

## ***Fly Fishing Product Catalogue***

***Call 04 10 423 430 or [info@flyfinz.com](mailto:info@flyfinz.com)***

# Introduction

## Welcome to Flyfinz Tackle & Books Fly Fishing catalogue.

Flyfinz continues to grow and new products are added regularly as anglers inquire about new items and items that they would like to use.

One of my principals in starting Flyfinz back in 2007 was to provide a customer service to fellow anglers, providing quality products they required at sensible prices.

Coupled with this goal, I appreciate the value of prompt service and interaction with anglers and supplies and I have tried to ensure Flyfinz provides a personalised service that I would value and appreciate.

I hope this is your experience with Flyfinz and if not I would appreciate listening to you to improve my services.

This revised catalogue has incorp[orated] valuable responses and feed back I have received and I have included many more pictures and explanation of product usage. It also was an opportunity to ready [Flyfinz](#) for a internet shopping portal to provide the internet service that some colleagues prefer. Consequently the catalogue requires to be self explanation and hopefully I have covered most questions and inquiries. Please do not hesitate to contact me should you require any information.

Prices have basically remained the same as previously listed with some reductions as I find better deals from suppliers and can pass these savings onto you.

I hope you enjoy the new catalogue and find something of interest.

best regards ***Jim Baumgurtel***

	Ref #	Description	Club Member Price
	FF-01-1	<b>Dry Box</b> - Deep box ideal for larger hackle flies. Waterproof. Solid lid, metal hinge and strong lid clamp. Dimensions : 120 X 90 X 35mm	\$8.00
	FF-02-1	<b>Nymph Box</b> - String lid box ideal for nymph and small dry flies. Waterproof and metal hinge with a strong hinge clamp. Dimensions : 135 X 85 X 35mm	\$8.00
	FF-03-1	<b>Bead Box</b> -Useful strong hinged plastic box for storing beads, hooks and tools. Clip in removable 8 tray compartment clips into the box. The scalloped compartments provide easier access and removal of beads etc. Each compartment lid is tight fitting which stops beads moving from chamber to chamber. Dimensions : 140 X 95 X 45mm	\$6.00
	FF-04-1	<b>Compartment Box</b> - Day pack 20 compartments . Useful box also for a days outing. 20 good size compartments with individual sealing lids. Useful box to consolidate flies to be used on a days outing. Dimensions : 155 X 90 X 40mm	\$8.00
	FF-05-1	<b>Boat Box</b> - larger slim line box suitable for boat use or displaying flies. High density micro slit foam. Dimensions : 305 X 230 X 23mm.	\$18.50
	FF-06-1	<b>Clear double sided box</b> - Waterproof This box is a handy pocket size and the clear double sided lid is a useful feature. Dimensions : 102 X 75 X 30mm.	\$12.00

## Fly Boxes

Ref #	Description	Club Member Price
FF-07-1	<p><b>Clear double sided box</b> - My smaller waterproof clear sided fly box (FF-06-1) introduced in June 2013 has been very popular and I have received many requests for a larger box with the same features. I am pleased to introduce a larger version of the smaller box with the same metal pinned hinges, split foam inserts and very strong construction. The new box measurements are 152 X 100 X 44mm which is still a handy pocket size and the clear double sided lid is a useful feature. These are deep sectioned boxes suitable for a full range of flies including larger hackled flies. This box is a handy pocket size and the clear double sided lid is a useful feature.</p>	\$16.00
FF-08-1	<p><b>All Purpose</b> - Last September I introduced a larger slim line Boat Box (FF-06-1) with high density micro slit foam. These have been popular as display and boat boxes. I have had requests for a similar styled box in a smaller configuration and have come up with a smaller version of the larger boat box.</p> <p>The All Purpose Fly box m is marginally deeper than the larger box. Micro slit foam insert and opaque plastic construction.</p> <p>Dimensions : 210 x 150 x 25mm</p>	\$12.50

## Fly Lines

Ref #	Description	Club Member Price
-------	-------------	-------------------

**Fly Lines** - I have added new lines to my existing range and now offer 1WF to 8WF Floating lines and a 6WF Sinking Intermediate line.

All lines have a welded loop which I find easier for faster leader changes.

