

TEGA K9 TRAINING & Daycare

Statement to Applicants

Thank you for your interest in working at Tega K9, LLC. Before filling out this application, please read this statement very carefully so that you have a complete understanding of the nature of this job.

First and foremost, the health, safety, and wellbeing of our clients, guests and students is our number one priority. In order to maintain an environment that continually fosters these, we rely heavily on a reliable and responsible staff with flexible availability. Due to the nature of our business, our busiest times are often unpredictable, however, we need the most help in the mornings and afternoons through the close of business. Sometimes we need help at night for classes and seminars or on the weekends for community events. Your availability during these times is critical in our ability to provide safe and quality care to our guests. If working on occasional weekends, or holidays, is something you are not able or willing to do, please reconsider before applying for this job.

It is important to understand this job is not one in which you will be sitting around and playing with cute little puppies all day. Although a good portion of your day will be spent with the dogs, there is very little sitting around. The dogs must be constantly entertained, played with or in training and we have lots to clean around the facility.

When you are not working with the dogs and making sure they remain safe, you will be cleaning up after them, sweeping and mopping floors, cleaning crates, emptying trash, and washing dishes...to name a few your responsibilities. You will be peed on and pooped on. You will have to clean up diarrhea and vomit. You will be exposed to loud noise, blood, cleaning agents, allergens and dander. Although we do our best to screen all dogs that enter our facility, dogs are unpredictable by nature. Therefore, you risk the danger of being bitten or injured by an animal. If you have a problem with any of this, again, please reconsider before applying for this job.

Employees of Tega K9, LLC facilities are very carefully screened to ensure our ability to continually provide the highest level of training and care in the industry for all of our students and guests. We are only looking for the following:

- Dependable, responsible people who have a genuine love for dogs.
- People who don't need to be constantly watched over or directed.
- People who take the initiative to get things done on their own.
- People who ask "why".
- People who are caring, patient, and understanding with animals.
- People who are truly interested in bettering the lives of the dogs, their guardians and the environment at Tega K9, LLC.
- For these people, this can be an extremely rewarding experience.

If after reading and understanding everything described above, you still believe a job with Tega K9, LLC is right for you, we look forward to considering you for a position. Please proceed to fill out this application and submit it to Tega K9, LLC in person by calling and making an appointment to meet.
