Taupo-nui-a-Tia College
"Gateway to Your Future"

I would like to extend a warm welcome to the Taupo-nui-a-Tia College community for the start of the school year. A very special welcome is extended to those students and their parents who are new to the school this year. I hope your association with the college is a very long and positive one.

The college has been bustling with activity during the first few weeks of this term. It is heartening to see how quickly our students have settled into good routines in the classroom. This is especially so of the Year 9 students who seem to have transitioned well from primary/intermediate to secondary school.

The annual Colours Day was held recently and was an outstanding success. Much of the credit for the level of involvement and positive House spirit must go to our House Leaders and senior students. They have worked tremendously hard to ensure our juniors are included and involved in supporting their respective houses. Judging by what I saw on the day the competition for the House Shield will be keenly contested this year.

One of the many highlights for me on the day was during the house chants seeing a burly Year 13 student step out of a free standing door, dressed immaculately as the Queen of Hearts (complete with makeup!). You possibly had to be there but it was very funny!

Our 2014 NCEA results were very pleasing and clearly indicate that we are performing comfortably above national averages in the areas targeted by the government. I would like to acknowledge the efforts of our teaching staff who more often than not made themselves available to give our students extra support outside of teaching hours at critical times throughout the year.

This year we have introduced Learning Advisory Groups to the college. This means that every student in the school has a staff member assigned to them to offer advice and guidance with their learning. This staff member will also act as the interface between school and home. By now the learning advisor assigned to your child would have made contact with you to outline their role. You will have an opportunity to meet learning advisors in Term 2 when your child shares their learning goals with you. We strongly believe that this initiative will give you a greater opportunity to share in your child's academic journey through school and in turn ensure they reach their potential.

continued from page 1...

This year the college is trialling a range of new courses at Year 9. These courses are designed to have students work on cross curricular themes within real world contexts. The aim of these courses is to encourage our students to think critically and to make connections across a range of subject areas. We also have a blended learning class (sometimes known as BYOD). This class will be using devices when and where appropriate, as opposed to 100% of the time. The focus will still be on positive teacher-student interactions to enhance the learning.

During the holidays stage two of our landscaping project was undertaken. This included new hard surfaces and garden areas around the library. In autumn more seating will be provided along with shade trees. Stage three of the landscaping will incorporate the area in front of E Block along with resurfacing the netball courts. The next big building project is a performing arts facility. A Project Manager is soon to be appointed and we hope to complete planning for stage one of this programme during this year.

To our new parents – thank you for choosing Taupo-nui-a-Tia College. While never professing to be perfect, we do work hard to ensure we give the very best for your child. When we don't get it right, please come in and discuss your concerns. I am a great believer in developing productive home-school relationships in order to find solutions to any issues. In the same breath, when we do get it right you are more than welcome to tell us! I look forward to meeting you at some stage during the year.

Peter Moyle
Principal

Learning Advisory Groups

Learning Advisory Groups (LAGs) are managed by two teachers and have replaced the traditional tutor group. Students meet in their groups three times a week. The Learning Advisor performs a number of important functions, both pastoral and administrative. A key role is creating a feeling of security and friendship within the group which develops as part of the school culture. Our aim is to make the experience of being at college as rewarding as possible.

Cornerstone Values

Taupo-nui-a-Tia College is an accredited Cornerstone Values school and was the first secondary school in the country to gain this accreditation. There are eight Cornerstone Values in total and every term we focus on one of these values. The eight values are: Honesty and Truthfulness, Kindness, Duty, Compassion, Responsibility, Consideration and Concern for Others, Respect and Obedience.

The Cornerstone Value for Term 1 is **Responsibility** which is defined as:

“Willingness to be answerable, to be trustworthy and accountable for your own conduct and behaviour.”

- Responsibility teaches you much.
- With privilege comes responsibility.
- You are responsible for your own learning.
- Being responsible for your own actions is the responsibility of everyone.
- Whatever happens, take responsibility.
- It's easy to dodge our responsibilities but we cannot dodge the consequences of dodging our responsibility.
- Your cannot lose if responsibility is what you choose.

As a parent you can be proud that your child is part of a Cornerstone Values school and we appreciate the support you give from home in emphasising these values.

If you are new to the school you will notice that the college is proud of its Cornerstone Values accreditation and displays the Cornerstone Values logo prominently.