Line colours are:

1WF & 2WF - Pastille Green

3WF - Light Blue

4WF - Olive Green

5WF- Burgundy

6WF -Fluoro Yellow, Orange and Olive

7WF - Coffee

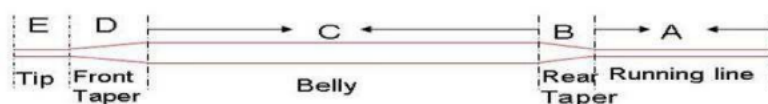

8WF - Light Olive

6WF Sinking - Deep Green.

Lines are high quality and are great value. I am also trialling some **Salt Water lines** so if there is an interest please contact me and I will advise you of progress and what I am up to.

### Weight Forward Fly Line

Line Weight	Tip (E)	Front Taper	Belly	Rear Taper	Running Line	Total Head	Total
1	0.5'	4.7'	24'	3.3'	53'	32'	85'
2	0.5'	4.7'	24'	3.3'	53'	32'	85'
3	0.5'	4.7'	24'	3.3'	53'	32'	85'
4	0.5'	4.7'	24'	3.3'	53'	32'	85'
5	0.5'	5.3'	29'	3.7'	47'	38'	85'
6	0.5'	6.0'	28'	4.0'	47'	38'	85'
7	0.5'	6.7'	27'	4.3'	47'	38'	85'
8	0.5'	7.3'	32'	4.7'	41'	44'	85'
9	0.5'	7.3'	32'	4.7'	41'	44'	85'
10	0.5'	7.3'	32'	4.7'	41'	44'	85'

FF-10-1

**Fly Line - 3WT Forward - Light Blue**

\$33.00

## Fly Lines

Ref #	Description	Club Member Price	
FF-10-3	<b>Fly Line</b> - 4WT Forward - Olive Green	\$33.00	
FF-10-4	<b>Fly Line</b> - 5WT Forward - Burgundy	\$33.00	
FF-10-5	<b>Fly Line</b> - 6WT Forward - Yellow and Orange - Ideal colours for a practice casting line. Olive Green also available which is perhaps better suited for fishing	\$33.00	
FF-10-6	<b>Fly Line</b> - 7WT Forward - Coffee	\$33.00	
FF-10-7	<b>Fly Line</b> - 8WT Forward - Light Olive	\$33.00	
FF-011-1	<b>Fly Line</b> - 6WT Intermediate sinking - Deep Green	\$33.00	
FF-12-1	<b>Loop Connectors</b> - Ready made <b>SMALL (2 - 3mm) CLEAR</b> loops for easy connection to fly line is loop connection is preferred. Add glue or knot to secure connector to fly line is recommended. 2 connectors per pack - 30lb tested - 30 lb. Approx 12cm of braided loop material and loop.	\$3.00	
FF-13-1	<b>Fly Line Braided Backing</b> - Polyester woven braid. 50 meter spools in White or Fluoro Yellow. White -30lb - .71 mm Diameter Fluoro Yellow - 20lb - .50mm Diameter.	\$10.00	

