15. Product Warranty:

Hasler, Inc. warrants to the Government that if you have any problem with this equipment within the first 90 days after installation, we will repair it or, at our option, replace it. During this 90 day warranty period, we will be responsible for the cost of material and labor necessary to repair or replace this equipment.

We do not assume a warranty obligation for consumable parts or supplies such as, but not limited to, rubber belts, rollers, felt ink rollers, sealer and moistener brushes, felts, sponges and ink, or for parts worn out due to extraordinary use of the equipment.

We warrant replacement parts to be free from defects in materials and workmanship for 90 days after installation. We warrant repairs of equipment by our Customer Service Representatives for 30 days after installation.

We warrant Rate PROMs and Software installed by our employees or authorized representatives to be free from defect in material, workmanship, or programming for 90 days after installation. Rate PROMs and Software are programmed with rates and computation methods which may be specific to a

carrier or regulated by a government agency. If a carrier or agency whose rates or methods are programmed on the Rate PROMs or Software you acquired through this agreement, change their rates or methods within the first 90 days after installation, we will update or replace affected Rate PROMs and Software to reflect current rates and methods. After the warranty period, all updates and replacements will be chargeable to the Government.

Our warranties apply only if we receive notice of claim within the relevant warranty period and only if, in the case of replaced Rate PROMs, parts and supplies, the defective items are returned to us at the time we make the repair or replacement.

We will assume the obligations stated in the Agreement, only if you operate our equipment in the proper temperature, humidity, line voltage, and other specified environmental conditions. We also assume these obligations, only if you use reasonable care in handling, operating, and maintaining our equipment, and if you use it only for the ordinary purpose for which it is designed. If you have a special application, let us know and we will do what we can to make it possible for you to use our equipment for this application. To make sure that this Agreement is interpreted by law consistently with the intent we have mutually expressed in this document, we are required to inform you that:

THIS WARRANTY IS THE ONLY WARRANTY APPLICABLE TO THE EQUIPMENT, RATE PROMS, SOFTWARE, CONSUMABLE SUPPLIES, AND/OR PARTS, AND IS EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED,
