Re: Loudoun County Housing Advisory Board Appointment

Dear Mr. Davis,

I would like to request my reappointment to the Loudoun County Housing Advisory Board as the "affordable housing finance/consultant". I have served the past four years on this board. I am the Northern Virginia Representative of the Virginia Housing Development Authority (www.vhda.com). While I do not reside in Loudoun, VHDA has a significant portfolio of affordable housing financings (both homeownership and mf rental) in the county and I interact with both local developers and non-profit corporations such as Windy Hill Foundation. I have also regularly attended the Loudoun Task Force that has been meeting and will be reporting to the Board of Supervisors soon. I might add I serve on the board of HomeAid of NOVA and was involved in efforts related to the completion of the Loudoun County Shelter last year. I am also the current President of the Washington Housing Association of Non-Profit Developers.

I would be pleased to continue to serve on the HAB and provide what assistance I can in the area of affordable/workforce housing issues facing the county.

I have attached my statement of qualifications for your perusal.

Sincerely,

Michael J. Scheurer

Professional Experience:

Current Northern Virginia Outreach, Virginia Housing Development Authority

Leads VHDA's community lending and relationship initiatives to customers in the Northern tier of Virginia. Promote business relationships and strategies with VHDA customers and stakeholders in response to the critical financing needs of Northern Virginia. I am charged with developing strategies to finance affordable housing for homeownership and rental in the area of new products, services, and internal processes and controls. Duties include "cradle to grave" services to clients, mortgage bankers, and non-profit housing development corporations.

In business development I prepare and implement customer outreach and marketing plan; establish product and problem solving task forces; work with customers to develop programmatic parameters; work collaboratively with VHDA teams in single family, LIHTC, and multifamily to develop, design, and implement policies and procedures for delivery of products and services relevant to the marketplace.

Provide sourcing for specific transactions, conduct initial feasibility, structuring, and facilitate financing process with other VHDA divisions.

Work with Northern Virginia housing policy makers and stakeholders to ensure VHDA product and services address community lending needs. Liaison with national and local trade associations as necessary.

Co-developed and teach a beginner and intermediate course entitled "How to Finance Affordable Housing" for the National Association of Local Housing Financing Agencies (NALHFA) and the National Association of County Community and Economic Development Agencies (NACCED), Washington, DC.

2001-2006 Senior Deputy Director, Fannie Mae Washington Metropolitan Community Business Center

As Senior Deputy Director, 50% of my time was allocated to direct and/or coordinate ownership and rental housing initiatives involving Fannie Mae products and services with lenders, private developers, non-profit development corporations, state and local agencies, trade associations, and community development corporations in the Washington metro area. These initiatives included homeownership and rental financing and development, equity investment, public financing, and financial participations with lender partners. In addition, 50% time assignment was related to the development of the realigned small (less than \$5 million) multifamily channel. Included preliminary client assessment and new lender research.

Provided technical assistance to local non-profit housing development corporations with emphasis in multifamily lending, LIHTC, and community development products.

Completed limited rotation relating to SOX/Internal Controls in the Community Lending Channel.

April 1999-April 2001 **Director, Multifamily Finance**
National Association of Home Builders (NAHB)
Washington, D.C.

Responsible for all multifamily finance issues for NAHB with a membership of 203,000 of which 10,000 participate in the multifamily business area. Represent NAHB to legislative and federal regulatory bodies when required and advise government affairs staff on legislative issues and initiatives related to multifamily finance. In addition, provided technical assistance to members and represented NAHB on other multifamily member issues. Worked closely with government sponsored entities, HUD, RHS, industry trade organizations, and private lenders on a variety of housing finance and product development issues as well as management concerns. Provided technical assistance to NAHB members. Act as primary support for NAHB Housing Finance Committee and Multifamily Finance Subcommittee on multifamily finance issues. Prepared and presented educational sessions for conferences and workshops on both conventional and affordable housing finance trends and techniques.

Worked closely with the newly formed Multifamily Division and existing Multifamily Council on housing finance, management, and development issues including the preparation of policy documents.

Developed a multifamily a rental feasibility software package (Cashflow+) for NALHFA.

March 1987- March, 1999 **Director of Development & Real Estate Finance**
Department of Housing & Community
Development, FairfaxCounty, Va.