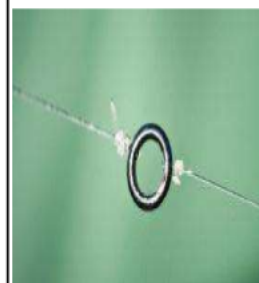

## Line Accessories

Ref #	Description	Club Member Price
FF-34-1	 <p><b>Shark Tooth</b> - Line dispenser - Available in 3 sizes.  <b>\$6.50 each OR 2 for \$12.00 - 2 pieces per pack.</b>            The Shark Tooth is a highly functional and easy line cutter. Simply slip elastic over a spool and use the Tooth to cut with precision. The smooth cutting action leaves the perfect amount of line exposed and eliminates waste. Reusable from spool to spool.            * Stainless Steel cutting blades            * Elastic band fits on any spools            * Grommet keeps tag end ready for use            Red - suitable for Rio , Maxima, Orvis spools            Blue - suitable for 2.75 outer diam tippet spools            Orange - suitable for 3" outer diam tippet spools</p>	\$12.00 or \$6.50 each
FF-35-1	 <p><b>Fast Knot Tying Tool</b> - The tool is especially good for nail knots and makes joining leaders to tippet reasonably simple. The tool can be used for other knots ( Gryp Knot) and shank ties on larger hooks. Light and black finish makes it easy to carry in vest - a most useful vest accessory. I have included a small length of fly line to practice nail knots to attach leaders to fly lines.</p>	\$6.50
FF-36-1	 <p><b>Rod Safe</b> - Have you ever rested your rod against a car door or rear vision window only to see it fall away in the wind and either break or get stood on!!!! This small strap with non scratching magnets is the answer. Made in New Zealand and distributed by the Wellington Fly Fishers club as a fund raising activity to support their efforts to stock and maintain pools they use for teaching children fly fishing - this little item will save your rod at some stage. Simple and effective as they can be placed on any metal surface away from doors!! and will support your rod/s while you attend other preparation matters. Neatly packaged with instructions they also have a built in leader straightener and Velcro strip should you wish to attach it to your vest.</p>	\$12.50
FF-37-1	 <p><b>Double Zinger</b> - strong nylon retracting coils for secure storage of nippers and fly threader or other tools as you require. Magnet in centre provides a "third hand" for temporary storage while changing flies. Pins onto vest.             Note : I have super glued the pin to the plastic case to assist in securing the metal pin to the casing.</p>	\$8.00

## Line Accessories

Ref #	Description	Club Member Price
FF-38-1	<p><b>Micro Rings</b> - Micro rings are becoming more popular and are used extensively in Europe as a useful accessory for adding droppers and pre prepared rigs to your leaders. Light and very small they do not appear to impact casting and definitely assist in restricting your dropper from twisting around your main leader. Another advantage is that joining fluorocarbon to mono can be difficult and knots can slip. Placing the ring in-between the materials eliminates this problem. I have packaged them with a small swivel clip to store them and a lanyard to attach to your vest zip pocket which makes them easier to find and manage when needed.</p> <p><b>15</b> micro rings per with clip and lanyard. Please note that I do have 1.5mm and 3.00mm in limited stock if preferred.</p>	\$6.50
FF-39-1	<p><b>Tippetac</b> - line management device - from USA which is easily attached to your clothing, vest or waders. Two serious magnets which makes it very versatile and practical. The face of the unit has a rubber wedge and slit to slide monofilament / tippet in and out without damage. When changing a fly, just slide your leader into the slit of the Tippetac. Clip your fly and or make required adjustments or add a new fly. Tippetac keeps track of your line - <b>hands free</b>. This is particularly useful in windy conditions. The face of the Tippetac is also magnetic which enables you to hold the fly with the magnet as required. Have a look at the following web site which will provide a good visual summary of the use and features. Have a look at <a href="http://www.tippetac.com">www.tippetac.com</a></p>	\$10.75
FF-40-1	<p><b>Dry AZ - Fly Floatant</b> - Similar product to "Frogs Fanny" and other powder based silica products. It is amazing how dry flies regain their buoyancy after a small coating of the silica powder. It is particularly good for restoring CDC flies. The other advantage of this product is that the fly does not have that oil ring around it when using oil based products. Puffer style bottle of 20ml makes it more economic to use and easier to hold fly with one hand and puff the powder into fly with the other - no brush and lid to juggle and manage.</p>	\$7.00
FF-41-1	<p><b>Dropper Rollers</b> - HENDS product. Assists in keeping dropper free running away from leader. 5 pieces per pack. Tying Instructions included in pack .</p>	\$5.00
FF-42-1	<p><b>Line Threaders</b> - Handy tool to thread those smaller hooks, particularly in fading light. Simply thread the wire hoop thru eye of hook, thread tippet into the larger wire hole and pull line threader back thru eye of hook and then proceed to secure fly and tippet with your favourite knot. Pack of 5.</p>	\$3.50

## Tungsten

Ref #	Description	Club Member Price
-------	-------------	-------------------

**Tungsten Cyclops Beads** - 25 beads per pack - Available in various sizes and colours.

**Colours :**

Gold, Black, Coffee Brown Fluoro Red, Copper, Fluoro Green, White Hot Pink, Rainbow, Fluoro Orange, Emerald Green, Purple, Silver , Metallic Green.

## Reels - "Jamieson Series II "

I am pleased to continue the Jamieson series of waterproof reels which have been popular. The **Series II** is very similar with additional features i.e.: reel weight has been reduced, a coloured disc drag and rubber seals over all open ended screws have been added.

I have kept the **Series II** at 2013 prices and have a few of the Series I waterproof reels available in Black and Gunsmoke at a reduced price. Please contact me for details.

The new **Series II** is only available in Black with a Red disc drag.

### Specifications:

- Waterproof housing of drag and ball bearing assembly
- Large arbour to take maximum line and backing lengths
- Frame and spool are CNC Machined 6061 - T6 bar stock aluminium
- All machine cut frame with corrosion resistant anodising
- Sealed maintenance free multi disc carbon fibre drag system with large drag adjustment knob
- Reversible 6 bearing one-way clutch for left and right hand operation
- Derlin high tensile strength winding handle
- Stainless steel spool shaft
- Threaded and grommet controlled locking nut inhibits locking nut to be completely removed. - A key feature whilst attending on stream maintenance
- Neoprene bag included

-------	-------------	-------------------

## Rods - "Rivers Run" Series

I am pleased to release my 2014 extended range of the "Rivers Run" series of fly fishing rods. These are exceptional value for money at my introductory price of **\$180.00** I am confident that you will find these rods difficult to match for quality and value and I will offer a "try-before-you-buy" arrangement and a 2 year original owner warranty on materials and workmanship.

As a further bonus I will offer a replacement sections service of \$45.00 should you break something during this 2 year period. I generally have stock on hand so there will be no extended waiting time to get back fishing.

All rods include a cloth cover / pouch and a solid Cordura rod tube. I can, on request, treat the cork handle with Tung Oil to protect it from water stains and grubby marks. This is a free of charge service if desired.

Contact me for details of the "try-before-you-buy" programme and for any particular questions about the rods and service offering.

### Specifications:

➤ AAA Portuguese Cork handles - half well on 3WT, 5WT and 6WT. Full well and fighting butts on 7 - 9WT grips. Free Tung Oil service as required

➤ Light weight, medium to fast action - top of the range 46T carbon IM12 high modulus blank

➤ Burl wood reel seat with double CNC aluminium locking rings

➤ Matt brown finish with alignment dots for ease of and correct assembly

➤ Chrome plated ring and snake guides and Minima stripping guides

FF-75-1	<b>3WT</b> - 8 foot 4 piece	\$180.00
FF-75-2	<b>3-4 WT - Czech Nymphing</b> 11 foot - 5 piece Small fighting butt on full wave handle provides more comfortable casting control	\$180.00

## Indicators

Ref #	Description	Club Member Price
-------	-------------	-------------------

### New Zealand Needle Strike Indicator

A very effective and practical indicator. Indicator material is reusable and the ability to quickly adjust the indicator depth and not damage the leader with knot kniks or curls is a useful feature. Kit includes indicator tool, instructions, ready cut 4mm tubing, replacement lengths of the tubing and a good supply of the orange and white indicator wool. Refer utube video for a demonstration of this simple product.

<http://www.strikeindicator.com/default.asp>

FF-58-1	NZ Needle Strike Indicator	\$16.50
---------	----------------------------	---------

FF-58-2	<b>Bubble Foam Indicator</b> The stick/foam bubble indicators are inexpensive and are effective and easier to cast. Simply remove the rubber tube , insert line / tippet and replace tube back into foam bubble which secures the indicator into place . Three colours in a handy tube for your vest. 6 pieces per tube.	\$4.50
---------	---	--------

FF-58-3	<b>Loon - Biostrike Putty Indicator</b> The strike indicator needs to be applied wet before casting. Once wet it is easier to manage. Utube clip provides a good summary of how to apply the putty. <a href="http://www.youtube.com/watch?v=CT1JphOFPKc">http://www.youtube.com/watch?v=CT1JphOFPKc</a>	\$8.00
---------	--	--------

FF-58-4	<b>Czech Nymphing Braided Indicators - Dohiku</b> Tri Coloured indicators with 2mm micro rings inserted at ends for easier attachment of leader and tippet. Approx 12cm - 1 piece per pack	\$7.50
---------	---	--------

