

STAFF SUMMARY FOR FEBRUARY 10-11, 2016

8. ELECTRONIC REPORTING OF MARINE LOGBOOKS (CONSENT)**Today's Item**Information ☐Action ☒

Authorization to publish notice of intent to change requirement for maintaining fishing activity records and logbooks.

Summary of Previous/Future Actions

- **Today's notice hearing** **Feb 10-11, 2016; Sacramento**
- Adoption hearing **Apr 13-14, 2016; Santa Rosa**

Background

Current regulations require the owners and operators of commercial fishing vessels, holders of commercial fishing licenses or permits participating in specified fisheries, and the owners and license holders of commercial passenger fishing vessels, to keep and submit complete and accurate records of fishing activities on paper "logbooks" provided by DFW. Due to advances in computer and internet technology and the use of handheld devices by many businesses, including the fishing industry, it is necessary that DFW update its processes to permit electronic reporting.

Electronic reporting of fishing activities will result in both time and financial savings by the industry. In addition, more accurate and timely electronic reporting of fish harvest will enable DFW to better monitor the fishing effort and make sound scientific management decisions. Therefore, DFW proposes revisions to Section 190 which requires the keeping of fishing records, adding that such records may be kept and submitted electronically on the DFW website. Whether on paper or in electronic form, the information collected is the same. The regulation further clarifies that it is necessary to keep the logbook aboard the vessel and available for inspection when requested by DFW.

Significant Public Comments (N/A)**Recommendation**

FGC staff: Authorize publication of the notice as recommended by DFW.

DFW: Authorize publication of the notice.

Motion/Direction

Moved by _____ and seconded by _____ that the Commission adopts the Consent Calendar, items 8-11.

State of California
Department of Fish and Wildlife

Memorandum

Date: January 15, 2016

To: Fish and Game Commission

From: Charlton H. Bonham
Director

Subject: **Agenda Item for the February 10-11, 2016, Fish and Game Commission Meeting regarding Proposed Amendments to Sections 190 and 195, Title 14, California Code of Regulations (CCR)**
Re: Fishing Activity Records and CPFV Logbooks

The Department of Fish and Wildlife (Department) requests that the Fish and Game Commission (Commission) authorize publishing notice of its intent to amend the current requirements for maintaining fishing activity records and logbooks. In addition, we are proposing to amend the Commercial Passenger Fishing Vessel (CPFV) logbook forms (DFW 195A and 195B).

Section 190 requires that logbooks be completed for specified fisheries (i.e., trawl, trap, live bait, market squid, etc.). Section 195 includes specific requirements for CPFV logbooks.

The Department has embarked on a comprehensive series of projects to develop electronic reporting for commercial marine fisheries. Providing the fishing industry the opportunity to enter and submit fishing data to the Department electronically is expected to save time and money for both the fisheries and the Department, provide more accurate data on which to base fishery management decisions, and improve the enforceability of both hardcopy and electronic log book requirements.

If you have further questions or need additional information, please contact Dr. Craig Shuman, Regional Manager, Craig.Shuman@wildlife.ca.gov, or by telephone at (805) 568-1246. The public notice for this rulemaking should identify Environmental Program Manager, Katie Perry as the Department's point of contact. Ms. Perry can be reached at (916) 445-6456 or by email at Katie.Perry@wildlife.ca.gov.

- 120(f) Shrimp/Prawn Trawl Log, DFG 120
- 120.7(m) Sea Urchin fishing activities form, DFG-120.7
- 122(p) Daily Lobster Log, DFG 122
- 149(e) Market Squid Vessel Logbook - DFG 149a
Market Squid Light/Brail Boat Logbook - DFG 149b
- 158(a) Live Bait Log, DFG 158
- 176 Trawl Trip Log, DFG 176
- 180(d) Daily Trap Log, DFG 180A (10/89)
Daily Sablefish Trap Log, DFG 180B
- 195(a) CPFV Log, Central and Northern California, DFW 195A
CPFV Log, Southern California, DFW 195B

The Department has embarked on a comprehensive series of projects to develop electronic reporting for commercial marine fisheries. When completed, the projects will include web based user interfaces that offer commercial fishermen the option to submit electronic fishing activity records instead of paper logs.

Subsection 195(a) of the current regulations, Commercial Passenger Fishing Vessels (CPFV), needs to clearly reference the requirements as specified in amended Section 190. The forms for CPFV, DFW195A and 195B with instructions, are incorporated by reference in order to reduce redundancy; therefore, it will not be necessary to duplicate the forms in Appendix A of Title 14.

