Touch & Psychotherapy: Is It Worth the Risk?

**June 13 & 14, 2015
Washington, DC**

20th International Conference

The theme of the ISBP Conference 2015 is focused on the unique elements of Bonding Psychotherapy:

- ▶ Physical touch
- ▶ Intense emotional expression
- ▶ Somatic experiences
- ▶ Attachment styles

We have several compelling speakers lined up and we're sure it will be an informative and fun meeting for us all!

★ CEU's Pending

The conference will be held on the grounds of the National Cathedral in Washington, DC.

The hotel is within walking distance of the conference and of the cosmopolitan neighborhood of Georgetown. Free shuttle service provided.

Click to make your reservation, ask for the International Society of Bonding Psychotherapy, use the block code **ISB**. Or call +1-877-531-2705.

Call For Papers & Presentations