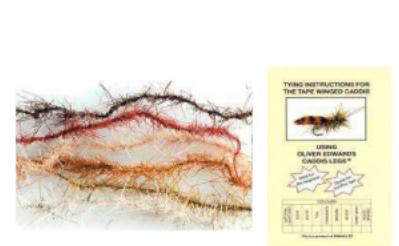

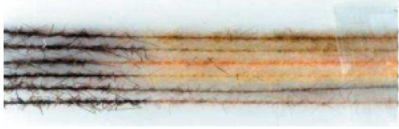

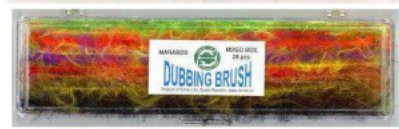

FF-58-5	<b>Czech Nymphing Spiral Indicators - Siman</b> Tri Coloured spiral indicators with loops. Highly visible and popular indicator for short line nymphing. Approx 14 cm - 2 indicators per packet	\$13.50
---------	--	---------

# Materials - Threads

Ref #	Description	Club Member Price	
<b>NEW !!! Semperfli thread and products</b>			
FF-96-1	<p><b>Nano Thread</b> Reputed to be the strongest thread available. Independent tests score this as the strongest and thinnest thread. The utube video clip is amazing as the thread wrapped around a size 8 hook breaks the hook in half!!</p> <p>The product is distributed by Semperfli based in UK. I expect that we will start to see more of this thread becoming available in tackle shops however I have been able to obtain distribution and can offer their full range of threads and fly tying materials which include chenille, Frizz and Slinky fibre, UV Strangle string, Micro Glint tinsel, and the Silk Nano thread which is available in 6/0 , 12/0 and 18/0. Over 14 colours.</p>	\$5.75	
FF-96-2	<p><b>Bobbin Rack</b> - Plastic rack to hold thread spools at your tying desk. Rack holds 32 spools . Suitable for most spools.</p>	\$12.00	
FF-96-3	<p><b>Straggle String UV</b></p> <p>Available in 5 colours this UV string makes great bodies for streamers and bigger wet flies.</p>	\$5.75	
FF-96-4	<p><b>Micro Glint Tinsel</b></p> <p>Fine tinsel thread available in 4 colours - Rust, Rainbow, Brown and Claret. Easy to work into dubbing or used to create a body.</p>	\$5.75	
FF-96-5	<p><b>Glo Brite</b></p> <p>Fine thread in fluoro Green and Dark Orange.</p>	\$5.75	

## Tying Accessories

Ref #	Description	Club Member Price
FF-97-1	 <p><b>HardAZ - UV Resin Kit</b> - This is new product that I have been testing for some time. I found using epoxy setting material quite messy, wasteful and the results were not to my satisfaction. I used other UV resin products whilst they worked ok some cured to a yellow colour and most were expensive. I sourced this particular UV Resin direct from a manufacturer and my results and testing by others have proven successful. I am pleased to package the UV resin in a kit from or purchased separately. No more rush to apply epoxy to fly heads / bodies. Great for salt water flies. The Kit is comprised of the 15ml bottle of resin, a 12 LED high intensity UV torch and 3 AAA batteries.</p> <p>Items can be purchased separately - UV Resin <b>\$23.50</b> 12 LED torch with batteries - <b>\$18.50</b></p>	\$39.00
FF-97-2	 <p><b>Key Ring - UV Torch</b> UV Torch for testing materials etc for UV characteristic. Can also be used to cure UV resin however more powerful torches are recommended.</p>	\$6.50
FF-97-3	 <p><b>Loon - UV Wader Repair Kit</b> UV Wader repair tube is a handy item to have in your travelling kit. Simply apply a small drop to area to be repaired and allow sun to cure the uv resin or use your Key Ring - UV Torch listed above.</p>	\$9.50
FF-97-4	 <p><b>HENDS - Fine Wire</b> The wire is extremely fine and available in some most unusual colours including many shades of green, reds, pinks and blues. Also available in silver, gold and black plus many others. 50 meter spools.</p>	\$3.50