The first electronic logbook to be developed is the CPFV logbook. The CPFV electronic log has been tested in the field by a group of commercial fishermen and is ready to be used throughout the State. Screenshots of the new electronic form 195 are attached as Exhibit A.

Transitioning from paper logs to electronic logs will provide several benefits to commercial fishermen and the Department including:

1. Time savings by reducing the amount of time spent completing, packaging and mailing logs to the Department;
2. Ease of record storage and maintenance for business purposes;
3. Built-in checks and validations in electronic logs will result in more accurate fisheries data on which the Department and the Commission can base management decisions.
4. Use of electronic logs will likely result in more timely submission and improved compliance with log submission requirements, again resulting in more accurate fisheries data.
5. Electronic logs will provide for ease of information storage, data manipulation for research, production for legal reasons and information sharing with other fishery management agencies and law enforcement.
6. Use of electronic logs will result in reduced costs for the Department by eliminating the design, printing and distribution costs of printed logbooks and a decrease in the cost of data editing and entry.

Without the proposed regulatory changes, electronic logs will not serve in lieu of paper logs, operators will still be required to submit paper logs for all fishing activities, and the benefits identified with electronic reporting will not be realized.

Proposed Regulations

- Section 190 is amended to add that records may be completed and submitted on the Department's web site at <https://apps.wildlife.ca.gov/marinelogs>.
 - Other minor revisions are proposed which clarify that the participant may choose either electronic or paper format but not both.
 - Clarifies that fishing activity records shall be called logbooks which is the common term for these reports.
 - Adds that logbooks shall be made available to authorized representatives of the department for inspection.
 - The subsections have been edited and renumbered for clarity.
- Subsection 195(a) is amended providing that logbooks are to be kept "pursuant to Section 190".
 - The subject forms, DFW 195A and DFW 195B, with instructions, are incorporated by reference, and the provision that the forms appear in Appendix A is deleted.
 - The current provisions in subsections (a)(1)-(5) are deleted because they appear in the form instructions.
 - The subsections have been edited and renumbered for clarity.
- Forms DFW 195A (Exhibit B) and DFW 195B (Exhibit C) have been updated and incorporated by reference in regulation.
 - The instructions have been edited to include the deleted language from current regulation which relates only to the use of the forms, including subsections (a)(1), (a)(2), (a)(3), (a)(4), and (a)(5).
 - The revision date will be 01/16.

(b) Authority and Reference Sections from Fish and Game Code for Regulation:

Section 190: Authority: Sections 7071, 7920, 7923, 7924, 8026 and 8587.1, Fish and Game Code. Reference: Sections 7055, 7056, 7058, 7060, 7923, 7924, 8026 and 8587.1, Fish and Game Code.

Section 195: Authority: Sections 7071, 7920, 7923, 7924, 8026 and 8587.1, Fish and Game Code. Reference: Sections 7055, 7056, 7058, 7060, 7120, 7850, 7923, 7924, 8026 and 8587.1, Fish and Game Code.

(c) Specific Technology or Equipment Required by Regulatory Change: None.

(d) Identification of Reports or Documents Supporting Regulation Change: None.

(e) Public Discussions of Proposed Regulations Prior to Notice Publication:

No public meetings are being held prior to the notice publication. The 45 day comment period provides adequate time for review of the proposed amendments.

IV. Description of Reasonable Alternatives to Regulatory Action:

(a) Alternatives to Regulation Change:

No alternatives were identified by or brought to the attention of Commission staff that would have the same desired regulatory effect.

(b) No Change Alternative:

If the original regulations are retained, the Department will not be able to conduct business using the internet and commercial fishers will continue to use paper forms to record their fishing activities.

(c) Consideration of Alternatives:

In view of information currently possessed, no reasonable alternative considered would be more effective in carrying out the purpose for which the regulation is proposed, would be as effective and less burdensome to affected private persons than the proposed regulation, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

V. Mitigation Measures Required by Regulatory Action:

The proposed regulatory action will have no negative impact on the environment; therefore, no mitigation measures are needed.

VI. Impact of Regulatory Action:

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. Electronic reporting of fishing activities in lieu of paper forms is voluntary at this time.

- (b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses, or the expansion of businesses in California because the proposed regulations will not change the level of commercial fishing activity in the state.

The Commission does not anticipate any benefits to the health and welfare of California residents, worker safety, or the environment.

