Cuyamaca College Ornamental Horticulture Internship Program

Thank you for your interest in the Cuyamaca College Ornamental Horticulture Internship Program. The department established its first internship program in 1995 with a generous donation from the Rice Family Foundation. Since that time other individuals and organizations have joined the program to provide paid internships for students to work at the Cuyamaca College Ornamental Horticulture field site. These internships help to increase their skills in horticultural practices and gain experience in positions of leadership with responsibilities and expectations that help prepare them for careers in the horticulture industry.

The internship program provides experience in a wide variety of areas of our program, some of which are listed on the following page. Funding may be directed toward one of the department's specialty areas such as nursery operations, turf and landscape operations, or in any amount for general internship support to help where the department finds a need. If you have further questions about the program, don't hesitate to contact me by email or phone. Thanks again for your interest in our program.

Contact Information: 619-660-4261 email: brad.monroe@gccd.edu

Sincerely,

A handwritten signature in black ink, appearing to read "Bradford R. Monroe", with a long, sweeping horizontal line extending to the right.

Bradford R. Monroe

Ornamental Horticulture

Cuyamaca College Ornamental Horticulture Internship Program

Internships are for a minimum of one semester for approximately five hours per week with the student earning \$9.50/hour. A minimum contribution of \$1,500 to the internship program will provide a year's worth of valuable work experience for a student in the program.

Donor Recognition

Our Student Internship Program is a valuable part of the student's educational experience and your contribution makes this possible.

Scholarship and Awards Dinner

Because of your generosity, we would like to recognize your contributions by inviting you to our annual Scholarship and Awards Dinner in May.

Urban Horticulturist Newsletter

We also would like to recognize your contribution in our department newsletter that will be sent to over 6000 community and industry members in San Diego and throughout the state.

Typical Internship Opportunities for Students*

Position	Donation
Grower & Asst. Growers	\$6,500.00
Spring Nursery Assistants	\$1,500.00
Floral Design Intern	\$1,500.00
Nursery Irrigation Specialist	\$1,500.00
Landscape Technicians	\$1,500.00
Turf Manager	\$1,500.00
Arborist or Grove Manager	\$2,400.00
Floral Field Manager	\$2,800.00
Nursery Sales Associates	\$3,000.00
Administrative Assistants	\$3,000.00

* These internships are typical of the type of internships that are or have been established. Internship funding may be restricted to specific purposes or provided to the program for support in areas of need.

Cuyamaca College Ornamental Horticulture Internship Program

We want to thank you for your interest in supporting the Ornamental Horticulture students of Cuyamaca College. The scholarship and awards program was established in 1995 and provides students with learning opportunities outside the classroom. Your contribution will help students obtain their educational goals and enter into the horticulture industry. We would like to invite individuals and organizations that wish to establish an internship to our Annual Scholarship and Awards Banquet so that we may acknowledge your contribution to the support of our program and students.

Yes, I would like to support horticulture students and their educational goals.

Name of contributor (individual, company or organization):
