GIFTS OF PUBLICLY TRADED SECURITIES

Did you know that gifts of publicly traded securities are an attractive option for donors? When you transfer to the United Church gifts of shares, bonds, bills, warrants, futures, or units of mutual funds listed on a prescribed public stock exchange, *you will not pay tax on any capital gain.* Because *you also qualify for a charitable tax receipt based on the asset's fair market value, the net cost of a gift of securities may be less than a gift of an equivalent amount of cash.*

The process of gifting securities is simple. At your direction, your broker will electronically transfer your securities to the church through The United Church of Canada Foundation. The Foundation then sells the stock on the day your gift is received. Based on the sale price, the Foundation issues you a charitable tax receipt for 100 percent of the funds received. The Foundation then directs the proceeds of the sale to whatever United Church congregation, program, or ministry you wish. There is a very small fee for this service.

Benefits of a Gift of Publicly Traded Securities

- You have the satisfaction of knowing your gift will support transformational ministry.
- The church benefits from your gift now.
- You make a gift without depleting your current bank account.
- You receive a tax receipt for the full fair market value of your gift.
- You avoid capital gains tax on any gift of securities.

To facilitate your gift, please contact Sarah Charters at:
