Form 1040-ES

Department of the Treasury
Internal Revenue Service

Estimated Tax for Individuals

Purpose of This Package

Use Form 1040-ES to figure and pay your estimated tax for 2019.

Estimated tax is the method used to pay tax on income that isn't subject to withholding (for example, earnings from self-employment, interest, dividends, rents, alimony, etc.). In addition, if you don't elect voluntary withholding, you should make estimated tax payments on other taxable income, such as unemployment compensation and the taxable part of your social security benefits.

Change of address. If your address has changed, file Form 8822, to update your record.

Future developments. For the latest information about developments related to Form 1040-ES and its instructions, such as legislation enacted after they were published, go to [IRS.gov/Form1040ES](https://www.irs.gov/Form1040ES).

Who Must Make Estimated Tax Payments

The estimated tax rules apply to:

- U.S. citizens and resident aliens;
- Residents of Puerto Rico, the U.S. Virgin Islands, Guam, the Commonwealth of the Northern Mariana Islands, and American Samoa; and
- Nonresident aliens (use Form 1040-ES (NR)).

General Rule

In most cases, you must pay estimated tax for 2019 if both of the following apply.

1. You expect to owe at least \$1,000 in tax for 2019, after subtracting your withholding and refundable credits.
2. You expect your withholding and refundable credits to be less than the smaller of:
 - a. 90% of the tax to be shown on your 2019 tax return, or
 - b. 100% of the tax shown on your 2018 tax return.Your 2018 tax return must cover all 12 months.

Note. These percentages may be different if you are a farmer, fisherman, or higher income taxpayer. See *Special Rules*, later.

Exception. You don't have to pay estimated tax for 2019 if you were a U.S. citizen or resident alien for all of 2018 and you had no tax liability for the full 12-month 2018 tax year. You had no tax liability for 2018 if your total tax was zero or you didn't have to file an income tax return.

Special Rules

There are special rules for farmers, fishermen, certain household employers, and certain higher income taxpayers.

Farmers and fishermen. If at least two-thirds of your gross income for 2018 or 2019 is from farming or fishing, substitute 66²/₃% for 90% in (2a) under *General Rule*.

Household employers. When estimating the tax on your 2019 tax return, include your household employment taxes if either of the following applies.

- You will have federal income tax withheld from wages, pensions, annuities, gambling winnings, or other income.
- You would be required to make estimated tax payments to avoid a penalty even if you didn't include household employment taxes when figuring your estimated tax.

Higher income taxpayers. If your adjusted gross income (AGI) for 2018 was more than \$150,000 (\$75,000 if your filing status for 2019 is married filing separately), substitute 110% for 100% in (2b) under *General Rule*, earlier. This rule doesn't apply to farmers or fishermen.

Increase Your Withholding

If you also receive salaries and wages, you may be able to avoid having to make estimated tax payments on your other income by asking your employer to take more tax out of your earnings. To do this, file a new Form W-4, Employee's Withholding Allowance Certificate, with your employer.

Generally, if you receive a pension or annuity you can use Form W-4P, Withholding Certificate for Pension or Annuity Payments, to start or change your withholding from these payments.

You also can choose to have federal income tax withheld from certain government payments. For details, see Form W-4V, Voluntary Withholding Request.

TIP You can use the *IRS Withholding Calculator* at [IRS.gov/W4App](https://www.irs.gov/W4App) to determine whether you need to have your withholding increased or decreased.

Additional Information You May Need

You can find most of the information you will need in Pub. 505, Tax Withholding and Estimated Tax, and in the instructions for the 2018 Form 1040.

For details on how to get forms and publications, see the 2018 Instructions for Form 1040.

What's New

In figuring your 2019 estimated tax, be sure to consider the following.

Standard deduction amount increased. For 2019, the standard deduction amount has been increased for all filers. If you don't itemize your deductions, you can take the 2019 standard deduction listed in the following chart for your filing status.

IF your 2019 filing status is...	THEN your standard deduction is...
Married filing jointly or Qualifying widow(er)	\$24,400
Head of household	\$18,350
Single or Married filing separately	\$12,200

However, if you can be claimed as a dependent on another person's 2019 return, your standard deduction is the greater of:

- \$1,100, or
- Your earned income plus \$350 (up to the standard deduction amount).

Your standard deduction is increased by the following amount if, at the end of 2019, you are:

- An unmarried individual (single or head of household) and are:

65 or older or blind	\$1,650
65 or older and blind	\$3,300

- A married individual (filing jointly or separately) or a qualifying widow(er) and are:

65 or older or blind	\$1,300
65 or older and blind	\$2,600
Both spouses 65 or older	\$2,600*
Both spouses 65 or older and blind	\$5,200*

*Only if married filing jointly. If married filing separately, these amounts do not apply.

CAUTION Your standard deduction is zero if (a) your spouse itemizes on a separate return, or (b) you were a dual-status alien and you do not elect to be taxed as a resident alien for 2019.

