SUBJECT: Telecommunications Tower Variance Request

REQUEST: Call to public hearing on July 15th for consideration of application

Hold public hearing as required by ordinance prior to consideration of approval by BOCC

BACKGROUND:

Haywood County Wireless Telecommunications Ordinance requires a public hearing for variance applications for telecommunications towers. In March 2000, the BOCC granted a variance for a tower to be constructed on Chambers Mountain. The tower has reached structural capacity so the owner (SBA, Inc.) is requesting another variance to add guy wires to the tower for structural support. The application must be presented at a public hearing prior to consideration by the BOCC.

IMPLEMENTATION PLAN:

After public hearing, BOCC will consider approval/denial of the variance request for telecommunications tower. IF approved staff will issue permit and monitor construction.
