Cell phones at camp just lead to homesickness. Don't ruin your scout (and Scoutmaster's) week.

We had a scout show up at Webelos Woods last year with a sling shot and promptly shot someone, so it needs to be said. Don't even think it.
I never carry a knife camping with more than a 2" blade. Large knives in small hands lead to big problems.

Only service animals allowed.

Can you say illegal?

Can you say stupid and illegal?

The camp will provide any necessary equipment and ammo.

Why is it needed?
