INFORMED CONSENT

ent Name:
, the undersigned, hereby attest that I have
luntarily entered into treatment, or give my consent for the minor or person under my legal guardianship mentioned
ove, at the office of Marriage & Family Therapy of Trumbull, hereby referred as MFT3. The rights, risks and benefits
sociated with the treatment have been explained to me. I understand that therapy may be discontinued at any time by
her party. MFT3 encourages that this decision be discussed with the treating psychotherapist. This will help facilitate a
ore appropriate plan for discharge. I agree to pay an hourly fee of \$, payable at the beginning of each
ssion.

Recipient's Rights: I certify that I have received the HIPAA agreement and certify that I have read and understand its content.

Therapy may be Discontinued Non-Voluntarily: Therapy services may be discontinued non-voluntarily, if: A) the client exhibits physical violence, verbal abuse, carries weapons, or engages in illegal acts at MFT3, and/or B) the client refuses to comply with stipulated program rules, refuses to comply with treatment recommendations, or does not make payment or payment arrangements in a timely manner. The client will be notified of discontinued services by letter.

Client Notice of Confidentiality: The confidentiality of patient records maintained by MFT3 is protected by Federal and/or State law and regulations. MFT3 may not say to a person outside the company that a patient attends treatment or disclose any information identifying a patient as an alcohol or drug abuser unless: 1) the patient consents in writing, 2) the disclosure is allowed by a court order, or 3) the disclosure is made to medical personnel in a medical emergency, or to qualified personnel for research, audit, or program evaluation.

Violation of Federal and/or State law and regulations by a treatment facility or provider is a crime. Suspected violations may be reported to appropriate authorities. Federal and/or State law and regulations do not protect any information about a crime committed by a client either at MFT3, against any person who works for MFT3, or about any threat to commit such a crime. Federal law and regulations do not protect any information about suspected child (or vulnerable adult) abuse or neglect, or adult abuse from being reported under Federal and/or State law to appropriate State or Local authorities. It is MFT3's duty to warn any potential victim, when a significant threat of harm has been made. When fees are not paid in a timely manner, a collection agency will be given appropriate billing and financial information about client, not clinical information. My signature below indicates that I have been given a copy of my rights regarding confidentiality. I permit a copy of this authorization to be used in place of the original. Client data of clinical outcomes may be used for program evaluation purposes, but individual results will not be disclosed to outside sources.

I consent to treatment and agree to abide by the above stated policies and agreements with Marriage & Family Therapy of Trumbull.

HIPAA RELEASE

This form describes the confidentiality of your medical records, how the information is used, your rights, and how you may obtain this information.

Our Legal Duties

State and Federal laws require that we keep your medical records private. Such laws require that we provide you with this notice informing you of our privacy of information policies, your rights, and our duties. We are required to abide these policies until replaced or revised. We have the right to revise our privacy policies for all medical records, including records kept before policy changes were made. Any changes in this notice will be made available upon request before changes take place.

The contents of material disclosed to us in an evaluation, intake, or counseling session are covered by the law as private information. We respect the privacy of the information you provide us and we abide by ethical and legal requirements of confidentiality and privacy of records.

Use of Information

Information about you may be used by your Clinician for diagnosis, treatment planning, treatment, and continuity of care. We may disclose it to health care providers who provide you with treatment, such as doctors, nurses, mental health professionals, and mental health students and mental health professionals or business associates affiliated with MFT3 such as billing, quality enhancement, training, audits, and accreditation.

Both verbal information and written records about a client cannot be shared with another party without the written consent of the client or the client's legal guardian or personal representative. It is the policy of MFT3 not to release any information about a client without a signed release of information except in certain emergency situations or exceptions in which client information can be disclosed to others without written consent. Some of these situations are noted below, and there may be other provisions provided by legal requirements.