Responsible for all development and real estate finance functions for the housing finance agency and housing authority. Provided policy recommendations and analysis for the agency and the Fairfax County Board of Supervisors. Administered and directed the planning, development, preservation, and financing of over 4000 units of housing as well as other community development facilities. Supervised a staff of 18-21 persons. Member of agency management team. Prepared and supervised a budget in excess of \$25 million. The high performing agency owns, operates, and provides subsidy for over 4500 affordable housing units. It is also an issuer of tax-exempt bonds, was an approved Risk Sharing Underwriter for FHA and was selected as a PAE in the HUD Mark-To-Market program. As director, I was responsible for the development and financing of family and seniors housing; partnership efforts; one of the first HUD approved mixed-

income developments; a working singles development; innovative multi-service elderly developments; a nursing home; an assisted living facility; mobile home community; an active homeownership program for first-time homebuyers; and for the provision of technical assistance to local non-profit organizations.

The projects were completed utilizing a wide variety of financing tools. They were financed through federal, state, local, and private financing sources requiring a thorough knowledge of private and public financing methods. These included FHA, conventional loans, tax-exempt bonds and notes, low-income housing tax credits, housing trust funds, and other federal and state programs.

Coordinated the development and implementation of inclusionary or ADU housing program.

Represented Fairfax County, NAHRO, NALHFA, and NACCED before federal and state legislative bodies.

March, 1985- March, 1987 **Manager of Real Estate Finance Center
American Bankers Association (ABA)
Washington, D.C.**

As the manager for the Real Estate Finance Center, directed two real estate finance-lending committees. One was responsible for construction lending issues for commercial member banks and one for residential lending. Represented ABA to Federal Reserve, Comptroller of the Currency, HUD, FDIC, and other regulatory agencies on issues affecting the commercial banking industry. Committees were representative of almost all money center banks. Was also responsible for the conduct of the annual Real Estate Finance School held in cooperation with the University of Wisconsin.

Commuter Bus Advisory Board

Statement of Interest:

I'm interested in serving as the Algonkian representative on the Commuter Bus Advisory Board. Many neighbors and voting members of the Algonkian District use these buses as a lifeline to places of employment, education, and service and I would like to ensure that our district is part of the decision making process surrounding the future of this vital public asset. I believe the next 5 years will be critical for Loudoun Transit as the Metrorail finally finds its way to our county. I don't believe this will be a negative for our Commuter Bus system, but in stead, an opportunity to showcase the terrific County in which we live and demonstrate leadership in the greater Washington DC Metropolitan area. I also have several ideas about how to make the Loudoun Transit more efficient, more effective, and to reduce life cycle costs so as to ensure the success and viability of our commuter bus system for decades to come.

Work Experience:

2001-present: MD-11 Pilot FedEx Corporation. International experience in Europe, Asia, Australia, North and South America. Unparalleled world-wide exposure and utilization of Commuter Buses, trains, and public transportation systems.

2007-2012: Deputy Area Coordinator Alaska, United States Naval Academy Department of Admissions
Lead a team of 10 Blue and Gold Officers in the state of Alaska, coordinating all aspects of representing the USNA. Oversight of all candidate applications and interviews for admission to the USNA.

1990-2010: United States Naval Officer and Pilot. VP45, VP30, VP66.
LCDR USNR (retired). Mission Commander, Instructor Pilot, Standardization Officer for P3C Orion. Metro Bus Commuter to the Navy's Bureau of Personnel when it was located in Arlington, VA

Statement of Interest:

I have served on the HDRC for several terms, during 7 years of which I served as HDRC Chair. I decided last year that it was time to let that leadership position be filled by other shoes. However, I have continued to serve as a dedicated member of the Committee. We continue to make great strides in the all important mission of preserving Loudoun's valuable historic and heritage resources.

Work Experience:

I have been in the real estate business for over 30 years, both commercial and residential. I served for 16 years as Vice President in the retail development department of Hines, a major international developer headquartered in Houston, Texas. Prior to that time I was Director of Retail Leasing for a project called Canal Place in New Orleans which is a mixed use project at the foot of Canal Street. Since moving to Western Loudoun I have concentrated on residential real estate, currently with J.T. Ferguson Real Estate, a company I operate with my husband. We still do some commercial real estate as well, both here and out of our Richmond office.

