II. Application submission

Make sure you choose ONE of these points as the theme of your film:

- 1) We live in a world where it is easy to work and travel in other countries. We can buy almost anything we want from anywhere around the world.

OR

- 2) We often meet people from other countries and visit other countries for work and holidays. It is important to understand that people around the world may do things differently from us and may have different opinions and beliefs. We must understand and respect these differences, just as we would like others to respect us.

OR

- 3) Every person in the world has the right to be treated fairly. We should not discriminate against anyone because of the way they look, the beliefs they have, or for any other reason.

OR

- 4) Arguments and conflict do not solve problems. We should try to overcome differences by being positive and looking for ways to work together.

OR

- 5) We want the future to be a good place – the type of world you will grow up in will depend on what we do now.

Applications close at 5pm on Friday, 18th October 2013.