- (c) Cost Impacts on a Representative Private Person or Business:

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

- (d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State: None.

- (e) Nondiscretionary Costs/Savings to Local Agencies: None.

- (f) Programs Mandated on Local Agencies or School Districts: None.

- (g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code: None.

- (h) Effect on Housing Costs: None.

VII. Economic Impact Assessment:

- (a) Effects of the Regulation on the Creation or Elimination of Jobs Within the State:

The cumulative effects of the changes statewide are expected to be neutral with regard to the creation or elimination of jobs within the State.

- (b) Effects of the Regulation on the Creation of New Businesses or the Elimination of Existing Businesses Within the State:

The cumulative effects of the changes statewide are expected to be neutral with regard to the creation of new businesses or the elimination of existing businesses within the State.

- (c) Effects of the Regulation on the Expansion of Businesses Currently Doing Business Within the State:

The cumulative effects of the changes statewide are expected to be neutral with regard to expansion of businesses currently doing business within the State.

(d) Benefits of the Regulation to the Health and Welfare of California Residents:

The cumulative effects of the changes statewide are expected to be neutral with regard to the health and welfare of California residents.

(e) Benefits of the Regulation to Worker Safety:

The cumulative effects of the changes statewide are expected to be neutral with regard to worker safety.

(f) Benefits of the Regulation to the State's Environment:

The cumulative effects of the changes statewide are expected to be neutral with regard to the state's environment.

(g) Other Benefits of the Regulation:

Operators will save time associated with completing, packaging and mailing hardcopy forms to the Department. Electronic records of fishing activities will be easier to maintain for business purposes. Operators will be able to use electronic records to comply with fishing activity reporting requirements of the Mexican government for those California vessels fishing south of the border. The Department will experience a savings in staff time associated with editing and entering hardcopy forms into an electronic database. With built-in checks and validations, electronic fishing records will provide the Department and the Commission with more accurate data on which to base management decisions.

Informative Digest/Policy Statement Overview

Current regulations in Title 14, CCR, require that the owners and operators of commercial fishing vessels, holders of commercial fishing licenses or permits participating in specified fisheries, and the owners and license holders of commercial passenger fishing vessels, keep and submit complete and accurate records of fishing activities on paper “logbooks” provided by the Department. Due to advances in computer and internet technology and the use of handheld devices by many businesses, including the fishing industry, it is necessary that the Department update its processes.

Proposed Regulations

- Section 190 is amended to add that records may be completed and submitted on the Department’s web site at <https://apps.wildlife.ca.gov/marinelogs>.
 - Other minor revisions are proposed which clarify that the participant may choose either electronic or paper format but not both.
 - That fishing activity records shall be called logbooks which is the common term for these reports.
 - Logbooks shall be made available to authorized representatives of the department for inspection.
 - The subsections have been edited and renumbered for clarity.
- Subsection 195(a) is amended providing that records are to be kept “pursuant to Section 190”
 - The subject forms, with instructions, are incorporated by reference, and the provision that the forms appear in Appendix A is deleted.
 - The current provisions in subsections (a)(1)-(5) are deleted because they appear in the form instructions.
 - The subsections have been edited and renumbered for clarity.
- Forms DFW 195A and DFW 195B have been updated and incorporated by reference in regulation.
 - The instructions have been edited to include the deleted language from current regulation which relates only to the use of the forms, including subsections (a)(1), (a)(2), (a)(3), (a)(4), and (a)(5).
 - The revision date will be 01/16.

BENEFITS OF THE PROPOSED REGULATIONS

Permitting the use of electronic reporting is in line with the increasing use of computer and internet technology and the use of handheld devices by many businesses including the fishing industry. The proposed regulations could reduce the time required for making reports and will improve the accuracy of the data. Additionally, electronic reporting will improve the Department’s data collection and ability to monitor and manage fish populations.

EVALUATION OF INCOMPATIBILITY WITH EXISTING REGULATIONS:

Section 20, Article IV, of the State Constitution specifies that the Legislature may delegate to the Fish and Game Commission such powers relating to the protection and propagation of fish and game as the Legislature sees fit. The Legislature has delegated to the Commission the power to regulate the activities of commercial fishing vessels and to monitor the take of fish. The Commission has searched the CCR for any regulations regarding other authority and has found no such regulation; therefore the Commission has concluded that the proposed regulations are neither inconsistent nor incompatible with existing State regulations.

