Journey Parents

Dear Parents,

Our goal in Awana® is to work alongside parents to train children and youth to grow into adults who know, love and serve the Lord. We recognize that parents are the primary spiritual nurturers of their children and we want to do all we can to help. Our desire is to provide you with the tools that enable you to be involved with the curriculum your child is studying.

Your children are now in high school. They are on the brink of adulthood, yet you occasionally still see glimpses of the little kid they once were. At other times, you gasp in amazement as they respond with astounding maturity.

We want our teens to face the world strong in their faith, no matter what's ahead on their life's journey. We want them to understand that life can be difficult, but also to rest in the life-supporting perspective that God is sovereign.

The Journey™ curriculum focuses on teaching teens to make life choices with that Christ-centered perspective. They can trust in Him. To help you, the parent, familiarize yourself with what your teen is learning at Journey, we provide these Parent's Guides which offer a summary of the lessons and discussion questions to get a conversation going with your teen.

We hope you find these guides helpful. We are thankful for the privilege of working alongside you in discipling your teens to know, love and serve the Lord Jesus Christ.

We can think of no task more worthwhile.

If you have any questions, please talk to your teen's leader.

Praying for you,

The Awana Youth Ministries™ Team

IN A NUTSHELL

Apologetics is the defense of Christianity with intellectual arguments.

SUMMARY

Every day your faith is put on trial. When your faith is on the defense you may wonder how to get it to the offensive position.

Apologetics can help you know what you believe and why you believe it. Over the next 12 weeks the lessons will show how various religions and atheists view Christianity. One goal of the lessons is to enable you to present Christianity to nonbelieving friends in a way that makes sense.

THE NEXT STEP

This is the first of many lessons in which your teenager will explore the truth claims of Christianity. Ask your teenager to write down some of the things he hears from his nonbelieving friends regarding Christianity or other religions.

You can encourage your teenager in his pursuit of truth. Keep this list – you'll put it to use in the **Next Step** of Lesson 12. Your teenager should be able to look back on his questions and respond to the questions at the end of this 12-week study.

IN A NUTSHELL

God has revealed Himself through creation and through the person of Jesus Christ.

SUMMARY

Although we can't "prove" that God exists, there is plenty of evidence around us that point to God's existence. For example, the law of cause and effect states that something doesn't happen unless something else causes it to happen. There is also order and design in the universe which points to a creator who is purposeful and powerful. The lesson also makes four other "arguments" that will help your teenager see God's hand in everything.

THE NEXT STEP

Go for a walk or play a pickup game of your teenager's favorite sport. Engage in conversation about the laws of nature (when you throw a ball up, it comes down etc.). Use this time to help your son see God's purposefulness in creation.

IN A NUTSHELL

Jesus Christ's character is evidence that He is God.

SUMMARY

People often argue that Jesus was not God. By looking at His life, words and even His death, a case can be made to show otherwise. Using four examples, this lesson shows that Jesus is either a deceiver, a madman, a legend or He is, indeed, God.

Jesus also showed His divinity by His sinless character, His power over nature and His power over life and death.

THE NEXT STEP

Using Mark 4:35-5:43, show and discuss Jesus' power over the elements, demons, and life and death.

After studying the passage, together go out for a meal. Ask your teenager if he is having trouble trusting God's power over any part of his life. Offer encouragement and spend time praying together.

History and the Bible give proof that Jesus Christ rose from the dead.

SUMMARY

Because of the evidence of the Church, the Christian day of worship, the empty tomb, the resurrection, the appearances and the changed lives of believers, we can have confidence that Jesus Christ rose from the dead.

THE NEXT STEP

Can you imagine how hopeless life would be if Christ never rose from the dead? Praise God we don't even have to worry about that! We are people, God's people, with purpose! Because we have hope we can live with confidence. Have your teenager invite a nonbelieving friend over for dinner and games. Encourage him to share his faith with his friend over the course of the evening.

IN A NUTSHELL

History and textual evidence show that the Bible is reliable.

SUMMARY

How do you know the Bible is accurate? There are three tests Bible scholars use in order to see if the Bible is accurate.

The first test is the bibliographic test, which compares manuscripts with reliable sources such as the Dead Sea Scrolls or the Septuagint. The second test is the internal test, which looks at the claims the writings make about themselves. For example, does the Bible claim to be the Word of God? Finally, the external test checks the Bible's claims against other historical writings.

Putting together the books of the Bible was no easy task. People spent endless hours tirelessly working to make sure what we have today is reliable. The 66 books of the Bible are called the canon.

THE NEXT STEP

Has the Bible made your life different? How? By seeing the effects of God's Word in your life, you can know its value.

Discuss with your teenager how God's Word doesn't return void. Use a sermon from church, if possible, to point out how God's Word is working to either convict (if the passage was on getting rid of sin) or encourage (if the passage was encouraging).

IN A NUTSHELL

The fulfillment of prophecy gives evidence that the Bible is God's Word.

SUMMARY

We can know that the Bible is God's Word by the evidence of the Bible writers, because they claimed to be writing God's Word. The writers were not all alike either. The writers included kings, prophets, fishermen, doctors, tax collectors and more!

