Sketch Building Layout

A large empty rectangular box for sketching the building layout. In the bottom right corner of the box, there is a north arrow symbol consisting of a vertical line with 'N' above it, a horizontal line with arrows at both ends, and a downward-pointing arrow.

Sketch Service Entrance and Metering Arrangement (Apartment Number)

A large empty rectangular box for sketching the service entrance and metering arrangement, including the apartment number.

Xcel Energy requires accurate labeling on meter panel, corresponding distribution panels and customer gas piping BEFORE the meters will be installed. The meter socket shall be marked with a stamped plastic, brass, aluminum or stainless steel tag or a weather-resistant sticker securely attached to the meter socket. The stamped tag or permanent sticker shall be attached to the exterior, non-removable portion of the meter socket and at the individual meter main disconnect. Any other means of identification is not acceptable.

Electrician/Gas Contractor Signature & Date _____

Owner Signature & Date _____

Any changes to the above layout could result in additional charges to the owner.

Fold over and mail to address on back or fax this completed form to your local site office.