Volunteer Experience:

Life long participation in preservation organizations:

Chairman of the New Orleans Historic District and Landmarks Commission
Co-author of application to list the Lower Garden District on the National Register of Historic Places
Co-founder of the Preservation Resource Center
Life long member of the National Trust, having served on several committees

Statement of Interest:

I am requesting that the BOS consider my application for a second term to the Historic District Review Committee (HDRC).

During my first term I have enjoyed being an advocate for preservation in this county. I have attended several preservation conferences where I am always informed by the healthy and intelligent exchange of ideas. I always return galvanized with the belief in preservation as an essential tool for intelligent economic development.

Ultimately, I am moved and privileged to participate in a public process that often finds itself weighing the values and rights of individuals with that of the public. The fact that such a process exists speaks to the wisdom of good public policy. I believe I have adjudicated fairly during my term. I bring expertise to the process. However, I remain a student of the issues.

Statement of Interest:

I am a Pediatrician with a Masters in Public Health. I have over 10 years experience serving in academic, private and non-profit sectors. I have special expertise in pediatric obesity management and breastfeeding medicine. I have lived in Loudoun County for the past 8 years and have three children in Loudoun County Public School System. I am committed to maintaining and improving the health and well being of the citizens of Loudoun County. For the past 2 years I have served as the representative from HealthWorks to the Health Council. I have enjoyed serving on the council as well as on the Preventive Health committee. While serving on this committee I initiated and lead the county-wide public/private/non-profit effort to bring SNAP dollars to the Leesburg Farmers market. We will successfully bring this to fruition at the May 2 Market with matching funds committed from Buy Fresh Buy Local. I would like to continue to serve on the Loudoun Health Council in a physician-at-large position.

Name of Advisory Board, Commission, or Committee:

Loudoun Health Council

Statement of Interest:

It is my sincere interest to serve Loudoun County and help Loudoun continue to be the nation's leader, with vibrant and healthy communities. The health of our residents is at the foundation of maintaining prosperous workforce and educating the next generation.

I will bring to the Loudoun Health Council over 25 years of health care and health information technology experience and education. The unique combination of my background will enable me to develop recommendations that take into consideration the dynamic health care ecosystem within the business community.

My health care experience spans across the silos; biotechnology R&D, funder of County level health services, and leading the implementation of the only global health information technology system. With over 13 years working in the Federal health care, I understand the theory behind the health care policies and initiatives. I bring the combination of experiences in start-ups, non-profit, large Fortune 500 companies and Government sectors, to apply sound business acumen for the diverse public health needs.

Work Experience:

Over 25 years of experience managing health care and health IT programs, to include leadership to the Area Agency on Aging (AAA) for the Seattle-King County region via an interlocal agreement as the United Way of King County Healthcare Portfolio Manager. I provided strategic planning for AAA 2000-2005 Area Plan, King County Heroine Task Force to address the teenage heroine epidemic, technologies to aid health monitoring, such as an automated tracking system using a barcode on an identification card will be used to track and report on clients' participation in nutrition and health and a computerized process to facilitate the home care referral of clients by case managers to home care agencies for identification of home care workers. Responsible for the distribution and oversight of \$40M annual funds to health agencies. For the past 13 years I have focused on Federal efforts, to include leading the implementation of DoD EMR, and DoD/VA Health Information Exchanges which set the standards for health IT, managed the contracts to the Office of the National Coordination NwHIN and Federal Health Architecture as the Meaningful Use requirements were established. Strategic leadership to the Homeland Security Health Service Corps EMR acquisition, to manage infectious disease. in 2013 completed a year-long appointment as an Food and Drug Administration, Entrepreneur-in-Residence/ Senior Advisor.

Volunteer Experience:

Board of Directors and Finance Committee for Little Bit Therapeutic Riding center, Redmond Washington. Accomplishments included Little Bit becoming financially solvent, eliminating debt, while expanding services.

NIH Small Business Innovation Research grant reviewer, ensuring applications are programmatic, financially and scientifically sound.

Health Information Management Systems Society, co-authored Best Practices collecting and storing genome data.

Education:

University of Washington, MSW- Healthcare Administration - focus on chronic healthcare management
The Evergreen State College, BS/BA - biotechnology and studio art
Project Management Professional certified

Special Qualifications:

ChangeLogic (Harvard Executive Business School consulting practice)- Executive Leadership Training
DoD - Secret clearance
