

Online Synthetic Phonics Games!

Fun and lively games to take children and parents step by step through synthetic phonics, to ensure children's reading and spelling skills rocket out of this world!

Child Site

Your child sets off on a mission to rescue their superhero friends, who have been locked up by Dr. Lazy Bones. By completing games, covering the six essential reading and spelling skills, they unlock a hero. The online games are varied, fun and give over 30 hours of practice at the basic and advanced code.

180,423 children, in 1029 schools, in 45 countries use Get Reading Right.

You will need an internet connection to use this product. The games do not work on ipad or iphone.

Dear Parents,

At our school we use the Get Reading Right program to teach early reading and spelling. This program teaches children the phonemes, and then how to blend to read, and segment to spell words. The children have also been learning camera words, which are frequently used words that are tricky to sound out.

Recently an interactive games based website - Phonics Hero, was launched to reinforce the learning that is happening in our classrooms. As a school we can purchase a subscription for your child for ____ that lasts for one year (if you purchase online it is AUD \$49.99/HKD \$400 for 6 months!) This is a great resource to practice at home and to keep up children's learning through the holidays.

If you are interested in purchasing a subscription for your child at ____ for one year please send back your child's name and money to _____ by _____.

I would like to purchase a year subscription to Phonics Hero

for my child _____ class _____

Parent Name: _____