DRAFT

Regulatory Text

Section 190, Title 14, CCR, is amended to read:

§190. Fishing Activity Records.

(a) Pursuant to ~~§~~sections 7923 and 8026, Fish and Game Code, the owner and operator of a commercial fishing vessel or the holder of a commercial fishing license or permit participating in specified fisheries, and the owner and license holder of a commercial passenger fishing vessel shall keep and submit a complete and accurate record of fishing activities.

~~(a)-(b)~~ Fishing activity records shall be kept on paper forms provided by the department or on the electronic version on the department web site at <https://apps.wildlife.ca.gov/marinelogs>, hereafter referred to as logbook(s) for purposes of this section.

~~(b)~~ Fishing activity records ~~(c)~~ Logbooks shall be kept on the vessel while it is engaged in, or returning from, fishing operations and shall be made available to authorized representatives of the department for inspection. Unless otherwise specified in Title 14, CCR, ~~fishing activity records logbooks~~ shall be completed immediately with all available information when any of the following first occurs:

- (1) prior to passengers or crew disembarking from the vessel, or
- (2) at the time of receipt, purchase, or transfer of fish, or
- (3) at the end of the calendar day (24 hour clock) during fishing activity through the night.

~~(c)~~ Fishing activity records ~~(d)~~ If the logbook is kept on paper it shall be delivered to the department at 4665 Lampson Avenue, Suite C, Los Alamitos, CA 90720, or such other department office as may be specified in regulation on or before the 10th day of each month following the month to which the records pertain. ~~Fishing activity records Logbooks~~ that are mailed shall be postmarked on or before the 10th day of each month following the month to which the records pertain.

~~(d)-(e)~~ Failure to keep and submit required ~~records of fishing activity logbooks~~ may result in revocation or suspension (including non-renewal) of the license or permit for the taking of all fish or for the particular species for which the records are required, by the ~~D~~department, for a period not to exceed one year. Any revocation, suspension or nonrenewal may be appealed to the ~~C~~commission.

~~(e)~~ All ~~fishing activity records~~ ~~(f)~~ Logbooks shall be deemed confidential upon receipt by the ~~D~~department.

Note: Authority cited: Sections 7071, 7920, 7923, 7924, 8026 and 8587.1, Fish and Game Code. Reference: Sections 7055, 7056, 7058, 7060, 7923, 7924, 8026 and 8587.1, Fish and Game Code.

Regulatory Text

Section 195, Title 14, CCR, is amended to read:

§195. Report of Fish Taken To Be Made by Owner of Barge or Vessel for Hire, and Boat Limits.

~~(a) Records required by Sections 7923 and 8026 of the Fish and Game Code shall be made on forms provided by the department entitled COMMERCIAL PASSENGER FISHING VESSEL LOG, CENTRAL AND NORTHERN CALIFORNIA, DFW 195A (02/13), or COMMERCIAL PASSENGER FISHING VESSEL LOG, SOUTHERN CALIFORNIA, DFW 195B (02/13), see Appendix A, and hereafter referred to as logbook for purposes of this section. The logbook shall include the following information and be completed and available for inspection as specified in this section:~~

~~(1) A full and correct record of fish taken, including species or specified species groups, filled out before the trip is completed as provided in subsection 190(b). The names used for designating the species of fish shall be those in common usage unless otherwise designated by the department.~~

~~(a) Pursuant to Section 190 the owner/operator of a commercial passenger fishing vessel shall keep a logbook of fishing activities.~~

~~(A) Form DFW 195A(1) The form entitled Commercial Passenger Fishing Vessel Log, Central and Northern California, DFW 195A (Rev 01/16), incorporated by reference herein, shall be used when the vessel is engaged in fishing north of Point Conception.~~

~~(B) Form DFW195B(2) The form entitled Commercial Passenger Fishing Vessel Log, Southern California, DFW 195B (Rev 01/16), incorporated by reference herein, shall be used when the vessel is engaged in fishing south of Point Conception.~~

~~(2) The owner/operator copy of the logbook shall be maintained and kept on the vessel for a period of one year, and upon request, shall be made available for inspection by any authorized representative of the Department.~~