# Hooks - Barbed

Ref #	Description	\$6.50 per pack 25 pieces
<b>Kamasan Barbed Hooks</b> Kamasan hooks have been fly tiers go too hook for some time. Kamasan hooks are made from high carbon steel and chemically etched to create the sharp point. The hooks are then treated to a double bronze finish to prevent the hook from rusting, even if it is stored wet. Made in Japan, Kamasan hooks are extremely strong and are made in a variety of shapes that are perfect for the fly tier		
<b>B 100 Grub</b>	Turned down eye, forged bend, medium wire. The bend gives life like shape to shrimps and grub patterns. Bronze finish. <b>Sizes Available :</b> 10, 12, 14	
<b>B 160 Wet</b>	Heavy wire forged 3X short shank. Wider gape and suitable for buzzer, spider and nymph patterns . Bronze finish. <b>Sizes Available :</b> 10, 12	
<b>B 170 Wet</b>	Turned down eye, medium wire standard shank. All round hook for wet and nymph patterns . Bronze finish. <b>Sizes Available :</b> 10, 12, 14, 16	
<b>B 175 Wet</b>	Heavier version of the B170 . Turned down eye heavier wire and sprout bend. Ideal hook for deep water wet flies , lures and nymphs. Bronze finish <b>Sizes Available :</b> 8, 10	
<b>B 405 Dry</b>	Suitable for all dry fly / surface patterns. Forged and turned down eye with shorter shank. Bronze finish. <b>Sizes Available :</b> 10, 12,14 16, 18	
<b>B 830 Wet</b>	Forged turned down eye 2X long shank. Used for lures, nymphs, wet and may flies. Bronze finish <b>Sizes Available :</b> 6, 8, 10

## Daiichi Barbed and Barbless hooks

Reputed to be one of the finest made hooks in the world. Made from high carbon steel which is hardened and tempered to an exacting formula that makes for a long point life and a very strong hook. Needle point eliminates irregularities in shape assuring no weak spots and gives greater speed of penetration.

	<b>1190 Dry - Barbless</b>	Classic Dry fly hook. Round bend , down eye and standard length. A good all purpose hook for traditional Dry flies. Bronze Finish <b>Sizes Available : 12, 14,16</b>
	<b>1770 Swimming Nymph</b>	Hook shape developed in 1980's for swimming mayfly patterns and for imitating leeches or worms. The gentle "s" curve helps give a life like appearance to imitations. Bronze finish <b>Sizes Available : 12,14</b>
	<b>1160 Klinkhammer Bronze</b>	Invented by Has Van Klinken for his famous Klinkhammer pattern This hook is a great all round emerger and caddis hook. Curved shank, Wide Gape, Straight eye and bronze or Black nickel finish <b>Sizes Available : 10, 12, 14, 16</b>
	<b>1161 Klinkhammer Black Nickel</b>	Invented by Has Van Klinken for his famous Klinkhammer pattern This hook is a great all round emerger and caddis hook. Curved shank, Wide Gape, Straight eye and bronze or Black nickel finish <b>Sizes Available : 10, 12, 14, 16</b>
	<b>1170 Standard Dry</b>	High carbon steel hook with needle point and smaller barb. Ideal for dry flies. Bronze finish <b>Sizes Available: 14</b>
	<b>1120 Heavy Wide Gape Scud</b>	Heavier wire for additional hook strength and quicker sinking hook. Bronze Finish <b>Sizes Available : 14</b>
	<b>1130 Wide Gape Scud hook</b>	Style similar to Tiemco 2487. Lighter gauge and verify useful hook for scud and grub patterns. <b>Sizes Available : 18</b>
	<b>1710 Nymph 2X long</b>	Heavy wire 2X long shank used for imitating nymphs mayflies, caddis and stoneflies. Also a good hook for grass hopper patterns. <b>Sizes Available : 10, 12, 14</b>
	<b>1720 Nymph 3X long</b>	Heavy wire 3X long shank - Good choice for Woolly Buggers , bead headed nymphs and stoneflies requiring extra long hooks. <b>Sizes Available : 8, 16, 18</b>

Description

## CLAW Barbed and Barbless hooks

Claw hooks are manufactured in Slovakia by the makers of the internationally recognised Dohiku barbless hooks. Hooks are exceptionally sharp and have been designed with a larger gap between the shank and needle point providing a larger hooking area between shank and hook when fly is dressed. Whisker barb style on barbed hooks. Both Barbed and Barbless hooks are Gold / Bronze finish.

