THE NATIONAL SOCIETY OF BLACK ENGINEERS

CORPORATE SPONSORSHIP PACKET
2010-2011 REGION CORPORATE SPONSORSHIP OPPORTUNITIES

Table of Contents

Greetings,

It is with great pleasure on behalf of the National Society of Black Engineers (NSBE) that we invite you to partner with us to positively impact our global Black and engineering communities. Through a partnership with NSBE, your company will gain great opportunities to maximize your corporate visibility, recruit top diverse talent, and support events that encourage men and women of color to pursue careers in science, technology, engineering, and mathematics (STEM).

It is the support of companies, government agencies and academic institutions that have helped facilitate NSBE's growth by supporting our programs and participating in our conferences and annual convention. Together, our conferences and annual convention attract more than 10,000 attendees yearly. To add, close to 300 exhibitors and sponsors participate in NSBE events every year. These events have benefited our partners and supporters by providing great access for recruitment of top engineering student and technical professional talent as well as showcase of products and technology, and professional development opportunities for the technical professionals of their respective companies.

The National Society of Black Engineers, founded in 1975, is the world's premier organization supporting Black engineers. NSBE is a 501©3 non-profit organization that is run by students studying STEM majors in undergraduate and graduate academics institutions around the world. Our full time professional staff is based at our World Headquarters facility in Alexandria, Virginia. NSBE's mission: "To increase the number of culturally responsible Black engineers who excel academically, succeed professionally, and positively impact the community," is now embraced by more than 35,000 active members of all racial backgrounds throughout the six NSBE global regions; this record number is still growing! Our membership is made up of three membership demographics: 20% technical professionals, 50% college students and 30 % pre-college members.

We encourage you to review this Partnership Packet and discover the great sponsorship opportunities that can benefit your company and support our charitable mission.

Thank you, we look forward to your partnership!

About NSBE

NSBE is an 501(C)(3) non-profit organization ran by its collegiate members to fulfill its mission *to increase the number of culturally responsible black engineers who excel academically, succeed professionally, and positively impact the community*. The organization is divided among 6 regions and the green portion of the map below shows Region 2.

Region 2 is comprised of over 2,400 collegiate student members, 2,000 NSBE Jr. members, 1,000 alumni working professionals and boasts 27 Lifetime members. These members represent more than 60 Chapters throughout Pennsylvania, Delaware, Maryland, Washington, D.C., West Virginia, Virginia, North Carolina, and South Carolina.

Region 2 is home of 12 of the top 50 ranked Universities in the Nation according to *U.S. News and World Report's* "2009 America's Best College Rankings". Region 2 encompasses a wealth of universities garnishing the title of having the best undergraduate engineering programs, along with being the home of twelve Historically Black Colleges and Universities.

Region 2 programs include the following:

- Leadership Conference
- Fall Regional Conference
- Career Fair
- Pre-College Initiative Conference
- Professional Development Conference

- Graduate School Fair
- Scholarship
- Technical Research Presentation
- Academic Competitions
- Development Workshops

The continuing support of our sponsors enables Region 2 to offer a variety of programs to develop and provide assistance to all of our members from Professionals to Pre-Collegiate members. This is why the executive board continues to identify and fulfill the needs of our sponsors and members so the NSBE mission can be achieved.

The executive board encourages you and your colleagues to review this entire partnership packet and discover what great sponsorship opportunities will benefit your institution and our growing membership.

Thank you and we look forward to your participation and support!

Region 2 Yearly Events

2011 Regional Leadership Conference (RLC)
Location: Determined by Sponsor

Region 2 Leadership Conference is an opportunity for the sponsors and Regional Executive Board to train chapter members to become leaders. The conference consists of workshops and exercises focused on leadership transitioning, time management, organizational skills, problem solving, business etiquette, chapter development, and officer responsibilities. 2010 Leadership Conference will be sponsored by Eastman Chemical Company, and we are preparing for 2011 Leadership Conference. Sponsoring Region 2 Leadership Conference requires the Company to be able to accommodate a conference of 250-300 members either onsite or with a partnered hotel.

Benefits of sponsoring a leadership conference are gaining the direct access to chapter leaders. If your companies have a list of targeted colleges for recruitment this is the best opportunity to reach the student leaders so the company can plan and build a more in depth relationship with that school.

Fall Regional Conference (FRC)
November 5th – 7th
Radisson Green Tree, Pittsburgh, PA

Fall Regional Conference is Region 2's largest event of the year. It brings together our entire membership—Pre-College, Collegiate, Graduate and Alumni members—for three days of personal development, networking and recruitment. FRC consists of workshops and an all day career fair targeted towards our entire membership. In addition FRC incorporates two mini conferences; a Professional Development Conference for experienced professional as well as Pre-Collegiate Mini conferences for high school members.

FRC is the greatest opportunity for NSBE sponsors and companies across the world to interact with our members support workshops such as "introduction to six sigma," or "corporate etiquette." FRC gives our sponsors the opportunity to recruit top engineers for interns/entry level positions, as well as lead workshops

Zone Summit Conference
Region 2 is divided into 5 zones.
- Comfort Zone - *Chapters in North & South Carolina*
- Danger Zone - *Chapters from eastern Pennsylvania and Delaware*
- End Zone - *Chapters from western Pennsylvania and West Virginia*
- O Zone - *Chapters in Virginia*
- Terror Zone - *Chapters in Maryland, and DC*

Zone summits are mini conferences within the zone to build our chapter relations with in the zone. Company sponsors of zone summits gain the benefit of increasing their company visibility to their targeted recruiting schools directly at one event. This opportunity will give the company a direct source to organize future programs at chapters of their interest.
