Curriculum
- Use of data to improve instruction
- Fire Drills and Other Emergency Procedures

Mentors will be assigned to new teachers of the same subject and/or grade level. The process of mentoring will be supported by:

1. a teacher handbook,
2. a calendar for beginning and ending of school year, and
3. a call and e-mail list for communication with school and support personnel.

Coordination of the induction activities will be the responsibility of building principals.

PROFESSIONAL GROWTH OPTION FOR TEACHERS ON THE COMMENDABLE TRACK

Many veteran teachers have expertise to share with other faculty members and generally experience greater professional growth when allowed alternatives to formal evaluation. For this reason, organizations are now providing professional growth options for seasoned teachers who have proven their skills through many years of feedback.

Jackson Public School District teachers who have been rated as “Commendable” in general performance are offered an array of choices that can take the place of the standard evaluation track. The Professional Growth Option (PGO) is a three-year program which contains the following elements regardless of the theme chosen:

- First year of cycle – gather benchmark data
- Second year of cycle – follow up, adjust, add more data
- Third year of cycle – standard classroom observation plus examination of PGO results, feedback, and assessment.

SELECTION OF OPTIONS

The PGO program is voluntary. Veteran teachers with “Commendable” performances may choose the standard evaluation track or an option from the PGO menu.

Options include, but are not limited to:

- Videotaping and critiquing a series of evaluatee’s teaching episodes
- Projects with other districts
- Induction mentoring
- Personal research for teaching content
- Visitation across grades and subjects within the district
- Assisting other teachers in curriculum and instruction enhancement
- Peer coaching with three levels:
 - reflective self,
 - collaborative,
 - expert
- Peer coaching for marginal teachers
- Chairing district-wide committees

Procedures for PGO participation include:

1. September – Teacher will express his/her intent to participate in plan.
2. Before October 1st – Teacher will complete PGO form and submit to building principal for approval.
3. October 1st – May 1st – Teacher will complete PGO experiences for first year.
4. May 15th – May 30th – Teacher and principal will hold progress check and begin second year.
5. The third year will be similar except that a standard classroom observation will be included as well as examination of the results of the PGO effort.

SUMMATIVE EVALUATION REPORT

Jackson Public School District

Teacher's Name	Grade/Subject	Date
Evaluator's Name	Date	Evaluatee's Signature
		Date

(The evaluatee's signature indicates this report has been reviewed and discussed.)

DIRECTIONS: Place a check in the column that best describes the evaluatee's performance on that criterion. When "Commendable," "Developing," "Unsatisfactory," or "No" ratings are given, comments must be written to support the rating.

- DEFINITIONS:**
- *Commendable*

The employee performs the criterion at a level which exceeds the district standards. The employee demonstrates most of the descriptors consistently, accurately, and efficiently. If a descriptor is not observed, the employee can, upon request, provide significant and relevant information about the descriptor and explain why the descriptor was not used or applicable.
 - *Proficient*

The employee performs the criterion at a level which meets the district standards. The employee demonstrates many of the descriptors consistently and without significant error. If a descriptor is not observed, the employee can, upon request, provide sufficient relevant information to demonstrate reasonable understanding of the descriptor and offer a valid explanation as to why the descriptor was not used or applicable.
 - *Developing*

The employee performs the criterion at a level which indicates improved performance is necessary to meet district standards. The employee demonstrates many of the descriptors with minimal proficiency and/or the application of many of the descriptors reflects some inconsistency or error. If a descriptor is not observed, the employee can, upon request, demonstrate minimal knowledge of the concept and/or offer a minimal explanation as to why the descriptor was not used or applicable.
 - *Unsatisfactory*

The employee performs the criterion at a level which fails to meet district standards. The employee often fails to demonstrate most of the descriptors and/or the application of most of the descriptors often reflects significant error. If a descriptor is not observed, the employee, upon request, is unable to offer a reasonable explanation as to why the descriptor was not used or applicable.
 - *N/A*

Criterion is not applicable.

GLOSSARY

Accountability - To be answerable for; to act in a credible manner. In school organizations a shift is occurring, *i.e.*, toward being accountable for outputs, not just inputs.

Administrative Observations - Work site visits to observe administrator performance. These may be slice-of-time observations (such as observing a staff meeting, child study team meeting, a feedback conference with a teacher, *etc.*) or shadowing, which is spending a longer block of time to observe at the work site.

Alternative Assessment - Sometimes called nontraditional assessment, it is an act or procedure that is nearer to measuring the real ability and achievement of a student than traditional, especially multiple-choice, tests. Examples might be products, portfolios, performances, and personal communication.

Anticipatory Set – An activity to focus students’ attention, provide a brief practice and/or develop a readiness for instruction.

Assistance Team - The building administrator charged with conducting a plan of assistance, a teacher and support personnel.

Assistance Teams Log - A diary maintained by the leader of an assistance team detailing activities and resources provided in the assistance effort. Dates, meeting times, and funds expended are included.