Duty to Warn and Protect

When a client discloses intentions or a plan to harm another person or persons, the health care professional is required to warn the intended victim and report this information to legal authorities. In cases in which the client discloses or implies a plan for suicide, the health care professional is required to notify legal authorities and make reasonable attempts to notify the family of the client.

Public Safety

Health records may be released for the public interest and safety for public health activities, judicial and administrative proceedings, law enforcement purposes, serious threats to public safety, essential government functions, military, and when complying with worker's compensation laws.

Abuse

If a client states or suggests that he or she is abusing a child or vulnerable adult, or has recently abused a child or vulnerable adult, or a child (or vulnerable adult) is in danger of abuse, the health care professional is required to report this information to the appropriate social service and/or legal authorities. If a client is the victim of abuse, neglect, violence, or a crime victim, and their safety appears to be at risk, we may share this information with law enforcement officials to help prevent future occurrences and capture the perpetrator.

Professional Misconduct

Professional misconduct by a health care professional must be reported by other health care professionals. In cases in which a professional or legal disciplinary meeting is being held regarding the health care professional's actions, related records may be released in order to substantiate disciplinary concerns.

Judicial or Administrative Proceedings

Health care professionals are required to release records of clients when a court order has been placed.

Other Provisions

When payment for services are the responsibility of the client, or a person who has agreed to providing payment, and payment has not been made in a timely manner, collection agencies may be utilized in collecting unpaid debts. The

specific content of the services (e.g., diagnosis, treatment plan, progress notes, testing) is not disclosed. If a debt remains unpaid it may be reported to credit agencies, and the client's credit report may state the amount owed, the time-frame, and the name of MFT3 or collection source.

Insurance companies, managed care, and other third-party payers are given information that they request regarding services to the client. Information which may be requested includes type of services, dates/times of services, diagnosis, treatment plan, description of impairment, progress of therapy, and summaries.

Information about clients may be disclosed in consultations with other professionals in order to provide the best possible treatment. In such cases the name of the client, or any identifying information, is not disclosed. Clinical information about the client is discussed.

In the event in which MFT3 or your mental health professional must telephone the client for purposes such as appointment cancellations or reminders, or to give/receive other information, efforts are made to preserve confidentiality. Please notify us in writing where we may reach you by phone and how you would like us to identify ourselves. For example, you might request that when we phone you at home or work, we do not say MFT3 or the nature of the call, but rather the mental health professional's first name only. If this information is not provided to us (below), we will adhere to the following procedure when making phone calls: First we will ask to speak to the client (or guardian) without identifying the name of MFT3. If the person answering the phone asks for more identifying information we will say that it is a personal call. We will not identify MFT3 (to protect confidentiality). If we reach an answering machine or voice mail we will follow the same guidelines.

Your Rights

You have the right to request to review or receive your medical files. The procedure for obtaining a copy of your medical information is as follows. You may request a copy of your records in writing with an original (not photocopied) signature. If your request is denied, you will receive a written explanation of the denial. Records for non-emancipated minors must be requested by their custodial parents or legal guardians. The charge for this service is \$1.00 per page, plus postage.

You have the right to cancel a release of information by providing us a written notice. If you desire to have your information sent to a location different than our address on file, you must provide this information in writing.

You have the right to restrict which information might be disclosed to others. However, if we do not agree with these restrictions, we are not bound to abide by them.

You have the right to request that information about you be communicated by other means or to another location. This request must be made to us in writing.

You have the right to disagree with the medical records in our files. You may request that this information be changed. Although we might deny changing the record, you have the right to make a statement of disagreement, which will be placed in your file.

You have the right to know what information in your record has been provided to whom. Request this in writing.

If you desire a written copy of this notice you may obtain it by requesting it from your Clinician.

If you have any complaints or questions regarding these procedures, please contact MFT3. We will get back to you in a timely manner. You may also submit a complaint to the U.S. Dept. of Health and Human Services and/or the American Association of Marriage and Family Therapy.

I understand the limits of confidentiality, privacy policies, my rights, and their meanings and ramifications.
