FARA Scholarship

and more...

April 2

Our ARRL Section Manager, Tom Walsh, K1TW will be discussing 4UITU, the amateur radio station of the International Telecommunications Union.

President's Message

At the risk of being too optimistic, it seems that Winter is finally (if reluctantly) releasing us from it's icy grip. The shack is even accessible without the need for a shovel. Pretty soon it will be time to go out and inspect our antennas and feed lines and initiate any repairs necessitated by the recent inclement weather.

This month's speaker will be Tom Walsh, K1TW, who will be discussing 4UITU, the amateur radio station of the ITU (International Telecommunication Union). The ITU was founded as the International Telegraph Union; it took its present name in 1934, and became an agency of the United Nations in 1947. Consequently, the ITU is celebrating their 150th birthday this year (see <http://itu150.org/home/> for more information), and IARC will be operating as 4U0ITU.

Tom is also our new ARRL Section Manager, so he may have a few remarks on that subject as well.

Last month Becky Schoenfeld, W1BXY, discussed her role as the Managing Editor of QST and her entry into the hobby. She enjoyed her visit to our club and the attendees enjoyed her presentation.

Don't forget, the Flea Market is coming up REAL SOON NOW - Sunday, 12 April, from 9AM to noon at Keefe Tech ... Ham Radio, Computer, Electronics, License Exams ... don't miss it! For those interested in upgrading your operating privileges, be sure to bring:

- \$15 registration fee (cash or check made out to ARRL/VEC). The single \$15 fee is good for taking one, two, or all three elements at the session.
- Government issued picture identification such as a current drivers license or valid passport.
- FCC Registration Number (FRN) which is shown on your current FCC license or your Social Security Number. If you do not have a FRN you can register with the FCC and receive one free of charge through the following website: <https://fjallfoss.fcc.gov/coresWeb/publicHome.do>
- For license upgrades (General or Extra) bring your original signed license and a copy. The copy will be sent in to the ARRL with your paperwork.

We will conduct registration from 9:00 to 9:30 AM and then begin the testing.

Another upcoming event ... Field Day ... June 27-28, 2015. We'll be discussing this soon.

Continued on next page...

FARA Horizons

Apr 2: Monthly Meeting
Apr 15: FARA Scholarship Application Due
Apr 11, 18, 25: Morse Code Classes at the club shack
APRIL 12: FARA FLEA MARKET
Aug 21-23: Boxboro 2015 Convention
June 27-28: Field Day

This month's Circuit sponsored by:

WORLDWIDE DISTRIBUTION

SALEM, NH • SAN DIEGO, CA • SUNNYVALE, CA • WOODBRIDGE, VA

In the past, FARA's been one of the more active clubs; recently, we've taken a more relaxed approach (a picnic with radios). If you're new to the HF bands, here's your opportunity to do some operation. Think about how you'd like to participate, and bring your suggestions to the club.

Morse Code Classes

Want to learn Morse code, or CW as hams call it, then sign up for W1NXC's Morse code classes. CW is no longer required by the FCC but is wildly used by hams world wide. It needs less bandwidth than phone, is simpler to set up and has fewer equipment requirements.

The code classes will be held on three successive Saturdays at the club shack in the Danforth museum basement, Lexington St. Framingham from 9 am to noon. There is no fee, no text or equipment required.

The dates are: Saturday April 11, 18, and 25, 2015. Registration preferred, email W1NXC at edaweiss@cs.com.

Submitting Material to the Circuit

Material may be submitted for publication by sending it directly to the editor. This can be done by US Mail, or via the Internet (preferred). The deadline for each issue is the **Wednesday**, one week before the monthly meeting.
