Request For Retirement Annuity Computation

You may request a retirement annuity estimate if you are within five years of retirement. Please submit only one request in a 12 month period unless there are extenuating circumstances. Requests may include up to two retirement dates for comparison purposes. Environmental pay and/or shift differential is not included in estimates but will be included by the Office of Personnel Management in your final annuity computation after you retire.

Once you complete this form mail or fax it to the Civilian Benefits Center at the address on the back of this form. You can expect to receive your estimate within 30 calendar days from the date your request was received by the Civilian Benefits Center.

How to Apply For Retirement

At least 120 days prior to your retirement notify your supervisor that you plan to retire. Your supervisor will initiate an electronic Request for Personnel Action, ask you to sign a copy of the form and send it to the Civilian Benefits Center. Your supervisor does not have to submit the Request for Personnel Action if you are applying for disability retirement.

You must complete the retirement application and submit it to the Civilian Benefits Center at least 120 days prior to your retirement date. You may download the retirement package from the Civilian Human Resources Web site at <http://www.public.navy.mil/donhr/Benefits/retirement/Pages/Default.aspx> or you may call the Benefits Line at 888-320-2917 and request that a package be mailed to you.

As part of your financial planning for retirement, you should remember that as soon as the Office of Personnel Management (OPM) receives your retirement records, you will be placed in an interim pay status so you will have income while OPM processes your application. The interim check is 70 – 80% of your full annuity. You may remain in an interim pay status for 6-8 months before OPM finishes processing your application.