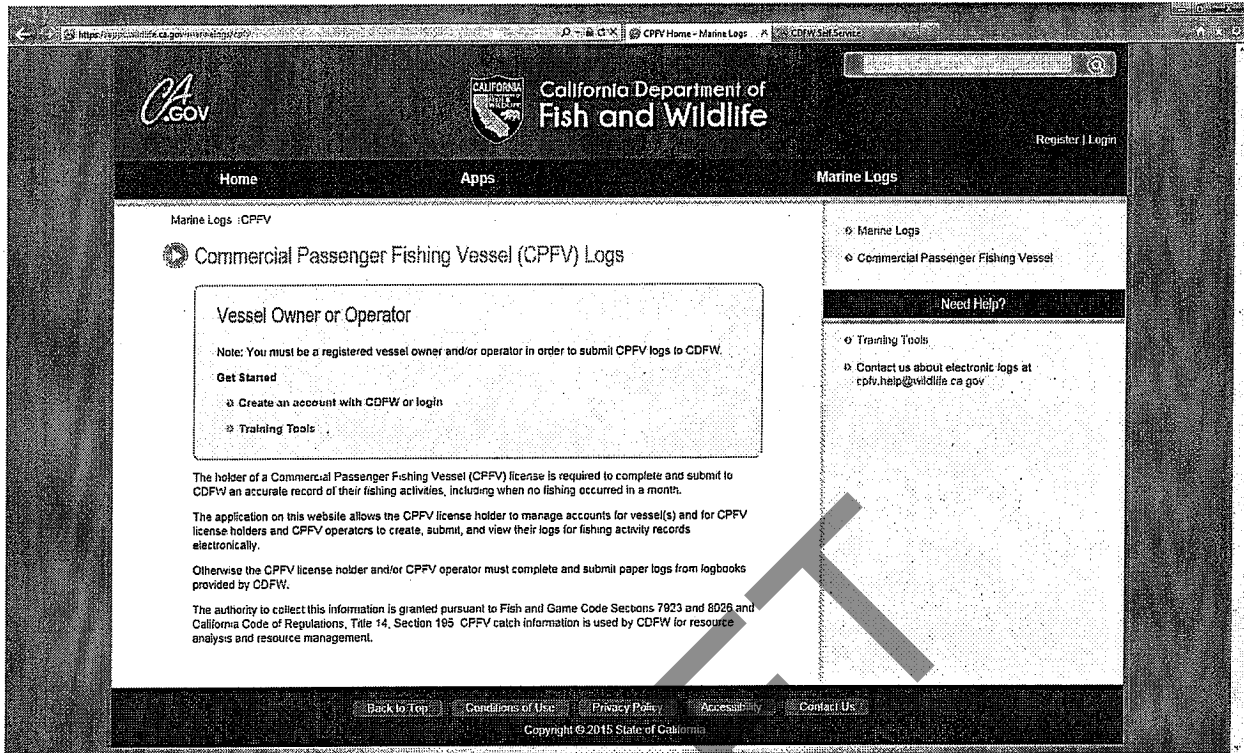

~~(3) The numbered logbook shall be completed sequentially. A voided log shall have the word "Void" plainly and noticeably written on the face of the log.~~

~~(4) For months when no fishing activity occurred, a log shall be completed on the last day of the month with an entry made clearly indicating that no fishing activity occurred for the month specified by the owner/operator. All logs shall be kept and delivered to the department as specified in Section 190.~~

~~(5) A commercial passenger fishing vessel shall keep and submit logbooks whether or not the fishing trip involves paying or non-paying anglers.~~

...[No changes to subsections (b) through (g)]

Note: Authority cited: Sections 7071, 7920, 7923, 7924, 8026 and 8587.1, Fish and Game Code. Reference: Sections 7055, 7056, 7058, 7060, 7120, 7850, 7923, 7924, 8026 and 8587.1, Fish and Game Code.

DUPLICATE: OPERATOR'S COPY

CPFV LOGBOOK FORM DFW 195A
IMPORTANT INSTRUCTIONS

Print neatly in black ink using block-style numbers and CAPITAL LETTERS ONLY.

Stay entirely within the boxes when filling in numbers or check marks.

