

## RENDERED WALL SYSTEM

Thankyou for your enquiry about the Insulclad® Rendered Wall System.

To help us help you we will require some basic information about your project. In order to generate a bill of materials and subsequent ballpark quotation for your project, please advise us of the following information by completing this checklist.

**DATE:** \_\_\_\_\_

If your construction is a multi-storey one then repeat the below steps as separate for each level in the spaces provided

	FLOOR LEVEL		
	Ground	1st	2nd
Square metres of wall surface area (subtract square metres of total window/door area)			
Perimeter of house in metres (subtract any door openings greater than 900mm)			
Ceiling height in metres			
Number of external corners			
Linear metres around external doors and windows (do not include window sills)			
Linear metres of window sills			
Linear metres around garage openings			

**Plans will be required if your construction includes design elements that are to be cladded using the Insulclad® materials such as or similar to;**

- ☒ Tick which applies
- ☐ Gable ends      ☐ Parapet wall  
☐ Skillion roof      ☐ Raised FFL to ground floor on sloping ground  
☐ Balustrades      ☐ Balcony walls

### Choose your system configuration from the Insulclad® range