Social security tax. For 2019, the maximum amount of earned income (wages and net earnings from self-employment) subject to the social security tax is \$132,900.

Adoption credit or exclusion. For 2019, the maximum adoption credit or exclusion for employer-provided adoption benefits has increased to \$14,080. In order to claim either the credit or exclusion, your modified adjusted gross income must be less than \$251,160.

Reminders

Individual taxpayer identification number (ITIN) renewal. If you were assigned an ITIN before January 1, 2013, or if you have an ITIN that you haven't included on a tax return in the last 3 consecutive years, you may need to renew it. For more information, see the instructions for Form W-7.

Advance payments of the premium tax credit. If you buy health care insurance through the Health Insurance Marketplace, you may be eligible for advance payments of the premium tax credit to help pay for your insurance coverage. Receiving too little or too much in advance will

affect your refund or balance due. Promptly report changes in your income or family size to your Marketplace. See Form 8962 and its instructions for more information.

How To Figure Your Estimated Tax

You will need:

- The 2019 Estimated Tax Worksheet,
- The [Instructions for the 2019 Estimated Tax Worksheet](#),
- The [2019 Tax Rate Schedules](#), and
- Your 2018 tax return and instructions to use as a guide to figuring your income, deductions, and credits (but be sure to consider the items listed under [What's New](#), earlier).

Matching estimated tax payments to income. If you receive your income unevenly throughout the year (for example, because you operate your business on a seasonal basis or you have a large capital gain late in the year), you may be able to lower or eliminate the amount of your required estimated tax payment for one or more periods by using the annualized income installment method. See chapter 2 of Pub. 505 for details.

Changing your estimated tax. To amend or correct your estimated tax, see [How To Amend Estimated Tax Payments](#), later.

CAUTION You can't make joint estimated tax payments if you or your spouse is a nonresident alien, you are separated under a decree of divorce or separate maintenance, or you and your spouse have different tax years.

Additionally, individuals of the same sex and opposite sex who are in registered domestic partnerships, civil unions, or other similar formal relationships that aren't marriages under state law cannot make joint estimated tax payments. These individuals can take credit only for the estimated tax payments that he or she made.

Payment Due Dates

You can pay all of your estimated tax by April 15, 2019, or in four equal amounts by the dates shown below.

1st payment	April 15, 2019
2nd payment	June 17, 2019
3rd payment	Sept. 16, 2019
4th payment	Jan. 15, 2020*

* You don't have to make the payment due January 15, 2020, if you file your 2019 tax return by January 31, 2020, and pay the entire balance due with your return.

If you mail your payment and it is postmarked by the due date, the date of the U.S. postmark is considered the date of payment. If your payments are late or you didn't pay enough, you may be charged a penalty for underpaying your tax. See *When a Penalty Is Applied*, later.

TIP You can make more than four estimated tax payments. To do so, make a copy of one of your unused estimated tax payment vouchers, fill it in, and mail it with your payment. If you make more than four payments, to avoid a penalty, make sure the total of the

amounts you pay during a payment period is at least as much as the amount required to be paid by the due date for that period. For other payment methods, see How To Pay Estimated Tax, later.

No income subject to estimated tax during first payment period. If, after March 31, 2019, you have a large change in income, deductions, additional taxes, or credits that requires you to start making estimated tax payments, you should figure the amount of your estimated tax payments by using the annualized income installment method, explained in chapter 2 of Pub. 505. If you use the annualized income installment method, file Form 2210, including Schedule AI, with your 2019 tax return even if no penalty is owed.

Farmers and fishermen. If at least two-thirds of your gross income for 2018 or 2019 is from farming or fishing, you can do one of the following.

- Pay all of your estimated tax by January 15, 2020.
- File your 2019 Form 1040 by March 2, 2020, and pay the total tax due. In this case, 2019 estimated tax payments aren't required to avoid a penalty.

Fiscal year taxpayers. You are on a fiscal year if your 12-month tax period ends on any day except December 31. Due dates for fiscal year taxpayers are the 15th day of the 4th, 6th, and 9th months of your current fiscal year and the 1st month of the following fiscal year. If any payment date falls on a Saturday, Sunday, or legal holiday, use the next business day. See Pub. 509 for a list of all legal holidays.

Name Change

If you changed your name because of marriage, divorce, etc., and you made estimated tax payments using your former name, attach a statement to the front of your 2019 paper tax return. On the statement, show all of the estimated tax payments you (and your spouse, if filing jointly) made for 2019 and the name(s) and SSN(s) under which you made the payments.

Be sure to report the change to your local Social Security Administration office before filing your 2019 tax return. This prevents delays in processing your return and issuing refunds. It also safeguards your future social security benefits. For more details, call the Social Security Administration at 800-772-1213 (TTY/TDD 800-325-0778).