We can also know the Bible is God's Word because Jesus quoted the Old Testament often. He also promised that everything the Scriptures said would come true.

Finally, we can know the Bible is God's Word because of prophecy. In the Old Testament, several promises were made about the coming Messiah. Christ fulfilled those prophecies, and we can know God is faithful to keep His promises to us.

THE NEXT STEP

In the beginning of the lesson, there is an argument from someone who does not believe that the Bible is God's Word. After doing the lesson, ask your teenager how she would respond to this comment. Ask her to use verses to back up what she is saying.

Archeology indicates that the Bible is historically accurate.

SUMMARY

Not only is archeology useful for helping us understand ancient civilizations but it also helps show the reliability and accuracy of the Bible.

Over time many excavations have taken place that give us windows into the past. Because of archeology, there are more than just clay pots in the way of discovery. Archeology gives evidence for the biblical Joseph, the brother who was sold into slavery in Genesis. There is also evidence for Jericho, Solomon, Luke's account of the census, Pilate and Nazareth!

THE NEXT STEP

These lessons have given several examples of evidence for backing up the claims that Christianity makes. Go through the previous lessons and write each subhead that begins with "Evidence" on a separate index card or piece of paper (there are 19 evidences listed in Lessons 1-7). Mix up the papers and have your teenager pull one out. Read it to him and ask him if he can summarize what that evidence is. Decide on a reward ahead of time. For example, he can download a song to his MP3 player for each right answer.

Geology gives evidence that a worldwide flood is true.

SUMMARY

Did you know that over 200 ancient and present civilizations report evidence of a worldwide flood? The way that the cultures present the information varies, but many report evidences of the flood. Geology also gives evidence of a worldwide flood – bone beds, inland bodies of water, coal beds, oil fields and mammoth bodies found in Siberia.

THE NEXT STEP

God made Noah a very substantial promise: God would never again flood the earth. Discuss the nature of God's promises with your teenager. Encourage her to be reading God's Word every day and taking the promises God makes seriously.

IN A NUTSHELL

Scripture backs up the findings of true science.

SUMMARY

It's important to not disregard science. But just because some people say that science backs up evolution doesn't mean that it does. God's Word and science are actually not in conflict. And while the Bible is not meant to be a scientific text book, Scripture has proven to be compatible with true science in many areas, including the first law of thermodynamics, the second law of thermodynamics, hydrology, astronomy, geology and physiology.

THE NEXT STEP

On a clear night, go for a walk with your teenager to a place where you can see the stars. Discuss the beauty of creation and how God made it for His glory and our enjoyment.

(The answer can be found under **Second Law of Thermodynamics**.)
10. What is the gap theory?
(The answer can be found under **Arguments for the Defense**.)

IN A NUTSHELL

Science supports the biblical account of creation.

SUMMARY

As it was mentioned in the last few lessons, something cannot come from nothing. This lesson explores the "Big Bang" theory and shows the teenagers again that God is the Creator who created things with intentionality and order. Scripture also tells us that God made individual types of animals, contrary to the evolutionary belief that modern types evolved from a common ancestor.

THE NEXT STEP

Take some time to read through Psalm 139 with your teenager. Use this time to encourage her by explaining she was created by a loving God who orders all things. While your teenager might hear daily that she came from a "bang," it's so much more encouraging to know that a loving God planned her into existence.

IN A NUTSHELL

Christianity is the only way to reconcile man to God.

SUMMARY

What makes Christianity different from other religions? While almost all religions have some form of the "golden rule" there are many other things that distinguish Christianity from other religions. For one, Christianity is the only religion that does not require any human effort. What Jesus did on the cross is sufficient to cover your sins. Christianity also promises assurance of salvation. Because Christianity is based on the work of Christ and not on human effort, there is no way to lose your salvation.

THE NEXT STEP

Does your teenager have a friend who believes in Hinduism, Islam, Judaism or Buddhism? If so, offer to take her to the library or do some research online with her to understand the basic beliefs of that religion. When your teenager is in a position to talk about faith with her friend, the conversation will be helped by the fact that your daughter knows what the other person believes. It will make it easier for her to share Christianity with her friend.

Faith on Trial

Lesson 12: **Closing the Gap**

Memory Verse: **Romans 10:17**

IN A NUTSHELL

Faith is solid,
absolute belief.

SUMMARY

Faith is a gift from God that allows us to trust Him. Faith also makes it possible to please God. Hebrews 11:1 tells us that if we don't have faith we can't please God. However, when we have faith in Jesus Christ's work on the cross for us, God sees us the way He sees Jesus. Jesus' righteousness is ours. That is the only way to please God.

Be confident in what Christ has done for you! Live out your faith by doing what God says.

THE NEXT STEP

Remember Lesson 1? In **The Next Step** of Lesson 1, it was suggested to have your teenager write down some arguments he heard from his friends or teachers against the claims of Christianity. Find that sheet again and look over the questions or comments. Ask him if, after these lessons, he feels better equipped to stand up for his faith as well as to understand more about what he believes. If he is still having doubts, have a question-and-answer time where you help him understand the questions he still has.
