

DEAR COLLEAGUES!

You are invited to participate in the **III International theoretical and practical conference *Information systems and communication technologies in modern educational process* (June 21-23, 2016).**

Representatives of science, engineering and humanities are invited to share their experience in development of information systems and their use in higher education.

Organizing committee:

- Ministry of Education and Science of Permskii krai;
- Center for social and psychological research, Perm State Agricultural Academy;
- Applied Informatics faculty, Perm State Agricultural Academy;
- Science Center at the Krai State Library named after Gorkii.

Issues to be discussed:

- IT systems types and their educational potential;
- evaluation of IT systems use effectiveness in educational process;
- distance learning: pros and contras;
- modern languages of communication;
- communication problems in educational process of modern higher educational institutions;
- current communicative situation in educational process.

Participation forms:

1. Publication of scientific paper in the Book of Proceedings with UDC, BBC indexed and ISBN numbers. The Book of Proceedings will be issued to the beginning of the Conference and included into RISC citation database.
2. Round table talk:
 - ✓ Participation in presentia – you admit the discussion in person or online;
 - ✓ Participation in absentia – you are welcome to submit topical questions to be discussed at the round-table talk or a video-message;
3. Workshops.

You are welcome to select one or many participation forms. Certificates will be awarded to all participants.

Participation in presentia (including online), in absentia – free of charge.

Publication in Book of Proceedings – free of charge. The Book of Proceedings will be sent to the mailing address specified in the Registration form.

Important dates

Deadline for submission:

Registration form – March 15, 2016;

Manuscripts for publication in the Book of Proceedings, video-messages, questions for discussion at the round-table talk – April 15, 2016.

GUIDELINES FOR AUTHORS

Manuscripts (min 8 pages, A4) submitted for publication must have scientific character and contain: problem raising, research method(s), results description, conclusions and suggestions, bibliography list. must contain introduction, research methods, results and discussions, conclusions, and references.

Manuscripts (210x297) must be typed in Microsoft Word Processor with the next parameters: all margins – 2.5 cm, style – common, font – Times New Roman, font size – 14 (in tables, 12 allowed), width aligned, line spacing – 1.5. Tables must be created in Microsoft Word, the tables auto fit – the window width, formulas must be typed in Microsoft Equation Processor. Black and white pictures only using hatch, without filling and halftones are allowed.

The file must be titled with the first author's surname and two first words of the article title.

One direction files (articles) only are allowed to be stored on one diskette or CD.

Materials must be arranged as shown on the sample.

The table header must be printed with the bold font type in the center. Tables are numbered if they are more than one. The text must contain the link to the table. The table number must be specified before its header without the word "Table". The illustration name (picture, graph) must be placed under it after the explaining inscription, it is numbered (Fig.1). The number is to write before the picture name.

In the end of the article a bibliography list is to be arranged on GOST P 7.0.5-2008 (font – 12), in alphabetical order: first – Russian, then – foreign languages. The link to the literature in the text is given in square brackets in a plane text format [1].