**C 211 - Dry  
Barbless**

Classic Dry hook. Great for CDC flies, Royal Wulfs and Humpys. Large gape and all round excellent hook for dry flies - light gauge steel.  
**Sizes Available :** 10, 12, 14, 16, 18, 20

**C 231 - Wet  
Barbless**

Larger gape hook for wet flies. Ideal for spinners, caddis and palmer flies in smaller and larger sizes.  
**Sizes Available :** 8, 10, 12, 14, 16

**C 251 -  
Shrimp  
Barbless**

Grub or shrimp hooks ideally shaped and sized to use as larger heavy Czech Nymphs or smaller lightly dressed flies used as the middle dropper in Czech nymph fishing methods.  
**Sizes Available :** 8, 10, 12, 14, 16

**C 031 -  
Streamer  
Barbed**

Longer shank hook - Ideal for woolly buggers, hoppers, larger cased caddis, mayfly nymphs and terrestrial flies.  
**Sizes Available :** 4, 6, 8

**C 020 Wet  
Barbed**

Classic Nymphing hook. Good all purpose hook. Larger gape is a feature of CLAW hooks and allows a bulkier dubbing without reducing hooking gap  
**Sizes Available :** 6, 8, 10, 12, 14, 16

**C 010 Dry  
Barbed**

Classic Dry fly hook however can be used for most short shanked wets. All round hook with larger gape which is an added feature of all CLAW hooks.  
**Sizes Available :** 10, 12, 14, 16

**C 0051  
Shrimp  
Barbed**

Recommended for scuds, shrimps and pupae styled fly patterns.

**Sizes Available :** 6, 8, 10

**C 0052  
Shrimp Light  
Barbed**

Lighter gauge hook - Medium wire grub hook, side curved point.  
**Sizes Available :** 10, 12, 14, 16

All other styles and sizes available upon request

-------	-------------	-------------------

**Hat Eyes** - These have been great to reduce the clutter around my neck when fishing. I no longer struggle with tangled cords from my magnification glasses and sun glasses around my neck. Easy to fit onto most hats and fold back under the hat brim out of the way. Made in the USA from stainless steel with a high grade optical acrylic binocular lens. Lenses are very clear and don't have that plastic feel. They are available in 4 magnifications ( 1.6x, 2.0x, 2.25x and 2.75x ) which are interchangeable should you require an upgrade in magnification at some stage.

**Mag Eyes** - is an extension to this concept and are ideal for fly tying at your bench. Light and comfortable to wear the lenses are interchangeable with Hat Eyes frame if desired.

Mag Eyes are available in a kit form which includes the head band frame and 2 interchangeable lenses. I can also provide the Green Head frame separately for interchanging Hat Eyes lenses if you have previously purchased Hat Eyes. Interchanging lenses for both Hat Eyes and Mag Eyes are available in 4 magnifications - 1.6, 2.0, 2.5 and 2.75. Please have a look at [www.mageyes.com](http://www.mageyes.com) for more details of this USA purpose built product.

FF-70-1	<b>Hat Eyes</b> - available in 4 magnifications - 1.6, 2.0, 2.5 and 2.75 Stainless steel frame and your choice of one lens	\$38.50
FF-70-2	<b>Mag Eyes</b> - Green Head frame without lens	\$18.00
FF-70-3	<b>Lenses</b> - sold separately - 4 magnifications - 1.6, 2.0, 2.5 and 2.75	\$12.00
FF-70-4	<b>Mag Eyes Kit</b> - 2 lenses of your choice and one green Mag Eye frame	\$29.00

**Bamboo Socks** - Something a little different in my range however I discovered these recently and my feet have never been happier !! Yes they are made from bamboo fibres and for wading are just the ideal foot wear. Thick and comfortable and your feet do not slip in your waders and your feet "breathe" or wick as it is referred and absorb moisture. You can wear these socks day after day without fear of smelly feet !! Amazing product available in various colours for men and ladies. Please have a look at [www.bambootextiles.com.au](http://www.bambootextiles.com.au) for further information and the full colour range available.