How To Amend Estimated Tax Payments

To change or amend your estimated tax payments, refigure your total estimated tax payments due (see the 2019 Estimated Tax Worksheet). Then, to figure the payment due for each remaining payment period, see *Amended estimated tax* in chapter 2 of Pub. 505. If an estimated tax payment for a previous period is less than one-fourth of your amended estimated tax, you may owe a penalty when you file your return.

When a Penalty Is Applied

In some cases, you may owe a penalty when you file your return. The penalty is imposed on each underpayment for the number of days it remains unpaid. A penalty may be

applied if you didn't pay enough estimated tax for the year or you didn't make the payments on time or in the required amount. A penalty may apply even if you have an overpayment on your tax return.

The penalty may be waived under certain conditions. See chapter 4 of Pub. 505 for details.

Pay by Check or Money Order Using the Estimated Tax Payment Voucher

Before submitting a payment through the mail using the estimated tax payment voucher, please consider alternative methods. One of our safe, quick, and easy electronic payment options might be right for you.

If you choose to mail in your payment, there is a separate estimated tax payment voucher for each due date. The due date is shown in the upper right corner. Complete and send in the voucher only if you are making a payment by check or money order. If you and your spouse plan to file separate returns, file separate vouchers instead of a joint voucher.

To complete the voucher, do the following.

- Print or type your name, address, and SSN in the space provided on the estimated tax payment voucher. If you

have an IRS Individual Taxpayer Identification Number (ITIN), enter it wherever your SSN is requested. If filing a joint voucher, also enter your spouse's name and SSN. List the names and SSNs in the same order on the joint voucher as you will list them on your joint return.

- Enter in the box provided on the estimated tax payment voucher only the amount you are sending in by check or money order. When making payments of estimated tax, be sure to take into account any 2018 overpayment that you choose to credit against your 2019 tax, but don't include the overpayment amount in this box.
- Make your check or money order payable to "United States Treasury." Don't send cash. To help process your payment accurately, enter the amount on the right side of the check like this: \$ XXX.XX. Don't use dashes or lines (for example, don't enter "\$ XXX—" or "\$ XXX ^{xx}/₁₀₀").
- Enter "2019 Form 1040-ES" and your SSN on your check or money order. If you are filing a joint estimated tax payment voucher, enter the SSN that you will show first on your joint return.
- Enclose, but don't staple or attach, your payment with the estimated tax payment voucher.

No checks of \$100 million or more accepted. The IRS can't accept a single check (including a cashier's check) for amounts of \$100,000,000 (\$100 million) or more. If you are sending \$100 million or more by check, you will need to spread the payment over 2 or more checks with each check made out for an amount less than \$100 million. This limit doesn't apply to other methods of payment (such as electronic payments). Please consider a method of payment other than check if the amount of the payment is over \$100 million.

Instructions for the 2019 Estimated Tax Worksheet

Line 1. Adjusted gross income. When figuring the adjusted gross income you expect in 2019, be sure to consider the items listed under [What's New](#), earlier. For more details on figuring your AGI, see *Expected AGI—Line 1* in chapter 2 of Pub. 505.

If you are self-employed, be sure to take into account the deduction for self-employment tax. Use the 2019 Self-Employment Tax and Deduction Worksheet for Lines 1 and 9 of the Estimated Tax Worksheet to figure the amount to subtract when figuring your expected AGI. This worksheet also will give you the amount to enter on line 9 of your estimated tax worksheet.

Line 7. Credits. See the 2018 Form 1040, line 12a and Schedule 3 (Form 1040), lines 48 through 51, 53, and 54, and the related instructions for the types of credits allowed.

Line 9. Self-employment tax. If you and your spouse make joint estimated tax payments and both of you have self-employment income, figure the self-employment tax for each of you separately. Enter the total on line 9. When estimating your 2019 net earnings from self-employment, be sure to use only 92.35% (0.9235) of your total net profit from self-employment.

Line 10. Other taxes. Use the instructions for the 2018 Form 1040 to determine if you expect to owe, for 2019, any of the taxes that would have been entered on your 2018 Schedule 4 (Form 1040), lines 59 (additional tax on distributions only), 60a, 60b, and 62 (including, if applicable, Additional Medicare Tax and/or Net Investment Income Tax). On line 10, enter the total of those taxes, subject to the following two exceptions.

Exception 1. Include household employment taxes from Schedule 4 (Form 1040), line 60a, on this line only if:

- You will have federal income tax withheld from wages, pensions, annuities, gambling winnings, or other income, or
- You would be required to make estimated tax payments (to avoid a penalty) even if you didn't include household employment taxes when figuring your estimated tax.

If you meet either of the above, include the total of your household employment taxes on line 10.

Exception 2. Of the amounts for other taxes that may be entered on Schedule 4 (Form 1040), line 62, don't include on line 10: recapture of a federal mortgage subsidy, uncollected social security and Medicare tax or RRTA tax on tips or group-term life insurance, excise tax on excess golden parachute payments, look-back interest due under section 167(g) or 460(b), or excise tax on insider stock compensation from an expatriated corporation. These taxes aren't required to be paid until