1. Complete a separate log for each trip during a day or for each day of a multi-day trip.
2. Logs must be completed before the end of the trip.
3. Logs must be completed sequentially. Voided logs must have the word "Void" written plainly and noticeably on the face of the log.
- ~~2.~~ 4. For months when no fishing activity occurred, a log shall be completed on the last day of the month and the month written in the box indicating no fishing activity.
- ~~3.~~ 5. Print the vessel name, vessel number, port of landing, port code, and date clearly.
- ~~4.~~ 6. Prior to departure, record the total number of crew members that will fish on the trip, including the skipper (operator), at the bottom right of the log, after the operator's signature.
- ~~5.~~ 7. Check the appropriate boxes for Target Species, Fishing Method, Bait, Trip Type, Descending Device and Bird Interactions. Bird interactions consist of birds eating chum, bait on a hook or the hooked fish.
- ~~6.~~ 8. Departure and return times should be in military time, i.e. 06:20 hours, 23:15 hours, etc. The date of the trip should be the day you departed the dock.
- ~~7.~~ 9. On multi-day trips, enter the appropriate date on each log. Record departure time only on the day of departure and enter 25:99 in the return time box (unless an unscheduled return time is made the same day). On the day of return, record return time only and enter a 25:99 in the departure time box. Between the day of departure and the day of return, enter a 25:99 in both the departure and return time boxes. Enter hours and minutes fished only on those days that fishing occurs.
- ~~8.~~ 10. Record the total number of fishers who will fish on the trip. This shall include passengers, operators, crew, and non-paying guests who will fish.
- ~~9.~~ 11. Record the Origin Block number, Depth in feet, and Sea Surface Temperature in Degrees Fahrenheit (°F) where most of the fish are caught or if no catch is made, where most of the fishing takes place.
- ~~10.~~ 12. Record a full and correct total number of each species of fish taken, thrown back, or Lost to sea lions, on each line item regardless of who landed or released the fish. If the species is not listed on the form use the space provided to print the common name.
- ~~11.~~ Print the names and number of any misc. species kept, thrown back or lost to sea lions.
- ~~12.~~ 13. Upon completion of the trip, the total number of fish caught and retained by the Operator and crew must be recorded in the second space provided following the operator's signature.
14. The owner/operator copy of the logbook must be maintained and kept on the vessel for one year, and must be made available to authorized representatives of CDFW for inspection.

CPFV LOGBOOK FORM DFW 195B
IMPORTANT INSTRUCTIONS

Print neatly in black ink using block-style numbers and CAPITAL LETTERS ONLY.

Stay entirely within the boxes when filling in numbers or check marks.

1. Complete a separate log for each trip during a day or for each day of a multi-day trip.
2. Logs must be completed before the end of the trip.
3. Logs must be completed sequentially. Voided logs must have the word "Void" written plainly and noticeably on the face of the log.
- ~~2.~~ 4. For months when no fishing activity occurred, a log shall be completed on the last day of the month and the month written in the box indicating no fishing activity.
- ~~3.~~ 5. Print the vessel name, vessel number, port of landing, port code, and date clearly.
- ~~4.~~ 6. Prior to departure, record the total number of crew members that will fish on the trip, including the skipper (operator), at the bottom right of the log, after the operator's signature.
- ~~5.~~ 7. Check the appropriate boxes for Target Species, Fishing Method, Bait, Trip Type, Descending Device and Bird Interactions. Bird interactions consist of birds eating chum, bait on a hook or the hooked fish.
- ~~6.~~ 8. Departure and return times should be in military time, i.e. 06:20 hours, 23:15 hours, etc. The date of the trip should be the day you departed the dock.
- ~~7.~~ 9. On multi-day trips, enter the appropriate date on each log. Record departure time only on the day of departure and enter 25:99 in the return time box (unless an unscheduled return time is made the same day). On the day of return, record return time only and enter a 25:99 in the departure time box. Between the day of departure and the day of return, enter a 25:99 in both the departure and return time boxes. Enter hours and minutes fished only on those days that fishing occurs.
- ~~8.~~ 10. Record the total number of fishers who will fish on the trip. This shall include passengers, operators, crew, and non-paying guests who will fish.
- ~~9.~~ 11. Record the Origin Block number, Depth in feet, and Sea Surface Temperature in Degrees Fahrenheit (°F) where most of the fish are caught or if no catch is made, where most of the fishing takes place.
- ~~10.~~ 12. Record a full and correct total number of each species of fish taken, thrown back, or Lost to sea lions, on each line item regardless of who landed or released the fish. If the species is not listed on the form use the space provided to print the common name.
- ~~11.~~ Print the names and number of any misc. species kept, thrown back or lost to sea lions.
- ~~12.~~ 13. Upon completion of the trip, the total number of fish caught and retained by the Operator and crew must be recorded in the second space provided following the operator's signature.
14. The owner/operator copy of the logbook must be maintained and kept on the vessel for one year, and must be made available to authorized representatives of CDFW for inspection.