Colours Day 2015

Student Information

We welcome all students to Taupo-nui-a-Tia College, especially those who are commencing their secondary schooling with us. It is extremely important that we have the correct personal details on our students' files.

- Please keep us updated with any changes to your child's address and telephone numbers.
- Most parents now receive an electronic copy of the school newsletter rather than hard copy. If you would like to be included on our electronic mailing list, please send an email to Sharon in the office: sharon.shanks@taupocollege.ac.nz.
- Other important academic information is sent out via txt message. Contact the office if we do not have your mobile number.
- Sharing in your child's learning makes a huge difference. Parents are encouraged to access their child's school information through the college website. This enables you and your child to view online live attendance data, timetable, reports, assessment results, daily notices, calendar events and information on fees. Visit the school website: <http://www.taupocollege.ac.nz>. Click 'KAMAR Parent Login' link (bottom righthand side of the home page). Then use your child's school username and password to log in and view information together. Please contact the school office if you need any assistance – ph 376 1100.

Attendance

The higher the percentage of attendance in class, the better the learning that occurs. Students' attainment of academic, cultural, social goals and also their development of sound habits towards future employment are greatly enhanced. Thank you for supporting your child to attend school regularly and on time, making a huge difference to their education.

Please ring the school by 9:00am to explain any unexpected absence. Phone 376 1100 and leave a message explaining who is absent, how long they are expected to be away from school and the reason for the absence. If you do not manage to ring the school, then a note explaining the absence must be handed to the Attendance Officer, Mrs Collier, at the office on the day of the student's return to school.

For any known short periods of leave, please obtain permission by prior application in writing to the Principal.

A reminder that the school day starts at 8:40am and all students are expected to be here at that time. We encourage parents to have their children develop routines to ensure they are at school on time.

Leaving School

If your child needs to leave school during the day for an appointment or a pre-arranged event, please give your child a written note to show the class teacher on the day. They will then get permission to leave the class and go to the school office. A Dean will sign the note and your child can then sign the leaving book. It is very time consuming for the administration staff to take phone messages and send for the child when a note could have been written. Thank you, we appreciate your help!

Going on holiday during term time

If you are planning a family holiday or trip during the school term it is a Ministry of Education requirement that a request for leave is made in writing to the Principal. Thank you.

College Uniform

All students are expected to wear their uniforms correctly. Please note the following guidelines:

→ SKIRTS

Skirts are to be worn on the waist – the top of the skirt is not to be rolled. The bottom of the skirt is to be no more than 10cm off the ground when a student is kneeling. A good guide is the width of the student's hand – the skirt hem is not to sit higher than hand width. The back of the skirt is to fall freely, it is not to hug the bottom, the side pocket zip should open with ease and when a student is standing the split should not be open.

→ SHORTS

The legs on shorts are not to be rolled.

No piece of uniform is to be defaced with writing. Students who wear their skirts/shorts incorrectly or have writing on their uniform may be required to purchase new uniform items.

→ JEWELLERY

Students can wear a watch, plain studs and ONE other piece of jewellery. Stretcher earrings and ear rings with spikes at the back are NOT allowed. Facial piercings are also not allowed.

→ SECONDHAND UNIFORMS

A limited amount of secondhand uniform is now available from the student office. We will sell uniform on your behalf, but it must be of good quality and of the new styles. We are unable to sell the old style uniform on your behalf.

→ PE UNIFORM

All students in Years 9 and 10 who are taking PE are required to wear the Taupo-nui-a-Tia College green PE shorts and top to all practical classes. This will allow your child to gain the most out of these subjects and also decrease the wear and tear of their own clothes. If they are not able to bring their PE uniform for some reason they need to provide a note from a parent/caregiver explaining why. The PE uniform is available for purchase at the school office.

Please contact your child's Learning Advisor or Deputy Principal, Brenda Ronke, if you require clarification regarding uniform expectations.

Thank you to all parents and caregivers who ensure their child comes to school in correct uniform each day, and to students who choose to wear their uniform with pride.

Health Assessment for Year 9 Students

All Year 9 students are entitled to a comprehensive health assessment, carried out by our Registered Nurse, Claire Swindlehurst. This involves a hearing, vision and general wellbeing assessment. Your child makes an informed decision to give consent to the health assessment which takes in an average of one hour. If any health concerns are apparent, parents will be contacted. The initial assessment will be carried out during a Learning Advisory Group (LAG) time on Wednesday, 11 March. If you wish to decline this assessment or have any queries, please feel free to contact Claire at the school clinic, ph 376 1100.

