Subject: Annual Registration of Generally Licensed Devices

Date: 9/09/05

Dear Agency:

TAMKO Roofing Products, Inc. located at (b)(7)(F) has received the annual registration form, which is completed and enclosed.

One item that is in need of removal is the NRC Device Key # 665856, which was incorrectly noted on the received form. We do not have this unit nor has this item listed in our past inventory of devices at this location. It appears the unit's written description was duplicated in the registration process. In the section 4, (NRC Device Key 665856), was noted as "Never Possessed the Device".

This item correction was requested last year (2004), as well, but was not removed. Please update your records and delete the duplication.

The annual registration fee, of \$610.00, is enclosed (check # 447607).

I hope this has been helpful and if you have questions or comments feel free to contact me at 1-417-624-6644 ext. 3729.

Respectfully,

A handwritten signature in black ink, appearing to read "Ken Witt", written over a circular scribble.
