

Connecting Cow Comfort to Productivity, Health, and Well-Being

Purpose

In 2015, the second educational program offered as part of Master Dairy Producer will focus on aspects of cow comfort and its relationship with productivity. Farmers interested in becoming a certified “Master Dairy Producer” will need to attend 2 of the various programs offered during 2015. We anticipate this certification will satisfy the educational component for those intending to apply for the 50% cost share through the TAEP program.