Book Returns

Can all parents and students please have a good look in every nook and cranny for any text books and/or library books which need returning to the school. If they aren't returned, we have to replace them, and this is charged to your school account. Your help is very much appreciated!

Meet the Teachers Evenings

- **Thursday, 19 March** **Surnames A to L** **4:00pm to 6:00pm**
- **Tuesday, 24 March** **Surnames M to Z** **4:00pm to 6:00pm**

'Triple A' reports will be posted to the KAMAR Parent Portal on Friday 13 March. The purpose of this report is to give parents and caregivers an early indication of how their students have settled in to the new school year. Although it is too early to comment in detail, we hope that this statement will identify any potential problem areas so that they can be addressed before they become too serious.

To ensure you get adequate time with each teacher we will divide the parent evenings and invite those parents whose surnames begin **A to L to attend on Thursday 19 March** and those with surnames beginning **M to Z to attend on Tuesday 24 March**. Where there are a number of areas of concern, parents/caregivers are alerted to this by email and are urged to take this opportunity to discuss these concerns with the teacher(s) involved. Students are welcome to attend these meetings along with their parents/caregivers.

CACTUS 2015

CACTUS (Combined Adolescent Challenge Training Unit and Support) is a programme of physical training developed from the Armed Forces programme.

We are very pleased to have the Taupo Tauhara/Paetiki Neighbourhood Policing Team coordinating and running this programme again at Taupo-nui-a-Tia College, during Term 2. The course builds physical and mental conditioning over eight weeks, comprising three one hour training sessions per week of progressively harder physical routines.

The course also develops leadership, team building and personal responsibility. Interested students submit an application and will be selected before the end of Term 1.

Students' Success

Congratulations Keziah and Claire Cowley who were selected for the **New Zealand Secondary Schools Symphony Orchestra**. An outstanding achievement, well done!

Also a big congratulations to Ravi Sharma and Aisling Bowden who sailed on the Spirit of New Zealand and gained awards for displaying outstanding endeavour and personal growth.

Duke of Edinburgh's Hillary Award

Value

This award is internationally recognised and is another qualification to add to a CV. Many students find they are doing many of the requirements already and this challenges, organises and motivates them to formalise their efforts. Students need to be 14 year old to start Bronze although it is sometimes possible to include students close to their 14th birthday so they can attend training and expeditions with their fellow students.

Requirements

Gaining the award requires the student to complete four sections in their booklet. They need to be involved in a sport, in developing a skill, providing voluntary service in some form in the community and undertaking an expedition (which is preceded by a practice expedition complete with training). The Bronze Award usually takes about six months to complete. Silver is about a year and so by the end of Year 12/13 it is quite feasible to have achieved Gold. However, young people do have until the age of 25 to complete the award to Gold level. Gold has an added dimension in that a residential project is also required. This could be Outward Bound, Spirit of Adventure, CUE Haven, or other approved projects. Students can be direct entrant silver or gold as long as they meet the age requirement.

Costs

The cost to sign up and receive a booklet is \$37.50 per award. There are other costs associated with travel for expeditions. We do generally try to stay in our locality so costs are not exorbitant. The school has equipment students can use, such as packs, cookers, tents and kayaks for expeditions.

To sign up

Students are required to fill in a registration form and a health and safety form which are to be returned to the student office with payment.

Training Afternoon

This year we are having a training afternoon which encompasses a number of skills necessary for the qualifying expedition for bronze entrants and direct entrants. Students must complete the training before they go on expeditions. The training afternoon will be on Friday 27 February after school on the field. If it is wet we will utilise classrooms. This will start immediately at 3:30pm and training will be completed by 5:30pm. There will be a sausage sizzle at the end. The charge is \$5 per student.

Teacher in Charge

The point of contact for students at school is Ms Megan Marshall located in N3.

Year 13 Hospitality

The New Year has started well for our Year 13 Hospitality students, ready and prepared in their uniforms for a great year under the guidance and tutorage of their teacher, Ylva Maxwell.

This week the students are preparing and serving complex sandwiches to staff. What a great looking bunch of students! Later this year these students will be learning how to prepare and present espresso beverages and serving them to staff during interval.