Authority - The right to use power to command. Derived [in public education] from federal and state law, district policy, and organizational culture.

Checking for Understanding – Dipsticking by observing student performance; determining whether or not the student is attaining the objective

Closure – An activity that pulls together all the elements of the lesson into a cohesive unit and reviews or restates the important points.

Data - Observations, work samples, input from peers, students, community, parents, and evaluators.

Due Process - Constitutional protection guaranteed a public employee for proper procedure and fair treatment. In the case of performance evaluation it includes notice, explanation, assistance, and time.

Equity - Increase in quality does not vary percentage-wise by gender, race, and socio-economic status of students.

Ethical Behavior - Behavior that displays an irreversible commitment to treat the welfare of others as comparable to one's own. Ethical behavior includes obligations to scientific practice, prudence, family, culture, and nation.

Evaluation - The process of determining the merit, worth, or value of something, appropriately based on measures and synthesis of other valid evidence.

Evaluation Cycle - An evaluation process incorporating one formative cycle of a preobservation conference, a formal classroom observation, a postobservation conference, and teacher-initiated instructional improvement objective(s); a second formative phase including an unscheduled, documented informal observation and continual monitoring from the first phase; and finally, a summative evaluation report.

Excellence - Ever increasing quality of programs and products.

Formal Documents - Forms used for recording data gathered from formal and informal observations.

Formal Observation - A scheduled classroom visit wherein records and data are collected to be used to measure and evaluate performance.

Formative Phase - Steps and processes by which the evaluator forms the basis for the final ratings on the Summative Evaluation report.

Guided Practice – Activities closely monitored by the teacher to assure that first attempts at new learning are done accurately and successfully.

Independent Practice – Activities, such as homework, class assignments or tests, that are completed without the availability of the teacher.

Informal Observation - Unscheduled visits and/or general observations used to collect data in the overall evaluation process.

Input – Information the student will receive in the lesson so that he/she may attain the lesson objective.

Instructional Delivery Model - Generally referred to as Madeline Hunter’s “Steps of the Teaching Act.”

Instructional Improvement Plan - A plan designed to identify areas of needed improvements, outline activities to help in achieving the improvement, and to establish a time line for completing the needed improvements.

Legally Discriminating – Able to sort and to rate high, medium, and low.

Mentor Program - Program of coaching for newly-hired teachers.

Modeling – Examples of acceptable learning or finished products focusing on the essential parts and critical elements.

Objective - An aim or end of action.

Orientation Process - A district led seminar which guides employees through new information or processes.

Peer Coaching/Observation - A teaming of peers to provide feedback.

Performance Criteria - Observable behaviors which, when performed, indicate fulfillment of the attendant responsibility.

Postobservation Conference - Conference held following an announced observation for the purposes of discussing the observation and other factors relevant to the staff member's performance of responsibilities as listed in the position description.

Professional Growth Option - An evaluation track available for teachers who are rated as commendable.

Professional Growth Plan - A plan with objectives and methods for achieving them, designed to stimulate on-going professional growth for a staff member.

Preobservation Conference - Interview conducted before the evaluator formally visits classroom. Lesson is reviewed, the Preobservation Conference Data Sheet is discussed and the evaluator’s role is clarified.

Preobservation Conference Data Sheet - The document submitted by the evaluatee for the evaluator to use as an aid in formal observation and evaluation.

Regular Evaluation Cycle - The evaluation cycle for all teachers who are not on the Induction Track of the optional Professional Growth Track.

Responsibility - What one is answerable for; job duties; obligations. Things for which one is legally and ethically accountable.

Reliability – Results that are consistent over time.

School Induction Team - Group comprised of administrators, teachers, and support personnel.

Self-Evaluation - Self-rating by an employee using the summative evaluation report form.

Social Responsibilities - Behaviors that reflect the values, beliefs, and norms of behavior in a culture. Examples for the U.S. would be tolerance, respect for others, and honesty.

Standards-Driven Curriculum - Curriculum driven by district, state, and national criteria.

Stakeholders - All persons in the district who have a stake in quality education: students, parents, teachers, staff members, administrators, board of education, and community members.

Statement of Objectives – A specific statement of what is to be learned or accomplished by the end of instruction.

Steps of the Teaching Act – Stages in the complex process of delivering instruction as outlined by Madeline Hunter.

Student/Parent/Peer Surveys - Feedback instruments to Stakeholders' client satisfaction.

Summative Evaluation - Final evaluation which is completed at the end of the evaluation cycle based on data collected during the formative part of the evaluation cycle.

Summative Phase - Final steps of the Teacher Performance Evaluation process in which the evaluator prepares and submits the evaluatee's ratings on the Summative Evaluation Report (SER).

Validity – State of being truthful or measuring what is supposed to be measured.

Videotaping - Teacher-made tapes of teaching and learning activities which are made to improve or to model the teaching/learning situation.
