## **Instructions:**

### **Application form for admission to postgraduate studies**

The upper part of the application form is to be filled in by the applicant and the lower part is to be filled in by the decision-maker on behalf of the Faculty Board.

**Civic registration number**, given by the Local Tax Authority, should be filled in. Former students of Uppsala University without a civic registration number, should use the temporary university registration number. Otherwise use date of birth.

**Employment at or some other permanent connection with another university:** to be filled in by applicants who are active at a university with no postgraduate studies in the subject applied for.

**A certified copy of a diploma of an undergraduate degree or the required equivalent should be attached.**

Application for and admission to postgraduate studies refers to one of the following options

- a) Doctor's degree: four years of full-time study
- b) Licentiate's degree: two years of full-time study
- c) Doctor's degree: two years of full-time study after accomplished Licentiate's degree; this alternative should be used if the applicant has previously aimed at a Licentiate's degree or if the applicant has an undergraduate degree from another university or university college.

The postgraduate degree will be granted in the subject the applicant has been admitted to. **A change of subject requires a new decision of admission.** A decision of admission to a certain subject must have been made before the thesis is handed in for printing.

**Intended degree:** To be used (in Swedish) when there is more than one equivalent degree within the same faculty, e.g. filosofie doktorsexamen eller teknologie doktorsexamen, filosofie doktorsexamen eller ekonomie doktorsexamen, teologie doktorsexamen eller filosofie doktorsexamen.

**An individual study plan should be attached to the application/decision when sent to the Domain office.**

For further information (in Swedish), see <http://www.uu.se/doktorand/>
