

Student Membership Category

Aside: Junior Membership is open to Under18s (or until end of second level education) and they are members of the Junior Club.

The Student Membership category is available to members under 23 who are in full time third level or further education courses. Student Members are members of the Men's or Ladies Clubs and may compete in their scheduled competitions with the following restrictions

- Only Student Members with a handicap of 16 or less are eligible to compete in Monthly Medal and Captain's Prizes.
- A maximum allowable handicap of 18 (Mens) and 25 (Ladies) for team events

At the discretion of the club, some competitions may have a prize for Student category. The Student Membership category does not carry a voting right.

The club would like to provide Student Members the time to pursue employment opportunities after their full time education before they have to move to the Full Membership category. Therefore, approved Student Members may avail of the Student Membership rate until 23 (even if they have completed their course before this age), or, following approval of the committee on membership renewal, for 1 further year after completing a full time further education/third level course.

A Student Member may 'upgrade' their membership at any time before reaching 23 years in order to avail of the benefits of Full Membership.

Each membership application/renewal will require an accepted form of proof that the applicant is in, or has been in, full time education. (e.g. Student Card from college/institution, letter from college/institution confirming registration for full time course)

The Men's and Ladies Club committees will be required to approve all Student Membership applications/renewals on an individual basis and may ask for further information before approving the application/renewal.

Cost of Student Membership €250

(including GUI Levy)

In an effort to reduce costs to the club, we would like to deliver as much correspondence electronically as possible. This will include notification of meetings, details of competitions, sponsors etc. and will likely be delivered once per week in a newsletter format. **It is strictly for club use only.** We would hope that you will agree to this. If you are happy to allow the club use your electronic contact information for this purpose please tick here ☐