FF-71-1	<b>Extra Thick</b> - Sizes M6-10 W8-11 , 10-14 and M4-6 W 6-8 \$13.50 per pair or \$25.00 for 2 pair	\$13.50
FF-71-2	<b>Extra Thick - Extra Long ( Calf length)</b> - Sixes M 6-10, W 8-11 , 10 - 14 - \$15.50 per pair or \$30.00 for 2 pair. Not all colours available	\$15.50

## Silk Ties and Cuff Links from London

These are made by Soprano Ties London. A full catalogue is available on their web site [www.soprano-ties.com](http://www.soprano-ties.com). I have an initial supply of the Country Range of fishing themed ties and cuff links. Other themes and plain ties and cuff links are available. Refer pictures of the ties and cuff links I have in stock however if there is something of interest on their web site please let me know. Patterns and colours [www.soprano-ties.com](http://www.soprano-ties.com)

FF-72-1	<b>Cuff Links</b> - All cuff links are packaged in presentation boxes	\$35.00
FF-72-2	<b>Silk Ties</b> - All ties are packaged in purpose made clear plastic sleeve	\$35.00

**Camo PowerCap and LED lights** - designed to give you hands free operation. The 4 LEDs provide approx 48 lumens and are concealed under the brim. A convenient on / off button is also concealed under the brim which makes operation simple. 2 Leds are angled at 25 degrees to give you light up close - perfect for fly changing etc in fading light. 2 addition LEDs provide forward lighting for more than 10 meters. Powered by 4 CR2032 standard Coin Cell batteries which are readily available. Batteries are housed in a small plastic cylinder which is hidden in the hat sweatband.

I attach my Hat Eyes to the cap to give me a total package for day and night fishing. I fold them back under the brim when not in use. If you need glasses to attend to flies in fading light or day light, I would recommend Hat Eyes to save yourself fiddling with glasses . I will package Camo PowerCap and a set of Hat Eyes to suit your requirements .

FF-73-1	<b>Camo PowerCap</b> - includes batteries	\$28.50
FF-73-2	<b>Camo PowerCap and Hat Eyes</b> with lens of your choice	\$60.00

**Collapsible Wading Stick** - Fully extends to 110mm and has a shock absorber feature which removes the jarring along arm when walking. Also fitted with rubber sand support attachment to assist walking in softer surfaces

FF-74-1	<b>Collapsible Walking stick</b> - available in Black, Green and Blue	\$35.00

### Lansdown Hunting and Fishing jumpers - Wales UK.

Made in Wales these are purpose made items with additional room in the armpit area to allow uninhibited movement. They are very well made, machine washable and very comfortable. Approximately 12 years ago I purchased one of the Heavy weight V neck jumpers with padded shoulders and elbow pads whilst I was living in London. This is a triple thickness jumper that I cant wear out !! The walled composition of the jumper range provides wind and shower proofing and the polypropylene fibre wicks moisture away from the wearer preventing discomfort from the rain. Many people have commented on my jumper so I have decided to share the opportunity. You will not be disappointed and it will last and keep you warm and dry. Please look at [www.lansdowncountry.co.uk](http://www.lansdowncountry.co.uk) under category Shooting Clothing for the range available. I have some of this range in stock and will increase stock over time. If there is anything of interest please contact me and we can discuss how best to address your requirements. I don't have all sizes at the moment, however I can have them made available for you if there is an interest.

FF-80-1	<b>Medium Weight - V Neck with patches</b> - available in S, M, L, XL, XXL and XXL	\$120.00
FF-80-2	<b>Medium Weight - Crew with patches</b> - available in S, M, L, XL, XXL and XXL	\$120.00
FF-80-3	<b>Medium Weight - Half Zip with patches</b> - available in S, M, L, XL, XXL and XXL	\$125.00
FF-80-4	<b>Heavy Weight - V Neck with patches</b> - available in S, M, L, XL, XXL and XXL	\$120.00
FF-80-5	<b>Heavy Weight - Crew with patches</b> - available in S, M, L, XL, XXL and XXL	\$120.00
FF-80-6	<b>Heavy Weight - Half Zip with patches</b> - available in S, M, L, XL, XXL and XXL	\$125.00