Taking part in Year 13 Hospitality are Samantha and Rachel Carr who were 1st Equal in Year 12 Hospitality in 2014. Ms Maxwell has the honour of awarding them a chef's knife from Southern Hospitality and a brand new Taupo-nui-a-Tia College tea towel. Congratulations Samantha and Rachel.

Welcome to all new and returning families to our school! We hope to have met some of you at the Year 9 barbecue. As a PTA, we volunteer to help with this annual event so teachers are free to meet and greet.

During the year we often run parent information evenings on hot topics of interest, *i.e.* NCEA, and Keeping your Child Safe in Cyberspace. Keep an eye out for upcoming events this year. If you have any requests or ideas on what information evenings you would like, please let us know. It can be a big transition for parents when their child moves from primary to secondary school so part of our vision is to be able to offer support to fellow parents.

If you are keen to get involved or to be kept more informed, coming along to our meetings might be just for you. We all have busy lives and being on the PTA doesn't require heaps of extra commitment. We are a 'no pressure' group of active parents wanting to help where we can to support our great teachers and school.

We welcome new members to our group. Our next monthly meeting is **Wednesday 18 March at 5:00pm** in the school library. We meet monthly on a Wednesday - future dates can be found in the calendar at the front of the newsletter, or contact email: alyson.murray@taupocollege.ac.nz

Seay Earthmovers Limited – Sports Pages

Wow! What a busy and great start into 2015 with sport at our school. So much is going on already and it is very impressive to see our students training well and looking so fit so early into the year. I have been scanning through the different sports when I can and it looks like preseason training is well underway and the coaches have been busy trialling for new teams and coordinating training. A big thanks to the teachers, coaches and parents who step up and offer so much of their time. Some of our sports are seeking parental assistance so if you are keen and have some time to help out please contact us as we would certainly appreciate your help. Many sports are up and running already, with volleyball, waka ama, triathlon, rowing, athletics, tennis, mountain biking and football to name just a few. Our sporting calendar is very full and we will try to keep you posted with brief updates throughout the terms as we move into the year.

A few quick updates that have happened already:

Lewis Eccles has had outstanding success in cycling and has recently been selected into the New Zealand Elite Men's Cycling Team to travel to America in July. This really is quite outstanding and we all wish him well.

The girls volleyball teams have played some prelim games with the A Team winning 5 from 7. While the B Team did not win, they played well and showed good potential.

The boy's football 1st XI had a good win last weekend and the 2nd XI had a good run in their match with some much needed game time.

We have just registered our new rowing teams with Rowing NZ and they have the North Island Secondary Schools Champs at Karapiro on 6-8 March and the Maadi Cup (NZ Secondary Schools Champs) on 23 – 29 March, so watch this space! A huge thanks to Duncan Brown, David Forsyth, Michelle Dews and Conty (the new coach) from the Taupo Rowing Club for organising this and getting the ball rolling. A fantastic sight to see these rowers out training on our beautiful lake at 6:00am each morning – great work guys!

There is much more coming up and we look forward to another very successful and rewarding year with our students in all sporting codes across the board. Remember to get to training and on time – commitment helps breed success. A great attitude and fair play go a long way in sport!

Football

Winter may seem a way off but already it's time for students and parents to start thinking about the 2015 football season. The annual 'muster' for all boys interested in playing football for the college has been held and there has been a great deal of interest. In addition, prospective 1st XI players have started preseason training.

Trials for boys teams will commence in week 5 and this year we hope to have teams in the following leagues: Baywide Youth Premier Division, Baywide Youth First or Second Division, and two teams in the Rotorua U15 league. The latter is a mixed league and is seen as the foundation for players aspiring to 2nd or 1st XI football in their senior years.

Our ability to field these teams will depend ultimately on parents stepping up to coach and manage teams. If you are interested in assisting in any way, please contact me: sean.robinson@taupocollege.ac.nz

Girls trials will be held later on in Term 1 and again, coaches and managers will be needed to get these team off the ground.

In the meantime, GET FIT!!

Hockey

There has been a lot of interest in hockey but we do need more coaches! So if you are interested or would like to share the role please contact Mrs Simm: heulwen.simm@taupocollege.ac.nz

Netball

Special thanks to our students who did a great job as ball girls at the Fiji -v- Magic game: Hollie McGrath, Jordyn Simmonds, Deli Taylor, Reilly Williams, Angel Kalolo, Kavana Smith, Shannon Poupard-Rupapera, Emily Edwards.
