Re: Shallowford Community Hospital
Emergency Room Addition/Renovation

Dear Mr. Hall:

During a meeting on January 11, 1990 with Jack Nobles regarding the Shallowford Women's Center, you requested a copy of the Certificate of Occupancy for the above referenced project. I have attached a copy of the Certificate of Occupancy for the Shallowford Community Hospital Emergency Room dated September 22, 1989 as requested.

If you have any questions, or if I may be of further assistance to you, please do not hesitate to contact me.

Sincerely,

ROBERT J. GERRARD
Director, Construction

Shallowford Community Hospital
DEKALB-15G
Atlanta, Georgia

Dear Mr. Hall:

Construction for the above mentioned project is scheduled to start during the first week of December, 1988 and a tentative completion date has been set during the first week of May, 1989. I will notify your office in advance of our scheduled 50%, 80%, and 100% job-site inspections.

In the meantime, if you have any questions or if I may be of any further assistance, please do not hesitate to call.

Yours very truly,

WOOD, MORRIS MCTIER, INC.

Re: **DEKALB-15G**
Renovations and Expansion of Emergency Department
Shallowford Community Hospital
Chamblee, Georgia

Dear Mr. Haun:

Addendum #1, which included new and/or revised drawings as noted below, are acceptable to and hereby approved by this office; we have bound them into our record set of drawings. Drawings referred to are as follows: Sheets M1.1 FP1, FP2, PD1, PD-2, P1, P2, P3, P4, P5, P6, E1, E2, E3, E4, E5 and E6.

It is our understanding that construction has already started. Please keep us informed about progress so that we may schedule visits at appropriate times during construction and upon completion of construction before this newly renovated and expanded emergency department is occupied and put into service.

There will be no change in bed capacity due to this construction; it will remain, as currently, at a maximum of 178 beds.

Sincerely,

Robert H. Hall, Architect

Re: DEKALB-15G
Renovations and expansion of Emergency Department
Shallowford Community Hospital
Chamblee, Georgia

Dear Mr. Morris:

Plans and specifications for the referenced project which were delivered to us on September 6, 1988 appear to comply with physical plant standards for hospitals and, on that basis, they are acceptable to and hereby approved by this office for construction. These are the plans/specifications which we reviewed and discussed during your visit to this office on September 12, 1988.

Please inform us when construction starts and when construction nears completion so that we may schedule visits at appropriate times during construction and upon completion of construction before this newly renovated and expanded emergency department is occupied and put into service.

There will be no change in bed capacity due to this construction; it will remain, as currently, at a maximum of 178 beds.

Sincerely,

Robert H. Hall, Architect
