THE NEED

In the past 20 years Christianity has been removed and even banned from South African Government Schools. This has created a negative culture amongst students with many turning to lives involving violence and crime. Statistics in South Africa show that of all people making a decision for Christ, the most (80-85%) do so under age 18. Students are in desperate need of the Good News.

YOU ARE THE ANSWER

Many of these students have never been told that there is a God who created them, who loves them and who has a purpose for their lives. **This is a message they need to hear.** Through our partnership with Bible League in South Africa and by getting involved in **Run4Bibles** you are making sure that these South African Students will receive the answer that they've been searching for.
